Sweep the Flame of Resurrection through all my world today;
Let Its joyous, raising Presence ever with me stay!
Sweep It through me constantly, renewing every part -
Fulfilling all God's perfect Plan that's held within my heart!

Surge the Resurrection Flame through everything in me!
Let it now reveal the full perfection I should be!
Let it make me young and lovely; healthy, too, and wise;
Drawing forth God's Power to bring sight to blinded eyes!

Let me use Its power on those who cannot hear;
Let that hearing be restored - perfect, crystal clear!
Let this Resurrection Flame bring balance to each mind
That's lost its way, confused amid the shadows of mankind.

"I AM" the Resurrection and the Life of all I need!
Whether it be manifest as money, word or deed.
In short, the Resurrection Flame is God's great gift to me!
O Holy Christ Self, help me use it setting all Earth free!

Beloved Hearts of Light:

We are singularly blessed, and I might also say delightfully surprised during this current month's Transmission Flame Ceremony to find that the Beloved Spirit of the Resurrection Flame chose to address the assembled gathering. The essence of Her Outpouring was projected into the mental and emotional bodies of mankind everywhere through the medium of the outgoing breath, and should bring wonderful results in the quickening of the Flame in their hearts which causes, in turn, a hunger and thirst on the part of the individual for the things of the Spirit. Her radiation during the entire month should be tangibly felt by the sensitive chelas and students throughout the world.

The mental and emotional bodies are the instruments through which man's freedom is gained; therefore these should be educated, controlled, and consciously raised by the indwelling presiding intelligence. The quickest and surest way to accomplish this is to keep the attention trained on the instruction of the God-free; for where the consciousness is encouraged to dwell, the mental and feeling worlds will follow. As it is the nature of these bodies to bring into manifestation that upon which the attention rests, the steadfast and persistent student will find himself being cut free quickly from the tribulations and discords of the outer world. This exercise should always be accompanied

of course, by the use of the Sacred Fire of Purification which cleanses and purifies the four lower bodies - particularly the etheric envelope. It also illumines the mind through the transmutation of the conglomerate mass of superfluous knowledge and ideas accumulated through past ages of living.

I give you now, dear ones, for your edification and comfort, the words of the Beloved Spirit of the Resurrection Flame:

AN EASTER MESSAGE

I AM THE COSMIC SPIRIT OF RESURRECTION, Servant of the Most High Living God, come tonight from the Heart of the Universal.

Why does mankind not command Me? Why does mankind not seek Me? Why am I not welcome within the breast of the human race - when the smallest blossom, the tiniest seed, the smallest bulb invokes Me - draws Me into its bosom, bursts its bonds, and becomes a magnificent, fragrant and flowerful manifestation of the Glory of God?

I have been sent from the House of the Lord to a recalcitrant race in which death, disintegration, disease and decay are written across the bodies that should be immortal, shining, and BLAZING like the Sun - and who has welcomed Me? The daffodil, the crocus, and the early forsythis. Wherefore, man, are thy non-mastery and thy inhospitality?

I AM THE COSMIC SPIRIT OF RESURRECTION - the HOPE of Eternal Life and Light, INVOKED in the tomb of Jesus, and BLAZING through His transfigured flesh, drew Him into Immortality.

I AM THE COSMIC SPIRIT OF RESURRECTION BLAZING through the Nature Kingdom. Wherefore, man, is thy inhospitality to Me?

Command ye Me, O mankind of this Earth! Why linger longer in decay? Why linger longer in those bonds of disintegration. I AM speaking to your hearts. What seek ye, man? Hope? Wealth? Illumination? Peace? Purity? Beauty? God-Supply? Ye had it all once. Within your life it dwells - dormant, true, but I AM that SPARK which, kindled with your life essence, can resurrect for you the Immortality that you once knew.

Come ye back from the dead, O man, and grasp My hand in love and Light! Let Me enter into your imprisoned consciousness which you hug so tightly that it becomes a repellent force to all that would set you free! Oh, burst asunder, man, and let the FLAMES which WE represent, and which are intelligent, conscious life enter in, mingle with your life essence, and set you free. You, the tinder - We, the Cosmic Spark of Life, and yet We stand with hands folded, with eyes downcast, with no summons and no purpose - although Servants of man and Servants of God.

Think not that the Flame is an intangible and senseless ephemeral dream; every FLAME is an embodied Consciousness of Light and Life RUSHING FORTH to serve.

I AM the Cosmic Flame, the Spirit of Resurrection, CHARGING THROUGH, CHARGING THROUGH, CHARGING THROUGH that shell of unbelief, that shell of non-acceptance, that shell of lethargy.

I AM willing Myself into your hearts, and where My Flame meets your heart Flame, Resurrection of Divinity occurs. Because you have had sight once, and hearing and intelligence and youth once, there is HOPE because I AM the Resurrecting Power bringing back that which was given you of God. Oh, when God gives once, remember He never takes it away. It is you who have temporarily pushed your gift aside.

O mankind, everyone, everywhere, while the Spirit of Resurrection is honored during this Holy Easter Season, and while this Retreat, in which My Flame stands visible, is active, I AM going to KNOCK upon the door of your consciousness, and KNOCK and KNOCK and KNOCK ceaselessly - DAY and NIGHT - until you let Me in.

In the darkness of the night, you will hear My Voice calling -

I AM THE SPIRIT OF RESURRECTION calling you from death to Life. LET ME IN! LET ME IN! LET ME IN!

A Happy, Joyful, and Illumined Consciousness is My Easter Wish for each one of you, beloved children.

Blessings and Love,

Beloved Children:

When we look at the flow of energy from the Heart of the Presence into the physical heart, we see a rapidly pulsating river of prismatic light. If we were to slow down the vibratory action of that life energy, we would see that the electrons making up the Flame of the Presence of each one carry a distinct design which differs from all others even as the geometrical perfection of each snowflake is different from all other countless millions of snowflakes.

As this energy is moulded into form by the thought and feeling body and sent forth into the universe, it carries the plan of the original design of the lifestream. That energy goes forth in a handclasp so that the individual receiving the handclasp, when the hand is removed, has upon the palm superimposed over his own energy, many thousands of these tiny forms representative of the lifestream of the initial giver. The second individual then goes on his way - perhaps he combs his hair or clasps another hand - and in this way the electronic particles of the first person go on in an endless chain to many, many parts of the universe.

The outer world has touched the fringe of this in their science of personal magnetism, but they refer to the human effluvia which covers the pure particles of light whereas We refer to the life structure and picture within.

The manner in which the particles are charged forth determines the resulting effect upon the lifestream releasing them. While through the hand they may pass in a handclasp, the dominant feeling of energy as they go forth on their journey will determine whether their passage through the universe carries friendship and love, or otherwise, and on their return journey, of course, they will pick up only the vibrations similar to their own; so they return in due time to their source bringing the initial vibration with which they were sent forth amplified a million-fold with their own kind. If the hand is used to strike in anger, those same particles carry that same vibratory action over their complete circle influencing all the life they touch with the same destructive vibration, and when they have reached the farthest point of their orbit, they start back to their source with more of their kind bringing distress to the one that sent them forth.

If you were to look at an individual with the inner eye, you would see the electrons going out and coming in in circles of all sizes, small and large, and even universal, and these returning circles often account for the change of feeling in the individual as each returning wave brings the result of previous kindness or unkindness into the lower vehicles. According to the manner of sending forth these electrons, dear ones, do we receive happiness or otherwise on their return orbit.

It is to withdraw, reclaim and purify those light particles released in the process of living, thinking, feeling and acting that Saint Germain, in His Mercy, has presented the use of the Flame of Purification. Wise is the man who invokes that

Flame through every electronic pattern that has proceeded from his lifestream from the beginning of time, and bids it flow through the nations of the world, through the psychic and astral realm and all kingdoms, because until every particle is redeemed, there is a certain portion of the lifestream unascended.

Blessings and Love,

MAHA CHOHAN

Beloved Ones:

If you were privileged to look upon the electronic Presence of every person belonging to the human race, you would be amazed at the beauty, perfection and radiation of light which each one expressed. When you had become accustomed to the perfection of face and form, the gentleness of spirit, and the beauty of the light, you would be able to distinguish one from the other by the particular shape of the electrons that make up each one's vehicles, and you would find that those of each lifestream expressing beauty and perfection in themselves were composed of tiny geometrical designs differing from each other.

These designs form the keynote and pattern of the lifestream. The electrons of the Master Saint Germain, we know, are in the form of the Maltese Cross; those of the Lord Buddha - the open lotus; and Myself - the Dove. As the energy passes from your Presence into your heart, it maintains those beautiful designs, and thence it proceeds into your universe carrying that perfection into the form of your thought, your feeling, and your action.

When individuals like the Master Saint Germain or the Lord Buddha speak, the words that proceed from Their mouths and set up a vibration in the universe are made up of countless millions of tiny crosses or flowers. When They raise Their hands, the electrons passing from the hand are composed

of myriads of tiny forms representative of Their lifestreams. The atmosphere around Them is filled with millions and millions of these same tiny forms. The places where Their feet have stood have the imprint of these infinitesimal electronic patterns and that substance was imposed upon the garments that They wore, the rooms in which They lived, the trees that shaded Them, and the beds that They laid upon.

The most powerfully concentrated designs are closest to the physical body or the place where the individual abode during His last incarnation, and that it why you will find a certain identity in spiritual centers where great men and women achieved knowledge and spiritual victories.

Your home, environment, and personal effects are likewise powerfully charged with the electronic pattern of your individual lifestreams. That pattern itself is neutral, but the feeling that your energy releases through it determines its radiation. It is like your fancy cookie cutter that will make a form out of mud or dough. When the pattern of your lifestream is charged into the universal light substance - if your feeling is harmonious, its radiation will be of benefit to all life; if the feeling in inharmonious, it still carries your pattern, and as it proceeds into the universe, you will carry the responsibility for all the life it affects adversely before it returns in its circle to your world.

There is no man who can stand before the All-seeing Eye of God and deny the pattern of his own life energy imposed upon any part of life, either constructively or destructively, for where your

'stamp' is, like your footprint, there you have been, and to life you must answer for what was done there. Dear ones, I implore you, use, use, use Saint Germain's Flame of Freedom, which is the Thought Form for the year, to purify the electrons that have gone forth from your life-stream that still remain unredeemed, which bear your stamp and seal, before they start on their return journey back into your world bringing with them the unhappy vibrations that manifest as 'trouble' in its countless forms.

Love and Blessings,

MAHA CHOHAN

Beloved Children of God:

You will not realize until you are free from bondage of the outer senses the gratitude that We in the Ascended State feel toward those of you who have faith and confidence enough in our living reality to be willing to take pen and paper or other means of communication to correspond with Us personally. It is many, many centuries indeed since members of the Ascended Host have enjoyed the almost unprecedented privilege of receiving 'mail', as you call it, from people of Earth, and to say that We both enjoy and look forward to its reception is putting it mildly.

Members of the Angelic Host pick up the etheric counterpart of each blessed missive, and They appear to thoroughly enjoy this most unusual activity. The receipt of these letters by those of Us so privileged calls forth great diplomacy and tact on Our part in order to counteract the almost wistful expressions of Those on Whom the 'celestial postmen' do not call. I long for the day when the human veil will be completely shattered, and Angels, Gods and men will walk and talk together, hand in hand, in loving comradeship.

My Beloved and I read and enjoy each and every one of those blessed messages, and I trust you accept and benefit from the radiation of our consciously directed love and blessing as We peruse those dear and heartfelt epistles.

I now submit for your enjoyment and contemplation Beloved Kuthumi's report on the activity of the Transmission Flame, by which We hope to awaken the slumbering consciousness of the mass of mankind. God bless and keep you each one.

Blessings and Love,

MAHA CHOHAN

Beloved Brothers and Sisters intent upon learning the power of concentration and mastery, I am come tonight again to take you in consciousness into those realms of Eternal Light and Life toward which your dear hearts aspire, and toward which the energies of your inner bodies have oftimes driven the reluctant soul until you stand at the threshold of great freedom.

Do you realize (in comparison to the rest of mankind) how much freedom you really enjoy? You have stood within the Sacred Heart Temple when the great Buddha made the dedication of His life to incarnation. You have stood in Shamballa where the footstep of an unascended being has not resounded for many ages. You have stood in the presence of the Lord of Light and the King of Kings before Whom even the Maha Chohan Himself bows His head in honor. You have stood with bared head, open eyes, and alert consciousness within that mystic chamber in the heart of Ceylon to which the Chohans alone have had access. You have stood in the Chateau de Liberte and in the Royal Master's Retreat in Darjeeling. Have you thought of that?

It is not the flesh, beloved ones, but the consciousness that experiences all, even in this world of form. While the body is unconscious, the flesh records nothing, but you, through the gifts of the Master Saint Germain, can and have opportunity to be lifted in consciousness above this physical appearance world, and through the direction of some God-free Being you are brought into these Sacred Retreats, one after the other, and enjoy the presence of the August Assembly gathered there. Have you considered the freedom that is yours?

Beloved ones, I cannot emphasize too strongly how important it is for you to recognize the expansion of consciousness that takes place through the projected vision; and now through that magnificent endeavor where you move from place to place on the surface of the Earth, you are receiving training similar to that given only within the Retreats under the direction of some Ascended Being.

Now, tonight I will ask you to turn your attention to the magnificent Temple of Cosmic Truth which pulsates in the ethers over the Island of Crete. Tonight, all of the activity of the Fifth Ray is pouring its radiation into the atmosphere of Earth which needs so much to know and understand Truth.

Over the planet stands the great Presence of the Beloved Elohim, Cyclopea. His radiation covers the entire Earth. In comparison to His magnitude, the planet looks no larger than the balls of His feet. He has assumed this stature tonight in His efforts to draw forth and concentrate the power of the Fifth Ray through the

Beloved Hilarion, Chohan of that Ray.

In the atmosphere above the Temple stands the Beloved Archangel Raphael, with outstretched wings, dressed in shimmering garments of light apple green. Around Him are gathered seven tiers of Seraphic Beings. All hold emerald green swords of Flame with the points down. Back of Them are the Cherubic Beings and the Angels comprising Raphael's Legions. The activity of the Angelic Host appears to be particularly emphasized this evening. Raphael's Legions do not ordinarily carry swords; they are connected primarily, you know, with the elixirs of Healing and generally carry beautiful grails containing the essence taken from the Temples of Healing around the Sun and the various foci of Light where healing concentrates are gathered.

The Temple is magnificent tonight. The great altar seems to be made of just one immense emerald on which blazes a pillar of crystal white Fire enfolded in green - which is the concentrate of Cosmic Truth.

The Beloved Pallas Athene, as Priestess of Cosmic Truth, presides for the evening. She and the Beloved Maha Chohan lead the procession up the green-carpeted aisle to the altar. The beautiful Lady is robed in a white garment over which is a long train of emerald green held up by a group of the Angels of Truth who accompany Her. The Maha Chohan is also in white, acknowledging the activity of the Retreat by a great emerald on His turban. The Beloved Morya wears emerald green with a magnificent girdle of white diamonds. Beloved Paul, the Venetian, is in apple green with an over-cape of emerald green

lined with gold which He wears thrown back over the left shoulder. Beloved Serapis is receiving special honors tonight. He is being preceded by a group of Cherubic Beings who are scattering white flower petals in His path in appreciation of His tenacity in bringing the vision of this beautiful Temple from the Higher Octaves into the physical appearance world many centuries ago - the etheric replica of which we all enjoy this evening. He is in crystal white - as usual.

Hilarion is not in His usual place. He is appearing with a certain group of people later in the procession. The Beloved Master Jesus is in a pure white robe embroidered around the cuffs and hem with gold letters. Many of the Lord Maitreya's robes are banded like this and it would appear that Jesus must have gone through some initiation to permit of His wearing garments like the Lord Maitreya. Beloved Saint Germain is in white tonight, wearing a robe similar to that of Jesus, except that it does not have that gold lettering. The Brotherhood of Crete are all in white robes with the emblazoned emblem of Truth in emerald green over the left breast. They stand, tonight, as Honor Guard of the Flame. Last year, the Angelic Host comprised the Guard of Honor.

Now comes the Beloved Hilarion walking with those to whom He has dedicated His life and purpose. They are the agnostics and others who have passed through the change called death in bitterness, suspicion and doubt. The Lord Buddha is functioning in a cosmic capacity in a form that cannot be described, and Sanat Kumara is pouring His radiance from the atmosphere above like Lord Raphael.

The Beloved Pallas Athene is now entering the Flame and We must all hasten to Our various stations. God bless you each one.

KUTHUMI

Beloved Mighty Presence of God - I AM in me and Beloved Pallas Athene. In Thy Name, Love, Wisdom, Power and Authority do I call:

Let the Flame of Cosmic Truth illumine me today!
I call to Her within my heart:
"Come forth - rule me for aye!
Expand Thy Light and now reveal ALL THAT GOD MEANT TO BE!
Transmute NOW - on the instant - all that so distresses me!
Hold my attention on Thy Light; let Thy Light through me bless
All the life I ever contact with Thy great God-Success!"
For Truth is LIGHT! Without it no life can be sustained.
One day, each one, expressing Truth, becomes what God ordained.
All struggles, doubts and fears now cease; from them I'm ever free
As the Cosmic Flame of Cosmic Truth expands - possessing me.
She holds me in Her arms of Light - secure 'gainst all that's wrong;
Abiding in God's Flame of Truth - all sing the Victor's Song.

My Beloved Children:

It is with great joy that I offer you for this week's study and contemplation the address to the Cosmic Flame of Cosmic Truth by the Beloved Pallas Athene, representative of Cosmic Truth to the planet Earth. This address was made on the evening of the last Transmission Flame Ceremony held in the Beloved Hilarion's Retreat at Crete on April 16, 1955.

Blessings and Love,

MAHA CHOHAN

Address by the Beloved Pallas Athene, Goddess of Truth:

HAIL! Thou Flame of Eternal Truth of Love and Life and Light! I salute Thee in the name of the mankind of Earth as I enter deep within Thy Cosmic Heart. I feel Thee as Myself, for Thou art My Life - that Life which has drawn from the Eternal First Cause and qualified and charged; qualified and charged; qualified and charged to go forth and carry the Law of Life and the Truth of Life to mankind - everyone - everywhere.

As I stand within Your Radiance, O Mighty Flame of Truth, I feel the momentum, the essence and the Spirit of every atom of Truth that has been drawn forth from the Great Central Sun and

the Physical Sun by every Master, Angel, Deva and man who has magnetized and insisted upon knowing Truth; who have, through their own consciousness, drawn that Truth forth and spread it to dissolve the human shadows and bring the Light.

I feel within this Flame of Truth the life-beat of the Buddha. I feel the life-beat of Moses. I feel the life-beat of Jesus of Nazareth. I feel the life-beat of Krishna and Zarathustra. I feel the life-beat of every individual, not only of those ascended, but of many who yet walk the ways of Earth.

O Flame; Thou art the coalescence of all Truth drawn forth. Thou art a living, breathing, powerful and palpable Presence. Many men and women, many Angels and Devas from afar have breathed in Thy radiance and then returned to the far distant realms from whence they came. They have also poured their momentum of Truth in Thee, O Flame, and because of their coming into Thy Presence; because of their spark of Light and Life added to Thy Flame, Thou art greater. Thou art greater in each passing hour, in each passing year, and as mankind grows in the knowledge of Truth, that Truth, in turn, becomes part of Thee again, O Living, Blazing, Presence.

O Mighty Flame of Truth and Light! O Mighty Concentrate of all that is good, I now speak directly to Thee.

In the Name of God Almighty; in the Name of the Ascended Jesus Christ; in the Name of Mercy and of Love, I speak to Thee now, O Intelligent

Flame. Everywhere on this planet where man calls for Truth, I bid Thee GO! Flash Thy Fire! Shatter the human concepts within the mental body! Remove and wash free all narrow and bigoted ideas within that mental form. Sweep the emotional body free from all impurities! Wash from the etheric body all those human concepts that have been builded century after century. O Flame of Truth, flash through the flesh form and remove from the outer mind all capacity to accept imperfection.

Beloved Flame of Truth! Thou, which art the Servant of the I AM, go forth NOW! Go North! Go South! Go East! Go West! On the breath of those beloved ones who have answered the Call of My Beloved Maha Chohan, go forth now and give to mankind everywhere that Truth which will bring freedom within their hearts, within their souls and within their minds.

I call particularly for those who have answered the call of My Beloved. They have asked to know Truth. They have chosen to come forth from the masses and be stripped of every rate of vibratory action that is less than Truth. Because they so desire it, O Mighty Cosmic Flame, give them now Eternal Truth, and then expand it to cover all mankind.

May this Cosmic Flame of Truth drive and fire, drive and fire, drive and fire every human concept back into the sea of oblivion, replacing it with the Will to Do, the Perception to Know, the Love to Accomplish, the Purity to bring forth, the Concentration to follow through, the Rhythm to stay with a manifestation until it occurs, and then the PEACE to sustain that which has been drawn forth.

In the Name of Life, I speak tonight through the concentrated energies of these Beings assembled within this great Temple of Truth, and I ask you now, O Brothers and Sisters, as you stand and look upon this Flame, and as you breathe it into your very selves, send it forth to the 'dark star'; send it forth to the mankind who mill about in confusion wondering where they may find the doorway that leads back Home.

O Beloved Ones, as I speak to you, concentrate within yourselves a Beam of Light from this magnificent Temple and play it upon the Earth. Show every soul that is praying within itself the Way back Home, and follow that illumination with the Will to DO until that soul arises and comes Home in Harmony and Freedom.

To You, O Mighty Vista; To You, O Beloved Raphael; to You, O Lord Sanat Kumara; to You, Mighty Lord Buddha; and to You, O Mighty Seraphim assembled around this magnificent focus tonight - to You We give our honor and Our Gratitude for Your great and Mighty Presence.

Beloved Seraphim of Raphael's Legions, as You send the mighty power of those Swords of Flame into all bigotry and intolerance - into all those qualities that deny Truth its opportunity, We ask with all the intensity of Our Beings to cause all persecution - religious, racial and political, or in whatever form it may be acting - to CEASE TO BE!

In the Name of the great Hierarch of this Retreat (Hilarion), Who has dedicated His Life to rectifying an error made long ago, We call that mankind everywhere be illumined on the

point that 'might never makes right', and that all persecution of every kind and description be banished from the Earth.

May all religious Orders that work for the good of mankind - Metaphysical, Occult and Orthodox, Protestant, Catholic and Jew, unite, and standing shoulder to shoulder a solid and conscious phalanx, dissolve Earth's shadows by the power of Light. Separateness is not TRUTH. In the Name of Life, Beloved Raphael, as Your Legions use Their Swords of Flame, see that this is accomplished.

To you, beloved students everywhere who stand within the compass of Our Love and Our Light, do we send a beam of Our life energy straight from the Heart of the Temple of Truth. Truth is the full manifestation of your own Holy Christ Self. There is nothing less than the perfection which the Beloved Jesus manifested. That is the fullness of Truth. Are you willing to become that? Whenever appearances arise that are less than Truth, call to Me and I will help you.

God bless you, each one.

Beloved Children of My Heart:

I am eternally grateful to you for responding so quickly to My request to BE a Comfort Flame in action, and for your heroic efforts in trying to remain within the center of your being, the only place in Heaven or on Earth where you will experience that peace that 'passeth the understanding of the human mind'.

The association between unascended beings and the Ascended Masters, beloved ones, is not fully understood even by the most earnest chela. Mankind that start out on the spiritual path become mentally intrigued when they first hear of the Spiritual Hierarchy. Then there comes a period of tremendous zeal in an endeavor to make contact with some of this superhuman mankind. Much disillusionment ensues; many blind alleys are followed; and many of mankind unable to attain this goal are disillusioned at the end of a lifetime. But when once there stirs within the soul and spirit a desire to know the work of the Ascended Host, that instant the individual comes under My supervision. Then he or she is placed on probation and put under the care and guidance of some Angel Deva or Spiritual Being who can assist the lifestream, and who has the capacity to give assistance until the one is developed far enough where he needs and requires more advanced instruction. We are naturally eager and desirous of securing individuals who have an interest in Us and Our work,

but We are more desirous of making a conscious contact between the outer mind of those individuals and Ourselves because such an association is mature and in its maturity it enables the chela to cooperate with Us intelligently and to assist Us in the fulfillment of the Divine Plan for both himself and for the planet.

It may surprise you to learn, dear ones, that sometimes a hundred embodiments; nay, often a thousand embodiments are entailed before a chela comes in direct contact with one of the Ascended Host either through his own consciousness or another's. Then the first conscious association, the first word, the first visitation, the first parting of the veil fills the chela with enthusiasm, zeal, and a tremendous acceleration of spiritual desire, but very often, alas, the proximity of the Master, the very naturalness of the association, the comradeship soon become so 'humanly natural' to the outer sense that the chela loses the import of the partnership and is inclined to 'take for granted' the investment of the energies of a Divine Being. He then is inclined to slip again into a lethargic state wherein the acceptance of such association does not draw forth the Light which the original contact was designed to manifest.

Again and again have I seen this happen through the ages. That is why I have become extremely reticent in allowing any dispensation or grant by which the Chohans and Masters who work under Me may consciously contact unascended beings. I find, as a rule, that in Their great love and generosity They are bound to invest more energy than They get in return through the application of the chela, and the disappointment

to the Master as well as the necessity of His making up to the Cosmic Law for such investment in added concentrated service is such that wisdom has causes Me to forbear often from allowing some dear and blessed Being to reach a chela even of great merit.

I speak of this because, in the designing of the Bulletin, it was My specific idea to create 'a tie that binds' between My Heart, My Consciousness and My Presence, and every individual who found My words, My Light and My Energy worth while, and then I hoped, on the return current through the replies of the students, to further strengthen that bond, building for a day that is coming when mankind, the animal and nature kingdoms will require comfort more than I care to describe to you in words. The Cosmic Law demands, beloved ones, that the frail span between Our lifestreams and yours be sustained by the energy of your worlds if the Light, Love, Inspiration and Divine Comfort from Our Octave is to reach yours, because the conscious beam of your sustained attention, interest and energy provides the Bridge over which Our Rays travel.

Blessings and Love,

Beloved Children on the Path:

When a Perfected Being focuses His attention on an unascended member of the race, there flows from the consciousness of the Master a steady stream of pure electronic substance which is filled with the feeling, the thought and the very being of the Master directing the Light Ray of His attention. If you could, with the inner eye, watch the process when the Master chooses to pour His consciousness into the aspirant, you would see passing from the Master waves of light and color which flow into the four lower bodies of the individual, enlarging each one of those bodies, and also changing the color and tone of the energy released by the chela. During this process, much of the psychic and astral substance is washed out of the lower bodies of the student and new hope fills his inner bodies.

If it were not for such a spiritual connection between Master and chela, the weight of the individual's accumulation of psychic substance would soon draw him back into the mass mind because the heavy pressure of human creation around the Earth plane at present is more than the strength of any unascended being can pierce through unaided. It is this spiritual transfusion (so to speak) of the Master that gives the added impetus of courage, inspiration, strength and love of the Light to the imprisoned soul which enables that soul to hold the Path-

way open before him.

That is why Our desire is so great for people to place their attention, undivided, upon the Ascended Masters' Octave, the Omnipresent Holy Spirit of God, the Angelic Host or any member of the Spiritual Brotherhood as often as possible because it forms the link or bridge over which may be carried the Spiritual Food which sustains the interest of the soul and makes that soul a radiating center of inspiration to others. Without such a link, dear ones, the soul-sleep of the centuries would again engulf the people of Earth.

The particular service of the Ascended Master is to intensify the light in the heart of the seeker that its more powerful and expanded voltage might throw a greater radiance upon his path. The amount of Light within the chela will determine his capacity to perceive and cognize Truth and the constant increase of the Light through the consciously projected Rays of the Ascended Master represents the way and means by which the seeker's light may have sufficient intensity to enable him to find the object of his search, which is the realization of his own oneness with the Eternal Father of All.

As the traveler can proceed with greater ease when the light of the noonday sun illumines his pathway than during the night hours when every crevasse and stone is shadowed over, so can the wayfarer upon the Spiritual Path accomplish his journey with greater ease and safety when the combined focused and sustained Rays of the Ascended Host make for him a Spiritual Light on his path which shows up the hurdles, the

obstacles, and the straight way.

The individual who seeks to proceed without the assistance of the Masters may do so, but then it is only his own soul-light that can guide him which may be likened to one traveling through a forest in the dark with only the flickering, uncertain light of a penny candle, whereas one may proceed in safety with the light of the noonday sun.

Beloved Children:

All unascended beings must come to the place upon life's pathway where they become the master control of the energy of their lifestreams, sending it forth into the universe in a harmonious manner. This is the reason for which every man took incarnation and there will be no happiness, no contentment, no bliss until each lifestream becomes the controlling power of the energy which is his life essence.

By calling to the Ascended Masters, to the Angelic Host and the Powers of Light, They will anchor Their energy into your inner bodies, and They will help you by radiating through you Their feelings which will gradually transform and transmute the momentum of energy that you have gathered and qualified imperfectly.

There are very few unascended beings, at this time, in the Western Hemisphere who have mastered the energy of their lifestreams. Most people are endeavoring, according to their particular capabilities, to come to a point of harmonious expression. In the course of one's experience, a person contacts not only his own discordant energy, but also that of the lifestreams around him. However, there is no point in becoming discouraged by the presence of inharmony when all conscious students know that it is their duty and responsibility, each one, to try to harmonize as much as possible the thoughts and feelings of his or her own lifestream and to give whatever they can of silent radiation to those in their vicinity.

The Ascended Masters and Perfected Beings are willing to ensoul and canopy any lifestream who sincerely desires harmonious expression. They will clothe them in the fullness of Their Love and Light which will disconnect such an one from any unpleasant vibrations that may be directed toward them and will also melt away the cores of inharmony that are liable to manifest as unhappiness and distress.

There is one established law for unascended beings, and all must remain on the path of experience, struggling with the results of cause and effect, until such time as the keynote of balance, love, light, harmony, tolerance and understanding flow through the radiation of the energy which each one has drawn directly from God the Father, and for which each must render a personal and separate accounting.

Every opportunity you take to tune in to the Masters, Their Words, Their pictures or Their songs gives Us opportunity to pour down the necessary spiritual food to sustain not only yourself but those in your locality. This is a more important service than the outer mind can conceive because Our ability to help depends upon the self-conscious invitation that comes from you, and, I am happy to say, that since the human veil has been lifted to some extent through this inter-communion between Our Octave and yours, We have been given a wider invitation than at any time since the sinking of Atlantis. However, because the human mind and heart have

not learned perseverance and tenacity, it means more effort must be made by those who are aware of and have faith in Our Presence to make calls for the release of the amount of energy that the Cosmic Law requires for the illumination of mankind in its entirety. A call to the Ascended Host, beloved ones, for humanity not only increases your own soul-light a thousandfold, but gives us an opportunity to render the service for the rendering of which We have foresworn Nirvana.

Beloved Children of the One Beneficent Father:

It is My privilege to offer, this week, for your study and contemplation, an address delivered by My Son, El Morya, Chohan of the First Ray and Representative of the Divine Will of God to this planet, on the occasion of the recent Transmission Flame Ceremony held in His beautiful Retreat at Darjeeling, India (May 21, 1955) together with the Beloved Kuthumi's Report of the activities of the same evening.

Blessings and Love,

MAHA CHOHAN

Ladies and Gentlemen - Friends of My Heart:

I bring you the greetings of One who is well pleased - well pleased that among the men and women of Earth there are some willing enough to stand and ask for a Knowledge of the Will of God, and to desire, when knowing that Will, to incorporate even the most reluctant energies of their feelings into the divine pattern and tapestry of life to make of this planet Freedom's Star.

I would like, while I have the opportunity and while all the Brothers and Sisters who have come to Darjeeling are honoring the Flame of

the Will of God, to announce to the mental and feeling world of mankind the Cosmic Truth that the Will of God for all created things is GOOD; that there is no such thing as a negative aspect to the Will of the All-Mighty God that created this planet, Who filled it with sunshine that it might bring forth its magnificent crops, and Who created the great seas and mountains for the pleasure of its people; that disease, old age, disintegration, poverty, and even death itself are an insult to a Father of Love who would not create a beautiful planet and then will upon the dearest of His creations, the souls of men, those appearances before which the proud heads of kings have bowed, as well as the humble heads of peasants under the superstitious belief that the infliction of punishment was the Will of a God of Love.

A human father, bound 'round as he is with karma and a certain amount of selfishness, wills only good for his children - a human mother likewise. These human parents would not will disease, disintegrating forms, the bent backs of age, the sightless eyes, senility and death upon their offspring. How then, in the name of Religion, in the Name of Truth, can those who profess to represent the God of Life and Love wipe aside the tears of their congregations with the statement: "Accept ye the Will of God!"

In the Name of the All-Mighty God, I say - THIS SHALL CEASE TO BE! Mankind must, sometime in the near future, come to an understanding that the decadent flesh, the erring senses, the ebbing flow of life, the halting footsteps are a result of causes set up by themselves through the use of free will in thought, in feeling, in

spoken word and action which, through the fulfillment of the Law of the Circle, return to their creators for redemption, and not place before the Throne of the Almighty the responsibility for the individual and collective, the national, international and planetary crimes which come back for redemption.

It is My service in the Celestial Hierarchy to convince those who will to know that the God that made Me, the Elohim, the Archangels, the Seraphim and the Cherubim; that made the universe with its galaxies and suns; that made each one of you; that made each bird and each flower willed for each created expression the most exquisite perfection - for a God that could even think imperfection would be a travesty.

The thinking and feeling Consciousness of the Great, Universal Omnipresence that governs this universe immediately externalizes that which is within Itself. Is it not inconceivable, therefore, to the thinking man or woman that the end of the road is death? Is it logical to think that after living and loving and studying and coming to a certain realization of being that the magnificence of life is cut off and back again comes an unconscious, unthinking infant not even capable of controlling the organs of the body, the sight in the eye, or the tongue? The thinking man and women must realize that the Divine Desugn of the universe is far more than this. The Master Jesus said: "Ye are Gods" and to confirm that His statements were not too fantastic or that He was buoying up hopes in the minds and hearts of souls that could never be accomplished, He added: "If it were not so, I would not have told you."

Beloved El Morya's address is continued in Bulletin No. 10

The Beloved Kuthumi's Report:

Beloved Brothers and Sisters of Light:

Would that the Beloved Morya, Himself, could describe to you the beauties of Darjeeling, set like a great jewel in the great heart of India. India! Land of mighty opposites - extreme wealth and extreme poverty. It is to this India that you now come with your Love and Light. Hold her people in your thoughts of Love and Light and Freedom when you think of Her. India, beloved, America is loving you tonight!

As we approach the Beloved El Morya's beautiful palace, the magnificent doors with the golden Crest 'MR' inscribed upon them are thrown wide open in loving hospitality. We find the Assembly Hall already filled. Morya has had to resort to the same expedient as the other Masters in creating a vast amphitheatre above His Retreat to take care of the great number of souls, incarnate and discarnate, drawn by the magnetic pull of attraction to the various Transmission Classes.

In the Assembly Hall itself, the altar is composed of diamonds and sapphires, and the blazing Flame of the Will of God stands upon it. In the amphitheatre above, a replica of this altar has been erected, but of much larger size, made up of plain white and sapphire blue jewels which are constantly emitting fire from

their centers, so that this altar looks as though it were made of white and blue flame.

In the atmosphere above the planet stands the Elohim Hercules who represents the Cosmic Force and Fire of the Will of God to this Earth.

All the members of the Celestial Hierarchy (with the exception of Sanat Kumara and the Lord Buddha) are in sapphire blue tonight. El Morya Himself is magnificent in this royal color, turban and all. Around His waist He wears a girdle of blue sapphires and a gorgeous jewel of the same kind adorns His index finger as He stands directing the action of the Flame.

Many people have asked why I do not describe my own garments. The reason is, dear friends, that most of the time I just wear a long, plain yellow robe.

The conscious chelas (present in their Holy Christ Selves) wear, according to their rank and date of admission to the Cause and Service, the color blue in its varying lighter shades, and the somnabulent friends who, by reason of some vague desire to know the Will of God, hover about and become attached to the amphitheatre, are in pale blue shading into white.

The discarnates are also gathered here in great numbers because of Our efforts to remove the remaining number of these spirits from the atmosphere of Earth. A goodly number from the compound are also gathered here in one section.

Now as We start the service and you breathe in and out the essence of the Flame of the Will

of God, try to visualize yourself as part of this magnificent activity at Darjeeling, and please, dear friends, if you have a moment tonight or through the month, think of our Beloved India.

Goodnight and God bless you, each one.

Beloved Children of God:

I give you, this week, for contemplation and meditation, the balance of the address of Our Beloved Morya, the first part of which was given in last week's Bulletin. Consider it well, beloved ones, because His words are His life, and in giving them to you, He gives you Himself.

Beloved El Morya's address continued from Bulletin No. 9

The Will of God is for every man to be Master, a Sun of Freedom; the Crown of the Elohim upon his head; the Sceptre of Magnetization in his hand; the Seamless Robe of Achievement upon his body; and the Perfume of Holiness, which is the reason for his being, radiating out through him as a benediction and a blessing to all life.

Every woman was created a Goddess, a Vestal Virgin guarding the Sacred Fire within the home through understanding, through kindness. Every woman is a Priestess at her own hearth - through her hands the healing power flowing.

Every lifestream was created for this destiny,

yet in hospitals, in mental institutions, in leper colonies - all over this green Earth, the lethargic consciousness of the masses has accepted the appearances of decay and distress, and blaspheme - calling it the 'Will of God'. When man, through superstition, through persuasion by his superiors, accepts an imperfect condition as the 'Will of God', all effort to overcome ceases. The individual, lying down in the midst of his human creation, finds a certain solace and, forgive me, a certain spiritual pride in accepting the cross, the shackles and the load, saying: "It is the Will of my Father."

You who have looked upon a cancerous wound; you who have seen a body attacked by leprosy; can you believe in your haert that such is the Will of God - that such is the Will of the Father whom you have been taught is Love - Love inconceivable - Love that has created you in Its own likeness? Oh, My dear ones, look at your concept of God; straighten your spine and recognize these human appearances for what they are - the spume of uncontrolled thoughts and feelings stamped with the energy pattern of the individual in whose world they were created, sweeping out into the universe, collecting more of their kind, and returning into the mind and body of their creator, because this energy has to come back through the door from whence it went out, for redemption. Remember that this energy return is in accordance with the Law of the Circle, and a man's karma may not necessarily be the returning energy of the present embodiment, but may be that sent out in the far distant past, because all energy sent out must return, sooner or later, to its projector for redemption.

Now, through the Grace of God, you have the use of the magnificent activity of the Violet Transmuting Flame of Freedom's Love. Therefore, calmly go about setting your individual house in order and refrain from the tendency of enjoying the returning karma of another lest you tie into that karma by your very enjoyment, for that upon which you allow your attention to rest, you draw into your world. Some man is handling today the results of mis-spent energy in the past - another man stands straight and firm, financially secure, and can afford (?) to look with scorn upon the individual whose karmic retribution is at hand. I can but say with Jesus: "Let him that is without sin cast the first stone!" No man, until he is ascended, knows all that he has done in the past, thank God, and many, even in the ascended state, do not choose to look back. I do not blame them. However, those of Us in the Celestial Hierarchy who are working with the mankind of Earth have the unenviable position of having to study lifestreams before We can proffer Our friendship, comradeship and assistance because, even as steel is tested before it leaves the mill lest a weak spot be found when it is builded into some great edifice and endanger the whole, so when a new pattern is set up in the minds and hearts of the Hierarchy to bring Truth to mankind, the lifestreams through whom They work must be studied.

Just as you press upon a board before you stand on it to see if it will bear your weight, so do the Ascended Masters exert a certain pressure upon individuals long before They even place their names before the Lord Maha Chohan

asking for an opportunity to reach them, and when those lifestreams are found, believe Me, dear ones, We know every 'knot-hole' only too well. We know every strength and every weakness and how much weight it can bear, and do not think but there are times when the pressure of human energy is so heavy that it takes Our own hands and bodies to uphold the individual's weakness until that particular crisis is past. As much as the Cosmic Law permits, beloved ones, We give - and sometimes entreat it for more.

I have represented to Sanat Kumara, Lord Maitreya and our Lord Maha Chohan the logic which brought forth this present activity. This logic was based on the fact that the most well-meaning individual cannot consciously cooperate with the Ascended Masters unless he knows what They are doing - when They are doing it, and is given an opportunity at least to either accept or refuse cooperation with the endeavor. Intuition is fine; the inspirational was is magnificent; but man does not realize what a complex creation he is, or how many thoughts and feelings rise like smoke from a burning ghat from his etheric past; from his emotional nature; from his mental accretions; and from his desire for personal power and his own aggrandizement. Therefore, for the one pure enough to live within his own Heart Flame in communion with his God Self, and through the intuitive faculties complete his course, there are billions that have no way of getting back Home except through the stumbling, blind mazes of human creation - running up and down without ever finding the way out.

It was, therefore, to help those who (I felt within Myself) would cooperate that I approached the Karmic Board, the Cosmic Law Itself, and My Superiors, asking for just a limited opportunity to tell Them of the activities in which We are engaged and see if some small energies would choose to cooperate with Us. As I have told you before, even the great Maha Chohan Himself was a bit sceptical knowing the travails and disappointments I had endured on former occasions when I tried to bring Cosmic Truths to mankind through their human prejudices, differing opinions and unbeliefs. Yet, I said that I would try; and I have tried. I have reached your minds, your hearts, and your feelings. I have made you My friends, and because you are My friends, you have stood with Us. You have opened the door through the magnetization of your decrees to the members of the Heavenly Host, and have drawn the Words and the Power of Beings, some of Whom have not spoken to the mankind of Earth for millions of years.

This is what I desired to prove before the Karmic Board. This is a partnership in which men and women (karma bound) and the God-free unite in one common purpose - that purpose so dear to My heart - to release One who came from Venus to our Beloved Earth so many ages ago to save her and her people when she was about to be dissolved by Cosmic Law - Sanat Kumara - Lord of Love and Compassion - is now, by Cosmic Law and Order, released from His Vow of Service to our planet and will be free to return to His own Beloved Star within the period of the next twenty years or less.

Beloved friends, I offer to the Karmic Board your many accomplishments in this New Endeavor as proof to the Hierarchy that mankind - enlightened - will serve.

Thank you and God bless you forever.

Beloved Children of the One Father:

'Consciousness' is a word that has muddled the minds of metaphysical students almost since the beginning of time by its vagueness of expression, yet every lifestream in and out of the flesh and every Perfected Being in God's Kingdom is but a 'state of consciousness'.

It is a very simple and clear expression when carefully thought through and understood. What you are conscious of is your state of consciousness. The man who is conscious only of the physical body and the appetites and passions of the senses lives in the state of consciousness of the animal man or what is called the body consciousness. The whole purpose of evolution is to develop a Godly state of consciousness in which the individual is only aware of that which is true and good and eternal.

When you come under the direction of the Spiritual Hierarchy, Beloved ones, We begin to feed your consciousness just as you would feed a very young mammal with an 'eye-dropper', and if the mind is open to new ideas, the consciousness begins to widen. For instance, you are aware now that there are other Spiritual Beings who are interested in man's spiritual progress besides the Master Jesus; you are aware of the activities of the Sacred Fire provided by Life for the undoing of your misdeeds, and the Sacred Fire of Mercy which can be invoked to change

your human qualities. Thus the students under this activity have undergone an enlargement of consciousness in their awareness of a broader and truer vision of the universe and, to use an Earthly phrase, know 'what makes it tick'.

When Jesus admonished the people not to lay up riches on Earth, He meant to convey to them that the only activity of any lasting value to the lifestream's journey through the Earth plane was the enriching and expanding of the consciousness which would one day leave the body sheath for another realm and again expand the consciousness in a new field. What a man does to perpetuate his body, his Earthly fruitfulness, the physical comforts of himself or others is unimportant except as it allows the consciousness of himself or those whom he serves to be enriched and unfolded thereby.

Here you have a fine line of demarcation. If you do physical labor to satisfy the outer self, and the consciousness of either yourself or those for whom you labor becomes filled with selfishness or vanity, you have stolen and used God's Life in vain; but if you do physical labor to relieve or release another lifestream from the pressure of that labor that their consciousness of God might grow and you perpetuate a higher state of being in a series of lifestreams aspiring Godward, then you are serving a good purpose. Remember always that man's only true service is to expand the Godly Consciousness through all life, and this includes the three kingdoms simultaneously evolving on the Earth plane; any other service is a mistaken one. If you will ask, beloved ones, for the Ascended Jesus Christ Consciousness, you will find that

much revelation and illumination will flow into your thinking and feeling worlds in a natural manner that will be truly the greatest Teacher you could have.

Blessings and Love,

MAHA CHOHAN

Beloved Ones of Light:

I have thought you might enjoy an account of the activities that take place at inner levels during the great ceremony preceding the initiation of birth. This scene is enacted each year in the month of May when all the souls destined for re-embodiment during the coming twelve-month period are assembled together in a mighty edifice called the Temple of the Sacred Heart - so named because it is here that the hearts which hold the life spark of the physical bodies in which these souls will dwell during their sojourn on the Earth plane are blessed by the Beloved Master Mary, which loving service to life has earned for Her the title of Universal Mother.

I now offer you, in the words of the Mighty Uriel, an eye-picture of what goes on during the solemn ceremony then these millions of souls take the Vow of Obedience to life, dedicate their energies while in embodiment to the service of their individual God-Presences, and are blessed by the various Members of the Celestial Hierarchy before they retire for a short while in preparation for the great initiation of physical birth.

Blessings and Love,

MAHA CHOHAN

Address by the Beloved Archangel Uriel given on May 8, 1955 - Part 1

Beloved Friends:

Today we have the magnificent service which it is My honor to describe to you - the service of drawing forth in the Sacred Heart Temple the millions of souls who will be called upon to pass through the Gates of Birth during this next twelve month period.

Let me take you now on the wings of your own free consciousness - to leave for a little while the fetters of flesh, the worries of mind, the turmoil of human feelings, and, dressed in your seamless robes of white, be not only spectators, but a part of the blessing upon those lifestreams who are coming into the Earth theatre at a time when great strength and great love shall be required of them.

The Temple of the Sacred Heart is under the direction of the Beloved Mary, Mother of the Master Jesus. Great fields of long waving green grass stretch out from the building in all directions and immediately surrounding it are gardens filled with all the beautiful flowers representative of those which bloom in your own gardens.

The souls destined for re-embodiment and dedication may be seen now, dressed in white garments, making their way singly and in groups through these pleasant meadows - and so we approach the Temple.

As we come closer, we see the Beloved Mary,

whose service to life is to fashion the heart - the actual physical heart of the body in which every soul destined for re-embodiment on Earth will dwell. She stands at the great open doors of the Temple with arms outstretched in welcome and is smiling as she looks upon the approaching souls who are shortly to be born through pain into the world of form, wrapped in the bonds of forgetfulness, bringing with them vows, talents, accomplishments, developed capacities and gifts which, only God alone knows, if they will ever develop. She looks radiantly beautiful, robed in garments of soft, delicate pink, Her golden hair lying loosely upon Her shoulders and upon Her head a wreath of small pink violets.

At Mary's right stands the Beloved Vesta, beautiful Goddess of the Sun of our System, dressed in snowy white garments, a garland of white blossoms on Her lovely head. On Mary's left stands the Lady Vebus, beautiful Mother of Love, robed in cerulean blue with flowers of the same celestial color adorning Her long golden hair.

Beloved Hearts of Light:

I have pleasure in giving you herewith another installment of the Beloved Uriel's address on the incoming souls. As you read it, beloved ones, do not dismiss it from your minds as just so much knowledge given for your entertainment, but rather hold them in your prayers, asking that the proper parents, homes and environment await these hopeful hearts. They come from the Octaves of Light to serve mankind, but with the bands of forgetfulness on their brows, many, through the homes and environment in which they find themselves, do not remember their mission during the entire embodiment. Call for their awakening and illumination, and in this way you will be doing your share in helping to fulfill the Divine Plan for our beloved planet.

Address by the Beloved Archangel Uriel given on May 8, 1955 - Part 2

Now, as these souls approach the Temple, beloved ones, they are those who have been summoned for re-birth. In each year so much of the karma that remains in the atmosphere of Earth must be dissolved. Therefore, it is necessary

that many of the lifestreams that created it must be sent back into the world of form and given opportunities to face conditions and find absolution for that karma. These are the ones that are summoned by the Karmic Board and are reluctant to go.

Then there are the conscious chelas of the Masters; those who represent the Chohans of the Rays and others who have studied at the Temples in the inner spheres. These latter are filled with the blazing light of zeal and enthusiasm - that enthusiasm which you, too, once knew before you found the flesh so heavy and reluctant. These are the souls who have applied to and petitioned the Karmic Board for opportunity to re-embody, and as there is no favoritism in Divine Justice, these also come under the law that out of every three applicants, two are rejected and one accepted.

Now, as we approach the ceremony, I would like you to stop and think, dear ones, and feel deeply within yourselves what it means when you have lived in the 'Elysian Fields'; when you have looked upon the Face of the Father; when you have felt the enveloping love of the Angels; when you have seen not 'through a glass darkly', but face to face; when you have experimented with and completed some magnificent musical composition, some daring invention, some glorious architectural Temple, some magnificent religious contribution, or perhaps some political manifestation, and you stand in your full freedom offering your all to life - then to be born into this world of form a helpless infant without even the gift of focused sight - working by sense, by instinct, coming gradually into possession just of the faculties of the body - what a degradation that is for a proud intelligence! Sometimes a whole lifetime goes by without the soul ever getting conscious possession of the dream, the vision, the vow for which the Lords of Karma allowed it embodiment - denying two others who perhaps, had they come, might have had tenacity enough of spirit, selflessness enough of purpose, vocation deep enough within the heart to have done that which the one who came had left undone.

To you, for whom the veil has been rent; you who have enjoyed the Elysian Fields; you who have been reminded in the days of your strength of that which is your purpose and design, I say that you are more fortunate than the millions who have gone before, who have stumbled in darkness and blindness century after century, feeling in their hearts the unrest and the hidden knowledge that there was something to be done, but finding no door of consciousness open to tell them what to do and how to do it.

Beloved Children:

This month, as we honor the Flame of Precipitation within the Beloved Lanto's Retreat in the heart of the Royal Teton, I would remind you that this Flame holds within Itself every good thing that the heart of man could desire, and that the manifestations of every conscious individual, whether they still walk the Earth or enjoy the glories of Heaven, come through the use of this great Gift of God.

It has been said: "Eye hath not seen nor ear heard; neither hath it entered into the heart of man the things that God hath prepared for those who love Him." Know you not, dear ones, that the glory of God's Kingdom is limitless. You do not deplete it by drawing it forth; rather do you add to Its splendor when you expand Its borders through your conscious use of the Power of Precipitation, the Flame of which burns in the secret chamber of your heart and to which you have access every moment of your lives. Call it forth and command it to bring into manifestation for you the peace, the happiness, the health of mind and body, and the prosperity which you desire - possession of which is your divine birthright.

As you study Beloved Kuthumi's Report of the Transmission Flame Ceremony, will you go in consciousness to where this Precipitating Flame is exposed and active and let it stimulate and

expand the power of acceptance of Its beneficent presence in your beings and worlds. USE this Flame, I implore you My children, and free yourselves from the limitations of the flesh.

Beloved Kuthumi's Report of the Transmission Flame Ceremony of June 18, 1955.

Beloved and Blessed Friends of Light and Love:

I bring you greetings and blessings from the Hosts of Heaven, the Beloved Lanto and the Brotherhood of the Royal Teton, as well as Their gratitude for your sincere and deep interest in these half-yearly Councils where the Great Karmic Board meets to listen to the ideas, the petitions, the visions and plans of members of the Ascended Host who have dedicated Themselves to the upliftment of the mankind of Earth, as well as the petitions and ideas of unascended beings who are now consciously aware of these activities.

As I stood here this evening, my thoughts went back to a few short years ago when practically no unascended being ever attended these Councils or knew of these petitions, or if they did, would have the temerity or audacity to petition the Karmic Board themselves while yet wearing the chains of karma in the flesh. And, more important still, to the time before unascended beings stood in their inner bodies

before this august, impersonal, impassive Body and actually convinced Them that there were embodied men and women willing to make sacrifices great enough that dispensations, grants and gifts of mercy, for which petitions have been made for thousands of years without success, have been handed down within the period of the last three years in such proportion that it certainly makes our Earth a happier place from the inner standpoint, and as that radiation flows, a happier place without as well.

As you proceed on your holy pilgrimage now to honor the great Teton Gathering, each of you investing your time, money and energies, nay, your very selves in the endeavor, may the infinite blessings of Lord Buddha, Lord Maitreya, and the entire Heavenly Host go with you, and may you return rested in body, strengthened in spirit, and with a record of 'work well done' written across your etheric body.

Tonight we turn our attention westward - to the great Teton - where so many of you gathered one short year ago. We honor that magnificent natural cathedral rising like a beautiful spire into the heart of Heaven, and visualize over it that invisible ladder of Light down which Lord Michael walked accompanied by the Manu and the children of the First Root Race who ever trod this Earth so many long ages ago.

The Karmic Board have assembled ahead of Their usual time this year in order to attend the Transmission Flame Class. Their thrones are all constructed of deep green emerald, and on the back of each is a great jewel representative of the color of the Ray to which the Occupant

belongs. The central throne, occupied by the Beloved Portia, as Spokesman for the Board, is decorated with a large purple amethyst, the color of Her Ray. She Herself is robed in the same deep royal purple. The other members of the Board are in that exquisite Chinese green in honor of the Beloved Lanto and His Brotherhood.

You will remember, We told you last year that seven great chambers had been hewn out of the mountain around the central chamber so that now the entire effect resembles a gigantic sunflower, the large central room representing the stamen and the surrounding chambers the petals.

The added rooms are closed except on very important occasions. They are shut off by means of beautiful tapestry curtains woven by chelas in Persia and India, with a picture of an Archangel and His Archaii in the exquisite colors of Their Rays depicted on each curtain, making seven in all. These figures are woven into each side of the curtains so that when they are drawn back from the center, as they are tonight, you see the beautiful Archangel figures seeming to guard the entrance to each of these seven chambers.

The great altar is in Chinese ivory, and around its base are plaques on which the story of creation is featured in embossed gold. First you see the coming of Lord Michael and the first Manu with His people. Next the second Manu with His people and after that the third. The frieze is not completed as only the first, second and third root races have completed their missions and returned Home - the fourth, fifth and sixth

still walk the Earth, while the seventh is yet to come. When all these have fulfilled their missions, the remaining plaques will be filled in.

The Hierarchy has presented the Brotherhood with a magnificent brazier of the purest jade encrusted with emeralds to hold the Flame which is blazing high now, showing a center of gold with an outer radiation of green.

The seven Chohans, with Their chelas and constituents, occupy the side chapels. They are all clothed in the glorious colors of Their respective Rays.

In the central chamber are placed the thrones of Sanat Kumara, the Lord Buddha, Lord Maitreya and the Archangels. Three Messengers from the Sun of Helios and Vesta are also enthroned here and thrones have been prepared likewise for Messengers from the Great Central Sun whom the Council hopes will attend before the Assembly is dismissed.

Saint Germain is at the organ tonight, looking the very embodiment of music as He sends forth the delightful melodies of the inner realms. He also plays your Freedom Flame song.

The radiation around Sanat Kumara is tremendous. Already the room is filled with countless tiny duplicates of the Precipitation Flame which will be catapulted over the entire Earth when the breathing activity begins. Accept them as a Gift from the Lord of Life, dear ones.

God bless you, each one.

Beloved Children:

You will not realize until you are free in God's Heart what a joy it is to those of Us who have served a sleeping mankind for countless ages, without a flicker of recognition on their part, to see at last the soul Light of awakening consciousnesses telling us that man is at last awakening to a knowledge of Our Presence and is willing to take Our hands in love, comradeship and service, uniting his energies with Ours for the upliftment of the race.

Thank you, beloved ones, for the individual expressions of love and gratitude which have come to Me and My Beloved on the beam of your own consciously directed energy. Back over this same tangible path do We now consciously direct to each one of you all the Grace, all the Wisdom, all the Purity, all the Healing and Abundance which it is Our privilege, joy and capacity to bestow. May your faith and trust in the tangibility of Our gifts open the doors and windows of your souls that these benefactions may enter in and take up their abode in your beings and worlds for eternity.

Address by the Beloved Archangel Uriel given on May 8, 1955 - Part 3

May God grant that when the souls who stand before Mary today reach maturity on the Earth plane there may be some individuals still in embodiment advanced enough and interested enough to spark their light and fan it into living flame, that they might be able to say with the Beloved Jesus: "For this was I born - for this reason came I into the world of form that I might manifest the Truth!" May each one be able to pray within himself: "All glory be to the One Eternal Father that His mercy has caused me to remember my obligations to life before the sands of my time have run out, while there is still breath in these nostrils, life in these loins, while I yet have strength and energy, the power of speech and feeling, and the capacity to make things right.

Oh, lovely ones, I have so often seen souls return who, like these standing here today at inner levels, had much light which had been swallowed up by the rip-tides of billions of men's and women's thinking; the effluvia of the age attaching itself to their various weaknesses, wrapping itself around them until the day of opportunity had come and gone. Then, their brief time upon the stage of life past, their speeches unsaid, their compositions unplayed, their role unfilled, they returned home. Your poet spoke truly when he said: "Of all sad words of tongue or pen, the saddest are these - it might have been."

Oh, beloved ones, on behalf of those who come to Earth now, I ask a heart-prayer from deep

within your being that each incoming soul shall be such a light and fire, such a Presence, that within the course of that one Earth life, not only one, but millions of Christ Beings will be developed.

Now, if you will notice, the Seven Chohans stand within the center of the great group of souls who are seeking re-embodiment. As we described it to you last year, their formation takes the appearance of a gigantic seven-pointed star, each group looking something like the wedge of a great pie, the wide part forming the circle at the center within which the Chohans stand, each One confronting His own people, the formation narrowing outward until it reaches the point of the star.

As you enjoy the Beloved Uriel's description of these scenes at inner levels in which each one of you have participated countless numbers of times, may I ask if you will join your prayers with Ours that these hopeful - and for the most part enthusiastic - spirits may find joyful and happy parents as well as comfortable and harmonious homes awaiting their advent on the Earth plane. You will see the necessity for this selfless service on your part, dear ones, it being evident that these incoming souls must have peaceful and happy surroundings if they are to render the assistance to the planet and their fellowman which prompted the application for embodiment of the majority of them at this time.

Address by the Beloved Archangel Uriel given on May 8, 1955 - Part 4

Viewed from a distance, this great star-shaped formation of human souls presents a most magnificent aspect, each section appearing in the color of the Ray under which it is developing. Last year, all the participants wore pink,

but this year it was decided that each individual wear the color of his or her Ray; the seven Great Chohans appearing in the deepest and truest color of His respective Ray.

Every member of this vast concourse of souls faces inward toward the circle in the center of the star where the seven Chohans stand facing outward toward Their people. Those closest in proximity to the Masters are the trained, developed chelas who will be the leaders of the future in their particular fields of endeavor.

Facing the Master Morya, Mighty Chohan of the First Ray, are the statesmen and governmental heads of tomorrow. These are dressed in deep sapphire blue, blending into the lighter shades as this section of the star reaches the outermost point.

Next we have the Beloved Kuthumi, Great Chohan of the Second Ray. This Master is in deep gold, as are also His trained chelas in the first rows who are the teachers and educators of the future. The gold in this section gradually changes to almost white at this point.

Facing Paul, known as the Venetian, Beloved Chohan of the Third Ray, are the exponents of Universal Brotherhood - the Utopia that is to manifest on Earth. In this group also are all those interested in the various arts. The color of this section runs from the deep, deep rose of the Master and His close disciples to the very pale pink at the farthest point.

Confronting Serapis, Great Chohan of the Fourth Ray, are all those vitally interested in

the Resurrection and Ascension, the ones nearest to Him, of course, being His trained chelas. The majority of souls in this class will gravitate to the esoteric circles of the future. This section is all white, from the sparkling garments of those in front to the almost eggshell shade farther out.

The great Hilarion, Chohan of the Fifth Ray, is next. Both He and His trained chelas in the front row are in deep emerald green, graduating to the paler shades near the point. In this group are the future scientists, missionaries, men of medicine and inventors, the hope of the New Age.

Beloved Children:

For our Transmission Flame Ceremony this month (July 16, 1955) the Angel Devas erected over the beautiful Manor House in Transylvania a magnificent amphitheatre of a deep purple marble-like substance, studded with amethysts, sufficiently large enough to accomodate the vast numbers of visitors from the various realms (ascended and unascended) who now honor Us with their Presence each month, drawn by their interest in what this activity means to the evolution of life on the planet Earth and its possibilities in hastening evolution on other stars.

The Archangel Zadkiel, in His glorious robes of royal purple, stood in the atmosphere over the structure pouring His Radiance over the entire European continent.

Officiating as Directors of the Freedom Flame were the Great Divine Director and the Goddess of Opportunity (the Beloved Lady Portia).

Saint Germain addressed the Assembly Himself using the amplified energy of the Flame to project His words into the consciousness of the gathered multitude as well as into that of mankind in general, directing it particularly to the chelas in their various Sanctuaries and homes who are tuned in to the proceedings.

In His discourse He stressed forcibly the power

that lies within the Flame that beats every human heart. Give careful attention to His words, beloved ones, for within them is the freedom that all mankind is seeking.

ADDRESS BY BELOVED SAINT GERMAIN - July 16, 1955

Beloved Friends:

"I AM" THE SPIRIT OF FREEDOM! I bring to you tonight a remembrance of the fact that you are FREE-BORN - free-born out of the bosom of the Eternal Father, invested with the same Immortal Flame of Life by which every God Intelligence that has ever attained perfection won His or Her Freedom. Within your hearts is the Flame by which the Archangels soar in Their passage from one sphere to another to the realms of the Sun behind the Sun.

Within your hearts is the Flame by which the Mighty Elohim of Creation project Their ideas into the manifest world. Within your hearts is the Flame by which every Sun God and Goddess in the universe create and sustain Their solar systems.

You are free-born, dear people, in the use of life and light - in the use of thought and feeling which are your instruments of creation. You are also free to walk either in the ways of men or of angels, and to transfer, through

radiation and example, this freedom to others.

Through the atmosphere of Earth tonight, I CALL in the great NAME OF FREEDOM to every man, woman and child, every angel and elemental, evolving in one form or another, on the Earth's surface.

YE ARE FREE-BORN! ARISE NOW AND ASSERT YOUR DOMINION! Throw off the shackles of your individual imaginings! Square your shoulders! PREPARE TO WEAR THE ROBES OF FREEDOM! And give this freedom, by the power of radiation and contagion, to your fellowman.

I CHARGE and CHARGE and CHARGE you this night with the most powerful pressure of the Freedom Flame that has ever been known outside of a Retreat. Accept it deeply within the energies of your beings and feel that Flame regulate for you the atmospheric conditions in which you live, your personal affairs, your relationship to the Godhead, and give you the Ascended Master Consciousness while you still walk the Earth.

The Cosmic Law demands that My voice be heard NOW by the mankind of this planet which is destined by Sanat Kumara to be FREEDOM'S STAR, but you are also My lips, My voice, My message. You are My Radiation and the power of conviction that will show mankind, by your word and example, the freedom that is within the Violet Ray. Upon YOU I depend for that freedom expressed.

****

Now, beloved friends, with your permission I

will give you an object lesson on the Power of Precipitation.

First, you must realize that in order to become masters of energy, it is necessary to use the instruments of power with which we were endowed in the beginning, to both draw and dispense energy. These powers, beloved ones, are symbolized by the crown and the sceptre.

The Sceptre is the symbol of the rod of power. This is the same symbol that Sanat Kumara uses to keep this planet and its people from flying off into space. It is also symbolical of the rod of Aaron mentioned in the Scriptures.

The Crown is symbolical of the raised consciousness.

Within yourself, the sceptre is your power of invocation - the power of concentrating your energies in mental or physical invocation on the higher Octaves, by which concentration the currents from above are drawn down and CHARGED and CHARGED and CHARGED into the condition to be rectified.

At the same time, the heart and mind (consciousness) must become still long enough to let the Presence of God reveal to and through you that which should be done in the particular situation which prompted your call.

All the power of the sceptre is worthless unless there is a receptacle (crown) into which the concentrated energies may be released, transubstantiated and prepared for dissemination to mankind.

The power of the crown is likewise worthless without the invocative power of the sceptre.

When you combine the two activities - the power of invocation (sceptre) with the quiet and reverent listening of the raised consciousness (crown), you will have a completed operation - otherwise it is only half finished - which is the main reason there are not more satisfactory results from calls.

****

You see, dear ones, if you are so busy with your 'sceptre' that your 'crown' is in a constant state of motion, making it impossible for your brain to catch the message from above, what good would you be in an emergency?

On the other hand, if you are busy visualizing ephemeral temples, flitting from cloud to cloud in a 'personal escape', not willing to draw down the light either from your Presence or from the Angels, you have also 'missed the mark'. It is the middle way alone that brings results and marks a safe pathway for your journey.

I thank and bless you, each one. Good night.

Beloved Hearts of Light:

Have you thought of how far we have progressed through our association over the past few years that now we take for granted a communication between Our Octaves that would be considered impossible of achievement by the so-called 'modern man', regardless of the fact that he enjoys in his home and affairs comforts and conveniences of inventions that would have been considered equally infeasible a comparatively short time ago.

The Celestial Hierarchy has waited long for this expansion of the human consciousness which is a tremendous step in human evolution, and while the majority of mankind has not accepted either Our Presence or reality in the universe, yet We feel that the thin edge of the wedge has been inserted in mankind's unbelief and that it will be only a short time before the veil, built mostly of human incredulity, will be dissolved completely.

In the meantime, beloved ones, I do not need to remind you of the responsibility of your position in holding in your hands the strands of this yet frail bridge that divides Our Octave from yours. You hold Our honor and freedom in your keeping as well as your own and that of the dear planet which occupies such a precarious position in the solar system at the present time. Remember that it is through your word and

more important still through your example, that man will be drawn to the reality and unification of God's Kingdom everywhere.

Address by the Beloved Archangel Uriel given on May 8, 1955 - Part 5

In the next section we have the Beloved Jesus, Great Chohan of the Sixth Ray. His Chelas are those who will work in the same activity as My own - Ministration. In this portion of the star we have a two-fold color scheme - ruby and gold, the Master Himself appearing in deep pink-ruby in honor of the Sacred Heart Temple and Beloved Mary Who is the presiding Master of that Temple.

The Beloved Saint Germain, Chohan of the great Seventh Ray, occupies the section between the Beloved Jesus and El Morya. He looks magnificent, as usual, in deep royal purple, His chelas appearing in a slightly lighter shade. The balance of the people in His section will, He hopes, feed into His activity in the days to come. This portion of the star presents a most beautiful aspect, ranging as it does from the deep purple to a delicate violet at the point.

In each section a fairly wide aisle separates the 'volunteer souls' from those summoned by Cosmic Law to fulfill part of their unfinished obligations to life by reincarnation on the Earth plane.

A great band of angelic beings from each of the seven spheres, clothed in the magnificent colors of Their Rays, surrounds each section of the star.

While the souls in the seven divisions have been getting into place, and the seven Chohans taking Their positions, a great band of Mighty Spirits has been convening in the very center of the star to offer Their blessing and encouragement to the departing units. These include the Beloved Vesta and the Lady Venus, the Lord Buddha and Lord Maitreya, the Maha Chohan with Pallas Athene, the Archangels and Archaii, the Beloved Mary, the Goddess of Opportunity, and many other Great Ones.

Beloved Children:

You will find, upon contemplation of Our Beloved Uriel's description of events which occur at stated intervals at inner levels, that the activities taking place 'beyond the veil' are so tied up with those of the world of appearance that they are both necessary for continuity of purpose and that each could very well be called either a 'prologue' or a 'sequel' to the other.

The seemingly unhappy and painful experiences incurred by those whose dear ones pass into the 'beyond' will be swallowed up by the Flame of Truth when the human mind becomes illumined and man will see that that which now seems to be a 'severance' of life is a concept that exists only in his own imagination. When man has grown perfect in love, he will take a less selfish view of the activity of 'birth' also.

It is to eliminate fear from your hearts, beloved ones, that we present these scenes to you, for you must know that We, too, have trod the same path that bears the imprint of your blessed feet at present, and put of the fullness of Our experience We can tell you that Life is Good; that God is Love; and His Will for His children everywhere is Eternal Happiness through Victory.

Blessings and Love,

Address by the Beloved Archangel Uriel given on May 8, 1955 - Part 6 (conclusion)

Following the procedure of last year, I will now ask the group to sing of the opportunities to serve offered on the Earth plane which, coming from incarnated spirits, should give certain encouragement to those about to go thither.

Audience rises and sings: 'Opportunity to Call'.

Thank you, beloved ones. Will you now sing the RESPONSE in that beautiful Consecration Song dedicated to the Beloved Raphael. Please render this verse seven times - once for each section of the star - representative of the seven types of evolving beings. As you sing, each Chohan will have His people bend the knee before the Mighty Beings at the center of the star to receive Their blessing and benediction.

Audience sings:

Consecrate me to Earth's great Victory;
Lift her strain and her stress
By Light's great happiness.
Every heart sings as our Raphael brings
Healing in His great Wings.

Thank you, beloved ones. As this great ceremony proceeds and the activity of benediction enfolds everyone present, We have with Us again the Visitors from other stars and planets - volunteers willing to take incarnation on Earth for the purpose of setting the Beloved Sanat Kumara free. They all stand to one side, their eyes like great luminous orbs and their whole

beings brilliant with inner light. They wear shimmering robes of dazzling whiteness, studded with stars. The Karmic Board accepts very few of these great spirits on account of the great sacrifice it would entail on their part. Last year a beautiful golden-haired Buddha was accepted, and lives somewhere on Earth today in a child's body. May God protect Him.

All of these hopeful souls will endeavor to embody within the twelve month period ahead, but all will not succeed. Many will be driven back for various reasons, many of which you are aware. May God prosper their journey is the prayer of all Our hearts.

Beloved Children so Dear to My Heart:

Will you please open your minds and hearts this day to the stream of love which I consciously direct to you from My own God-free heart and consciousness which holds within it the desire of the Cosmic Holy Spirit (whose Representative I have the great honor to be) for your full illumination and freedom from all the limitation of the appearance world through the authority of the Immortal Three-fold Flame in your hearts - which is your real Self.

Beloved ones, the cooperation between unascended beings and the Brotherhood of Ascended God-free Beings on the planet Earth today is more important than it has ever been. The great Chohans and all those who have taken upon Themselves the responsibility of hastening the evolution of the race are so cognizant and aware of the short time given Them in which to imbue, develop and bring to full maturity every embryonic spirit capable of taking its place as a Light-bearer that they are straining every effort in Their endeavors to acquaint mankind with not only the importance, but the lateness of the hour.

The Earth people (incarnate and discarnate) are divided into seven types, and the Lords of Karma Themselves have issued a fiat to the Representatives of the Seven Rays (the Chohans) that They must, in some way, secure the cooperation of the members of the race who are evolving under Their Rays that these people, through understanding and the desire to cooperate with life, may render all the assistance possible in the awakening of their fellowmen to the need of fulfilling their Divine Plan in the short period of time allotted for this purpose.

In like manner, the seven Archangels have been directed by the Karmic Board with regard to the more speedy evolution of the Angelic Kingdom, and the great Devic Lords have been so notified with regard to the speeding up of the Nature and Elemental Kingdoms.

It is what you may call a 'Cosmic Ultimatum' to all those who took the responsibility of developing an evolution, and these Beings, in turn, are pushing the outer representatives of Themselves to their fullest capacity, inspiring them to do all that is humanly possible to make a personable presentation before the Cosmic Law. So you will see, dear ones, that there is 'hustle and bustle' in Heaven, compared to which the 'hustle and bustle' of the physical octave is as a straw before the wind.

That which is required of the awakened individual is simply that he abide by the law of Love in his everyday existence, as was exemplified by the Beloved Jesus at the beginning of the Christian Dispensation. In this way he will encourage his fellowman to put on the garment of Grace, as well as increase, by his own presence, the luminosity of the Earth, making it possible for her to fulfill the fiat of the Cosmic Law by radiating the full allotment of light required to hold her rightful place in

the solar system. Mankind, as a whole, rarely recognizes a 'cosmic moment' until after it has passed; and the Earth and her people are called upon to pass such an initiation at the present time. The admonition 'he that hath ears to hear, let him hear' might be heeded with advantage by the present generation.

Blessings and Love,

MAHA CHOHAN

THOMAS PRINTZ' PRIVATE BULLETIN

No. 21 August 21, 1955

Beloved Children:

When an individual thinks of an Ascended Master, the light ray (which is his thought) proceeds immediately to the Heart Center of that Master's Presence with the same degree of accuracy that a telegraphic beam is directed from the wires to a distant city or a boat in mid-ocean. From the heart of the aspirant there flows forth a steady stream of electrons without number, and these form a beam or current which connects the thinker with the Master's Heart and so provides a natural current over which the Master's assistance and radiation ride back into the life, the experience, and the consciousness of the student. Thus, often, in times of stress or strain, when one has not the time to phrase a specified request or requirement, the chela, by directing his attention to the Master, can set up this connection with just a simple prayer or invocation, and the Master's Light will return on that current of energy to give the protection, the illumination, or the radiation required.

If the student could realize how instantaneous is the connection established with the Master by his call, and the return of protection offered, he would truly know that the statement of the Beloved Jesus: "Lo 'I AM' with you always" was more than a mere paraphrase of the words "I AM".

Once an individual, unascended, has the

privilege of becoming cognizant of any group of Perfected Beings, the Angelic Host, or the Spiritual Hierarchy, he is never alone again, because he knows that every time he required definite guidance or assistance, the response to his call will bring immediate help, and the Master's radiation will flow into his life and out through him into the condition requiring assistance (if he is making the call on behalf of someone else).

If the students were to practise making this contact with the Presence of the Masters more often, they would find themselves much less influenced by the appearance world, and free from the terror and uncertainty that the outer world creates in the feeling nature when they allow their thoughts to dwell on discordant expressions.

Many people have felt the instantaneous release of light by the use of just the Name of Jesus, and the ancient members of the human race were in constant communication with Sanat Kumara through the reverent repetition of that august Title. The use of these Holy Names later became degraded into curses, but We are hoping now that the use of the words representative of the sacred Titles and Names of the Ascended Host may come again to mean a powerful and potent force in the lifestream choosing to experiment with this portion of the Cosmic Law.

Beloved ones, in travelling life's pathway, upon which are found many obstacles due to past karma, it is a wise student who accepts the advice and guidance of those of Us who have trod the same highway and successfully finished Our journey. As one joyfully anticipates the visit

of a well-loved friend, so do We listen for the sound of Our Names vibrating through the ethers which tells Us that some beloved friend still on the Earth plane is either sending Us thoughts of love or asking Our assistance, to both of which We instantly respond.

Blessings and Love,

Our Beloved Morya acted as Commentator on the occasion of the current month's Transmission Flame Ceremony held on August 20, 1955, and it gives Me pleasure to present His description of these activities to you. He also delivered a most timely and pertinent address on the planetary changes taking place at the present time due to the straightening of the Earth's axis, resulting, as you are aware, in hurricanes and other disturbances of a destructive nature on the Earth's surface, and He gave ways and means by which these may be palliated through the energies of the students - in decrees. This important address will go to you in next week's Bulletin, but now I know you are all eager to get the monthly report on the Transmission Flame Ceremony so dear to all Our hearts. Report by the Beloved Morya on the Transmission Flame Ceremony of August 20, 1955

Beloved Friends:

Let us now project our consciousness (see Note 1) to the Beloved Venetian's Retreat in the heart of France. It is approximately two forty-five in the morning over there and the sleeping inhabitants are not aware of the friends from all over the world who have landed in their midst. Look for a moment, with your mind's eye, at the beauty of the Chateau de Liberte, home of our Beloved Paul, and listen to the music and song of the magnificent choir, combined of the energies of the greatest artists of the musical world as well as those of the Ascended Beings particularly concerned with the Third Ray.

The Chateau itself is ablaze with light for the great occasion of the Transmission Flame Ceremony which enhances the beauty of the marble columns entwined with climbing roses, and see you the stars reflected in the shining water of the beautiful fountains and clear pool.

As we enter the great hall I will ask you to take off your shoes (spiritually speaking) and feel the pulsation of the Liberty Flame on the tessellated marble floor coming from the subterranean chamber where it is focused. Feel the vibration of the Flame which has inspired every pioneer and patriot who has ever followed the Flame of Freedom. Feel the subtle radiation pulsating from within the heart of France which inspired the Pilgrim Fathers and others to follow their destiny to the new world of Freedom. We will now ascend to the great balcony where our

Beloved Host greets us lovingly, and where many of the great Guests of the evening are assembled.

The Devic Builders of Form have erected over the Chateau an amphitheatre as large as the whole continent of Europe - including Russia. This is circular in form, and on an altar of exquisite pink marble, in its exact center, stands the Great Liberty Flame, pouring Its radiation over the assembled guests. Above it, in the atmosphere, stands the Archangel Chamuel with the Beloved Nada in attitudes of adoration, and the Beloved Paul Himself is now preparing to enter the Heart of the Great Liberty Flame.

Around the Flame, in a solid phalanx, stand the Ascended Masters, members of the Angelic Host and the inner bodies of the chelas who have consciously projected themselves here, These form a wall of protection for the millions of distressed souls from all over the planet who are calling secretly to the God of Light for freedom. They cluster close around the Flame like moths around a candle, and their inner bodies would be singed were it not for the protection given by the Spiritual Hierarchy.

As the members of the Heavenly Host and conscious chelas pour the wealth of their consciousness into the Flame, the glorious plumes of pink and gold and blue surge up into the atmosphere and as the Breathing Activity commences, Its radiation enfolds the entire planet in Its liberating essence.

My Love and Gratitude enfolds you, each one.

MORYA

Note 1 on Projected Consciousness:

All the students participating in the Transmission Flame Activity arrived at Paul, the Venetian's Retreat, either singly or in groups, projected on the wings of their own Forcefields. These Forcefields, consciously drawn over their homes or Sanctuaries and built through the energies of their calls, act in each case as a 'magic carpet' to transport the consciousness of the students to any given point on the Earth's surface where their energies are needed, under the direction of the Leader. When the service is rendered, the students consciously enter the conveyance supplied by the energy of the Forcefield and return to their starting point.

BELOVED EL MORYA'S ADDRESS:

Ladies and Gentlemen of Spirit:

I come to you tonight on the wings of Love, for Love has secured for Me (through certain, gentle persuasion) permission to be your Spokesman this evening. I would like to tell you that above all the qualities I desire most in a chela that of spirit, for the chela with spirit can become the chela with love. From among the mankind of Earth whom, as Chohan, I have the honor and privilege to represent, I have always chosen those lifestreams who have shown a momentum of

spirit to become the 'spearhead' of any activity, because their fire and enthusiasm are needed to break through the lethargic radiation of the masses and create the fire and flame in those whom they contact, which transmutes that lethargy into light. In any important undertaking, an individual must have spirit if he is to succeed.

In the past, in India and the Orient, when looking over a great number of wild horses, I would always choose those with spirit - those which others would be of the opinion could not be broken to harness or saddle - those that I knew, with training, could learn when love and trust in their master were grounded in their hearts.

That love and trust I shall, with the help of God, establish within the center of your beings, beloved ones, with such intensity that when I speak, you know that which I give to you is the Word of the Eternal God, and for the furtherance of the evolution of the race. I have no other reason for being but to interpret the Will of God through the Great White Brotherhood, the Angelic Host, the Elemental Kingdom, and those few alert, free and strong individuals who have raised their heads above the masses and desire to know that Will first hand.

Without a reason for being, an individual is like a piece of driftwood cast upon the current and riding upon the prevailing tide. With a definite reason for being, I have known individuals to even forswear the mercy and rest of so-called death, remaining for hundreds of years in one embodiment only that the anchorage of

their flame might carry the radiation and the power of their reason for being into the mental, feeling, etheric and physical substance of the Earth.

Beloved ones, you have done well. You have now the wisdom born of understanding. You have a workable knowledge of the Law. You are learning the mastery of invocation, builded through many years of selfless service, and you have developed the capacity to recognize the individual as being important to the whole race in the new spiritual frontier that you face.

One day, upon My Path, I, Myself, learned the lesson that the individual soul, the individual heart and the separate 'selves' that made up My company (as part of an army) were important too. It was then that I began to emphasize and expand the capacity of developing and refining the individual unit, and thus I learned that the power which I held within My hands was a thousand times more effective than the power I wielded before. That is the activity in which you are presently engaged, for the mankind of Earth (who are to be the Light of the World) are these individuals, each part of the great whole, who must be cultivated and won by kindness, understanding and tolerance into self-mastery. Each individual's flame, as it expands through the understanding radiance of your word and example, becomes the Light of the World - a part of the ransom to be paid for the Lord of the World. Working together now with all the power of your combined and determined tenacity, and with all the power of your controlled will, blended in a pressure of love, tolerance and understanding, you will develop, individually

and collectively, an even balance of that Immortal Three-fold Flame which We honor tonight.

I am delighted in the extreme with the efficacy of your projection of consciousness, and the cosmic protection that has been afforded the Eastern Seaboard by your calls in this hour of planetary crisis. It has proven before the Karmic Board and before all the Sons of Heaven what unascended beings can do in wielding the power of their Forcefields and in the projection of a Wall of Light along the coast. The alert and combined group endeavors have done much to stop the onrushing waves and winds that have been created by man's discord. What you have done is a mere experiment and preparatory endeavor to that which you will do - and shall have the opportunity to do in the days, months and years ahead. In the meantime, I offer you the commendation of the most sincere and deepest sort, and this is from One not given to idle praise.

Beloved ones, you have been told that We are in a period of world change. I would like to explain this to you so that your application, individually and collectively, may be more effective.

As the great Cosmic Law requires the return of the Suns of the Solar Systems into the Great Central Sun of the galaxy, each Sun begins to regulate its centripetal force in order to balance the planets belonging to Its System. The planet Earth, as you know, has been bended on her axis for many ages, and is responding now to the magnetic pull sent forth from the hearts of Helios and Vesta, which force is gradually

straightening the axis. This is being done gradually and with loving care so that the great polar ice caps will not be violently displaced, resulting in the inundation of the continental surface of the planet which could very well cause the bodily removal of many of the chelas whom We have persuaded to accept Our existence before the efficacy of their service is made manifest. I know something, beloved ones, of the energy of each one of Us who have passed 'through the veil', and believe Me, not a little of that energy has been expended in making you aware of Our Presence. Therefore, We are eager to hold the advantage We have gained.

As there are rivers flowing through your great oceans in their own direct currents (like the Gulf Stream) so you have, in the atmosphere around and above the Earth, established currents of air. These are the air currents that the aeronautic profession hopes to utilize to carry man-made satellites around the planet by which they hope to investigate interplanetary space and explore the heavens.

These channels of air are as well formed and flow as rapidly as any one of your great rivers. When the planet is moved the least fraction out of its orbit, the currents in the oceans are jarred out of place (you know how the Gulf Stream has changed its course with resulting climatic conditions) and the air channels are jolted out of position as well.

One of these great air channels which has recently moved over the Eastern Coast of the United States now forms the corridor through which these hurricanes sweep up from the Carribean Sea (where they are spawned), creating havoc and destruction in their wake. As a bowling ball runs down an alley, the sides of the alley holding the ball within it, so does the vortex of destructive energy (representative of the hate, anger and lust of mankind gathered together by elemental life) rush through this natural channel.

This week, I offer another portion of Our Beloved Morya's recent address. Faith, perseverance and works are the virtues that lead to complete mastery. You cannot afford to 'rest on your laurels' recently won over atmospheric conditions. You must go forward to further victories.

BELOVED EL MORYA'S ADDRESS - concluded

Through the use of consciously projected consciousness and by the conscious direction of your Forcefields into the areas threatened by the recent hurricanes, many of you have stood within that air channel and blocked off the progress of the onrushing energies of these storms, transmuting and releasing that imprisoned life into a harmonious expression of earth, water and air. Now it becomes the responsibility of the interested students to move the air channel, which has become dislodged and which presently lies across the Eastern Seaboard, back into its rightful place. You can trace the course that previous storms of like nature have taken, and if the actual channel of air over

which they travel can be re-directed and funneled into the upper atmosphere where it can be transmuted and absorbed into a pure and natural element, you will save mankind and yourselves from innumerable battles with successive storms and the tragedies that ensue from such storms of wind, sea and earth upheavals, (see Note 1)

You have, within your own bodies, beloved ones, similar deeply embedded channels through which the energies of life flow almost automatically. It is as though the surface of your inner bodies was like corrugated paper. Each deep channel is the result of your repeated qualification of primal life with the same destructive rate of vibration throughout the ages. These expressions of human nature are what are capped 'tendencies'. They form the channels through which the life magnetised by the Threefold Flame in your heart flows into the destructive expressions of thought, word, action and feeling which you so much deplore. It is the same principle that causes water to flow through an already created channel rather than over a smooth surface. It is to remove these corrugated channels of destructively qualified energy that We are dedicating Our present endeavors. Then the primal life magnetized by the Flame in your hearts will not sweep out etherically, mentally, emotionally, or physically before the conscious mind has had time to control, qualify and direct that energy harmoniously and constructively.

Even as a hurricane follows on an already established path and manifests itself in destruction, so does the life energy of the individual follow the already created channels in the inner or physical bodies of mankind to the

periphery of their worlds. If there are tendencies toward temper, jealousy, discord and other human qualities in your personality, primal life sweeps through these corrugated channels and acts before the conscious self of the individual can control it. Because of the greater powers you have voluntarily drawn and magnetized, you have greatly increased the intensification of energy flowing through the channels of your inner and physical bodies, and the thoughts, feelings, words and deeds which you would not express for the world are often manifest before you have time to check and sublimate those energies. Be patient in your perseverance. Keep an impersonal attitude with regard to the inharmoniously qualified energies of yourselves and others, and you will find that many of these embedded channels will be removed or at least 'smoothed out' to some degree. At the same time, you are learning to consciously create new and constructive channels over which harmoniously qualified energy will flow almost as automatically as the destructive expressions have heretofore. Be as patient with the disturbing energies of each other as you would like them to be with yours.

****

Note 1:

The decree for the adjustment of the atmospheric currents was created to be used in compliance with the instruction given by the Beloved Morya El as set forth above. Remember that not only the air channel which covers the Eastern Seaboard has been dislodged by the adjusting of the Earth's axis, but also water

channels and the channels beneath the surface of the Earth through which the Gas Belts flow, erupting as volcanoes, earthquakes, etc. There should be no feeling nor suggestion of fear inculcated into the students with regard to this positive service to bless and protect mankind. Rather an impersonal, buoyant but determined consciousness should be evoked and sustained in this service.

Beloved Children:

I bring you, this week, a description of the establishment of the Ascension Flame at Luxor as told by My Beloved Son, Serapis, Who was entrusted to carry that Flame from Poseidonus before the sinking of that last remnant of the Atlantean Continent.

Blessings and Love,

MAHA CHOHAN

****

ADDRESS BY THE BELOVED SERAPIS BEY:

We are again celebrating and honoring the Transmission of the Ascension Flame which We have guarded at Luxor since that long ago era when Poseidonus sank beneath the waves. I ask you to enter consciously within your own Force-fields and travel with Me in consciousness across the great Atlantic Ocean to Luxor. Look down as We cross the ocean that still bears the name of the Atlantis We loved so well long ago. You can see beneath the waves the tall minarets of the Temples, the hermetically sealed mansions of a civilization that prospered in the long ago when you and I and others were Priests and Priestesses who endeavored to save that civilization and that era from cataclysmic action which would cause the entire continent to sink

beneath the seas.

Now we are given another opportunity to protect mankind and the landed surfaces of the Earth upon which they abide from similar distress and similar cataclysmic upheavals.

As we cross the Atlantic Ocean, feel your individual Forcefields gently and gracefully settle upon the surface of the sea at the Straits of Gibraltar. Let the radiation and the full gathered momentum of your years of magnetization of the Sacred Fire of protection and purification flow forth from your Forcefields over the North African Coast as well as the southern portion of Europe. We will move together along the blue waters on the surface of the Mediterranean Sea. You have seen a spray of water that is thrown up by a speedboat as it moves quickly through the waters and that is a good picture of the radiation that is passing from your Forcefields to bless this area.

As your Forcefields stop for a moment at the mouth of the Nile River, some of you will remember that earlier journey when We brought the Ascension Flame in the brazier from Atlantis to Egypt. You will recall how we 'spelled each other off' at the oars, rowing against time, knowing that a cosmic moment waits for no weariness of flesh, no doubt of mind, no fear in the feelings, nor any externalization of destructive karma of any man who might be a part of that boatload of individuals entrusted with the mission of carrying the Ascension Flame to Luxor. We had to reach our goal despite any and all individual and collective obstacles within a given time. How we rejoiced when we reached

the mouth of the Nile and knew we were at last within five hundred miles of our goal! The tears fell upon our cheeks as, for a moment, we stretched our arms and flexed the muscles in arms and hands to relieve them from the pressure of service at the oars which we had manned to drive our galley forward when the winds did not fill our sails and help us to reach our goal. We thanked the God that made us as we gazed at the still glowing embers of that Ascension Flame, knowing that within Its Presence was the WAY BACK HOME, not only for ourselves but for all who would lose their bodies in the sinking of Atlantis and who would again wait at the gates of birth for new embodiment upon the remaining landed surface of the Earth. Rising with renewed strength by acknowledgement of our Source we rowed up the river to Luxor. I remember the commendable restraint of the members of our company who, rather than rushing 'pell-mell' over the side of the boat as it rode at anchor, awaited My disembarking, carrying the brazier within which the spark of the Ascension Flame still burned. Then, forming a dignified procession, all followed Me ashore. We knelt about that Flame which we had kept alive by our very breath, our prayers and application during the rainy nights at sea, during the foggy days, as the heavy winds beset our slight barque. As we knelt thus, pouring our love into the Ascension Flame, from the embers New Light grew. At the same time, the great Nile River swelled and the Earth shook. Each one of us remembered Atlantis; remembered the Temples in which we had served builded in such beauty and perfection; remembered our homes, some with grassy swards around them so spacious that the naked eye could not see the outline of the nearest neighbor's home on

the horizon; remembered the friends left behind us; remembered families and loved ones; remembered other frail boats with brave Priests and strong spirits who had sailed north, west, and south on similar missions to our own. Yes, we remembered, and while the Spirit of Hope burned anew at Luxor, a part of us felt every death pang and every pain of the sinking continent and her helpless peoples.

Through the ages, the Ascension Flame has endured. Some of you, in one embodiment or more, have felt the exultation and buoyancy that accompanies proximity to Its Light.

As you pass along the Nile, looking upon the great Pyramids, the Sphinx, the ruins at Karnak and Luxor, think you upon the ages that have been. From your Forcefields is pouring a spiritual essence which is acting to transmute the gas belts beneath Egypt which have caused recent earth tremors. Your love, light and attendance at this Service will help to save Egypt and her peoples from great and devastating destruction.

Look upon the Etheric Beauty of Luxor today! Luxor - which was once builded in the physical appearance world - as the ruins of her Temples clearly show. Luxor - HOPE for all mankind. Tonight it is a BLAZE OF LIGHT. A great amphitheatre is builded above it. In the center upon the altar the Seraphim have drawn the pattern of the Ascension Flame from the Secret Temple. The beautiful Seraphim in flowing white robes have formed the petals of the white flower as well as the golden stamen which is its center. The Archangel Gabriel and Beloved Hope now ensoul the stamen and will be the Directors of

this service. The Great White Brotherhood are all dressed in snow-white garments, and the Brotherhood of Luxor wear white embroidered with gold. I shall now take My place with the Group, and We shall, with God's help, give to you and all mankind a realization that from the Ascension Flame a spirit of buoyancy, hope and new life can be magnetized into your own soul's experience. At the close of the service, a Brother or Sister from Luxor will accompany you home and be at your service for the thirty-day period while this Retreat is honored. They will help you to realize within yourselves that this Flame is not ephemeral but REAL: SO HELP ME GOD - FROM NOW ON I AM DETERMINED YOU SHALL REMEMBER SERAPIS!

Beloved Children seeking the fullness of life in the Ascension of your spirits into the Realms of Perfection in which you are destined to dwell:

During this thirty-day period when the Ascension Flame is honored and the chelas are visiting the concentrated radiation of that Flame at Luxor, I think it wise for you to ponder the feeling of the Ascension, as so beautifully expressed by My Beloved Son, Serapis Bey, in His address on the night of the Transmission Flame service in which you all so joyously participated. I give you below a transcript of His address.

Blessings and Love,

MAHA CHOHAN

****

Address given by the Beloved Serapis Bey at the Transmission Flame Ceremony of September 17, 1955

I bring to you, tonight, the feeling of buoyancy, joy and gratitude that is within the Ascension Flame. I ask that you accept it deeply within your mental, etheric and feeling worlds.

Think, for a moment, of the feeling of every being who has completed his service to this physical world - who has written in Victory upon the Book of Life that portion of the Divine Plan

for which he came into being and has finally heard the summons: "Come back Home to go out no more!"

Think upon the feeling of relief and release as the electrons within the physical body begin to spin more rapidly - the vibratory action of the flesh form throwing off the appearance of age, distress, limitation and mass karma; the mental body freed from the obligations of the outer consciousness - of the ties that bind the lifestream to the world of form; and the feelings removed which bind the soul to world attractions.

Think of the feeling in the consciousness when the etheric body is purified to a place where it no longer retains bitterness, resentment and rebellion. Feel the gratitude of the soul when all these vehicles, standing in obedience to the Spirit's Light, are relieved of the necessity for remaining longer upon the Shadow Star.

Think of the feeling the instant the soul is sublimated, transmuted and transfigured into the Holy Christ Self; when the eyes are opened to the glories of the inner realms, and the magnificent Presence of the Masters and the Angels stand revealed to the sight; when the music of the spheres becomes audible to the ear and the rarified atmosphere, in which only the Perfume of Harmony, Beauty and Peace abide, is breathed into the Free Spirit.

Think of the feeling of buoyancy and gratitude experienced by every lifestream who has ascended and you will get some concept of the

full gathered momentum and the radiation and vibratory action of the Ascension Flame.

All the 'Aves' that rise - all the 'Thank Gods' that issue from freed hearts - the exultation of Spirits no longer bound - all form a part of the heritage and the momentum of that Ascension Flame. Every lifestream ascending upon its crest into like freedom leaves within the Ascension Flame (which has helped it to rise) the feeling experienced at the moment of transition, adding to that buoyant gratitude of those who have gone before.

Think you of your anticipation of the homely things of life - your expectancy, your joyous preparations for a journey where, for a few short days or weeks, you lay down the responsibilities and routine of everyday life and are able to enjoy new scenery, new atmosphere and a certain 'abandon' from routine in that freedom. THINK! This Ascension Flame is the full gathered cosmic momentum of God-energy which forms the pathway back Home into the Heart of the Eternal, and which has been sustained upon the planet Earth through the dedication of lifestreams who chose, even as the students today have chosen to magnetize, sustain and feed that Flame and keep it functioning through the physical appearance world, that it might be the stimulating, buoyant energy required to take every son and daughter of man Home when he wearies of the enjoyments of the senses - when he finishes his course, fulfills his reason for being and stands at a point of personal evolution where the Ascension may be offered and he can accept it. Only the Holy Christ Self and the Electronic Presence of the individual know when the pur-

pose is completed for which the lifestream has entered physical embodiment, and only that Presence within the heart can give the authority to accept the glory of full liberation.

Think not of the Ascension Flame as an escape - as a way out of distress. Yearn not for the Ascension as an open door to relieve yourselves of the problem and experience of daily life which are merely the initiations of the Resurrection Temple brought, in grace, to your door.

You chose your reason for being, children of My Heart. For many ages, preceding the encasement of your Spirit Selves in bodies of flesh, you functioned in various spheres, attended freely many Temples, watched the activities of many millions of Angels and Masters and associated yourselves, through free will, with some Divine purpose.

You, yourselves, individually, stood before the Throne of the Eternal God and asked for opportunity to take a portion of the Divine Plan into your hearts to carry it through the veil of physical embodiment - to remember that Plan, to nourish it by your thoughts, to expand it by your enthusiasm and your feelings, and to make it practically manifest by the coupling of your physical energies with your vision.

You - and no one else - chose that reason for being and you - and no one else - will know when you have fulfilled that service on every plane - physical, mental, emotional and etheric. When you have written across the substance and energy of this world and the inner worlds as

well, with the consciously qualified energy of your own life, the manifest expression of your Divine Purpose, and you can say with all the dignity of a Christ: "It is finished!" then, not escape, but the Victorious Crown of Victory, the Seamless Garment, and the right to abide in Realms to which you have fitted yourselves by service today will be yours.

Blessed hearts, let us be practical, extremely so, in our understanding of the activity of the Ascension. You have been ascending for many ages. The Ascension is not the matter of a moment's realization. The transition from the 'here' to the 'there' is the result of ages of services and awakening consciousness. Let us liken your vehicles of expression (the mental, emotional, etheric and physical bodies) to one of those magnificent four-motored planes which a pilot flies into the higher atmosphere for some specific purpose. A poor pilot, indeed, would he be were not all his engines well oiled, all his propellers in order, and all the mechanisms of his vehicles ready through the kind offices of the engineers to whom is given the responsibility of that service. Then, when from the front office, the directions came, his plane is ready for immediate service and all he needs to do is move the necessary levers and the great plane gracefully rises into the sky and fulfills the purpose for which it was prepared. Are you so ready?

Beloved Children on Life's Path:

Let Me lovingly remind you that the word pictures given for your study and contemplation by My Beloved Sons and Daughters Who have attained the freedom you are so earnestly seeking, are not idly given. These addresses are thoughtfully and prayerfully prepared by Them when They are apprised of Their opportunity to address you. Their words are an outpouring of Their vital life energies, freely and lovingly offered that you may take advantage of Their experiences and example on the same path through the appearance world that your blessed feet are treading today.

No one, Angel or Master, has ever attained mastery without the help from Those who have gone before which had been drawn by earnest and constant prayers for help and guidance. Call, therefore, beloved ones, to your own indwelling Christ or to any member of the Heavenly Host with Whom you may have an affinity, for the faith and constancy you need to hold your feet unswervingly on the Path to which you have been led by grace.

Heretofore, your search for the kingdom has led you down many by-paths, but now you have arrived at a place where you must learn to recognize the voice and radiation of the Good Shepherd (Cosmic Christ) as they vibrate through the words of the God-free, which alone can impart the 'peace that passeth all the understanding of the human mind', and lead you unerringly to the door of that Kingdom which is your Eternal Home.

Blessings and Love,

MAHA CHOHAN

Beloved Serapis Bey's address of September 17, 1955 - concluded See last PP of preceding Circular

Is your mental body (one of the great engines and propellers on which your soul shall rise) free from thought forms of worry and distress - of distortions regarding the image of your brother? Is it free from the trash and accumulation of your concepts of the ages, so that when the signal comes to 'go', the 'propeller' cannot turn owing to the very weight of that effluvia?

Is your mental body clear of human concepts so that it is able to reflect the Divine Pattern and Plan of your own identity as well as the Divine Image of your fellowman and capable of holding thoughts of a positive and constructive nature?

Is your emotional body bogged down with depressions - with those negative feelings that rise from the acceptance of limitation, age and disease? Is it so heavy with displeasure that - should the great call for service come - your soul would have to ride upon three 'engines' or maybe two? Is it ready, filled with the Fire of Enthusiasm; the positive consciousness of Faith;

the infinite illumination and understanding of Light; the Love for God and man; the purity in the secret places into which no one can see but yourself? Is it filled with the dedication and consecration of your secret energies to Saint Germain's great Age and Era; the feeling and desire to minister unto your fellowman and that strong conviction that the powers of Invocation, Magnetization and Radiation are yours to wield?

Are all these the occupants of your feeling world, spinning rapidly in its orbit, ready at a moment's notice to move?

Is your etheric body clear of the hidden resentments and rebellions of the injustices of others toward you? Does it seethe with hidden hurts? Are there, beneath the surface of its cloak, memories that even you, yourself, know not of - of ages of battle and distress - that open like fresh wounds when lifestreams again come together under pressure of cooperative service? Or is that etheric body filled with memories of the light you saw drawn by Lord Michael in the first Golden Age; the powers of conscious precipitation which you witnessed and in which you engaged under the direction of Lanto and the Brothers of Lemuria?

Is your etheric body vibrant with the memories of the true Priesthood of Atlantis - of those days I remember so well when the Priests and Priestesses held the connection between God and the people, even ae you, today, uphold Our efforts? These Priests and Priestesses were able to reach into the Divine Spheres above and draw forth, magnetize and radiate blankets of consecrated energy for the healing of millions.

Is your etheric body in this pure and positive condition, or should a summons come, should Atlantis rise from Her hermetically sealed tomb and come again to the surface, will your inner bodies be grounded by shadows and only one of your vehicles be available to assist us?

Is your physical body vibrant, alive, young and vital? Has it developed dignity and mastery through the years? Have you thrown off the vibratory action of the masses - refused and repudiated disintegration, disease and decay? Is your physical body charged with the power of endurance that may be required to spend days or weeks without sleep, magnetizing light and ministering unto the homeless and confused? I would suggest that you examine well the instruments through which you must work.

Beloved ones, when We speak thus to you, We speak to stimulate in your feelings a realization of what you can become. Do not sink into a slough of depression and say: "These achievements are for others." "Perhaps I have been born too soon." or "For me it is too late." IT IS NOT TOO LATE! DO YOU THINK YOU WOULD BE A PART OF THIS ACTIVITY - DO YOU THINK OF MY VITAL LIFE THAT I AM POURING INTO YOUR CONSCIOUSNESS - OR THAT I WOULD BE GIVING YOU THESE ENERGIES AND THIS SPUR, IF YOU WERE NOT CAPABLE OF THIS SERVICE?

Even in the human realm, no kindly, mature lifestream would spur an individual or an animal on beyond the capacity of that one's maximum possibility or achievement.

Blessed hearts, I speak to you individually.

I spoke to you thus before we left Atlantis - before we sailed under sealed orders north, east, south and west. Now you are again sailing under sealed orders - sailing in faith, with your Scroll not yet unfolded within your hands, and you know not the hour or the day when you shall be summoned - summoned for great and cosmic service.

We will need your minds alert; your feelings calm; your etheric bodies peaceful, and your physical bodies rested, vital and alive. LOOK THEM OVER! You do not need anyone to tell you which one of your vehicles requires assistance and development. There is at your disposal the power of purification and sublimation through the use of the Freedom Flame. The use of the Violet Flame is the most magnificent mercy ever offered individuals outside of the Retreats. It is yours to use. Do not be like the pilot who is left behind when his squadron flies on missions because his engines would not turn (because your inner and physical bodies are not ready). FLY AS ONE, O Children of Light, into any emergency that arises on the moment! Practice as you have done in these smaller appearances of nature's upheavals. There shall come a day when you will remember My words. May you be ready!

Beloved Children of the One Father:

Radiation is a marvelous subject for contemplation. Every manifest expression in the entire universe, from the smallest molecule to the Great Central Sun Itself, is a radiating center of one kind of vibration or another. When you stand near a heat radiator in winter, you feel the heat, although your physical sight, as a rule, does not see the substance that makes up the heat waves. You have felt the light and warmth from the physical sun in Summer and have enjoyed the fragrance of flowers as well as the pleasing aromas that radiate from the food being prepared in the kitchen. All this is an activity of radiation.

All people radiate constantly, and the substance that is emitted from their various bodies affects all other people everywhere on the planet. We are endeavoring now to bring every man, woman and child to a place where the radiation from their bodies is harmonious, restful and peaceful so that their lifestreams, when they are in contact with one another, are uplifted, balanced and enriched.

If you will remember that what passes from your body in thought, spoken word or feeling affects all parts of life on the planet - men, women, children, animals, plants and vegetables either for good or evil, you will, I know, endeavor to express and expand only that radiation

which is as comforting and which is as healing as the light from the sun.

The planet, as you know, is passing through a very dangerous and chaotic period, and if We could depend on your outer selves to hold a certain harmony, We could use you without limit in delivering this beautiful Earth from destructive activities and expressions.

From the Heart of the Presence of each one of you, beloved ones, comes a stream of Electronic Light which finds anchorage within your physical heart and forms there a pulsation of Flame which has been referred to as the Threefold Flame of God.

From that Flame within your heart there passes through all your bodies the electronic energy by which you live. That energy is the God Power that governs the universe and that animates all living manifest form. Within that energy which flows from the Heart of your Presence is the Power of Life Eternal and the only Healing Force in the universe. There passes through your bodies every second enough of this electronic force from God's Heart to heal and completely free you and all mankind from every manifestation and expression of distress. You must, beloved children, like the rest of mankind, learn the power that is within your own life. When that power is allowed to unfold, it will manifest through you in the fulfillment of your every heart's desire, and you will find yourself to be a perfect expression of the Godhead.

Blessings and Love,

Beloved Children:

When great Masters (often called Avatars) take incarnation in Earth bodies, Their seven vehicles have been prepared for centuries of time for the incarnation which will render a cosmic and lasting service to the race, such Beings acting as Radiating Centers which affect the whole body of mankind in a permanent manner for good.

Every individual belonging to the human race affects mankind en masse by the nature of the thoughts and feelings that emanate from him. No man lives unto himself because (people being like beads on a string) his vibration flows through the entire humanity of Earth within a period of a few seconds. You know of the velocity with which the blood courses through the physical body. The mechanical and scientific worlds have proven the transcendence of time and space through the medium of the telephone, radio and television. An individual speaking in New York is heard in China, Australia or San Francisco at the same instant that the vibratory action of his voice reaches his New York audience.

If man understood that his so-called 'private' thoughts and feelings are being instantly broadcast through the universe by an invisible 'hook-up', and furthermore, that these same thoughts and feelings affect the lives of all the people on the planet, as well as the animal and nature

kingdoms, according to their quality, he would endeavor to live more in accord with the principles expressed by the Master Jesus, whom a vast number profess to accept as their Guide and Examplar.

However, there is great hope, as well as great opportunity for service in this one-ness of the human race, because one individual (with an understanding of the Higher Law and an upward-reaching vision) consciously holding a radiation of peace and harmony, can affect the whole race for good. We see the opposite effect in a human body where even one drop of poison taken into the system has the power of incapacitating the entire organism. Also it is well known that a nursing mother, if she be subject to fits of anger, depression or distress, can affect the health of her infant. It is for this reason that We of the Spiritual Hierarchy are so limited in Our outpouring to individual chelas and to the masses, because, while a chela might ordinarily maintain a certain amount of peace and balance in his mental or emotional body, if the cosmic currents were connected with his lifestream, should there come a lack of poise or balance in these bodies, the whole milk of human kindness would be poisoned.

You can see, therefore, that it would not be meet for the Masters to intensify the aura of individuals until they have learned to govern their thoughts and feelings, and also why it is requisite for Avatars to enter the atmosphere of Earth at certain intervals that They may pour Their cosmic peace and harmony into the inner bodies of mankind.

I would like you to help Me with the experiment of becoming harmonious conductors to the mankind of Earth, beloved ones. If you will make the sacrifice of your personal selves by consciously holding peace and harmony in your mental and emotional bodies, it can be done!

Blessings and Love,

MAHA CHOHAN

Beloved Children of God:

During this month's Transmission Flame Ceremonies held, as you know, in Kashmir, India at the Beloved Kuthumi's Focus of Wisdom, the Beloved Lord Maitreya blessed the assembled multitudes both by His Presence and His address which He delivered before the Beloved Kuthumi rose to give His report on the activities.

I give you below the Beloved Kuthumi's address which He opened with a tribute to His Beloved Guru. Lord Maitreya's address will be the subject of next week's Bulletin.

Blessings and Love,

MAHA CHOHAN

KUTHUMI'S TRIBUTE TO LORD MAITREYA

Beloved Master! Beloved Maitreya, Lord of Love! Would that the day were here when the veil of maya could be parted and Your beautiful golden hair, Your violet eyes and Your Shining Presence be revealed to the physical sight of those who love you well but are yet so bound in form that they cannot even imagine the fullness of such a visitation.

Ah, Lord Maitreya, Teacher of Masters, Angels and Gods, how long since You have visited lesser

men! How long since Your lips have parted and Your words, that previously were addressed to initiates only, were given directly to people outside of the Retreats! O Mighty Master, on this, the night when you ascend the Holy Hill at Kashmir to radiate Your Love to all mankind, You have yet taken time to enter into the presence of the students assembled here and give them, as well as all those gathered in their homes and Sanctuaries with hearts turned toward Us, the energies of Your Beloved Lifestream.

On behalf of them and on My own behalf, I extend to You Our love and gratitude.

KUTHUMI'S REPORT ON THE TRANSMISSION FLAME CEREMONY OF OCTOBER, 15, 1955

Brothers and Sisters - Lovely Friends of Light:

As I endeavor to intensify the activity of radiation so forcibly and powerfully released by My Master, there seems but little I can add to His words.

Tonight We celebrate the opening of the Focus of Wisdom where the Brotherhood of the Golden Robe have centered Their attention for many, many ages. We call it the Cathedral of Nature because We have no buildings - no ceilings to cut off the beautiful sky; no walls that would shut out the sound of the bird-song or the fragrance and beauty of the Nature Kingdom in this the Kashmir country which We have known and loved so long, and in which many of you, too, have lived many times in ages past.

It is now early morning in India (7 A.M. Sunday, October 16, 1955) and the sun already kisses the tops of the snow-capped peaks of the Himalayas.

For the past twenty-four hours, the Brothers and Sisters of the Golden Robe have been gathering on the hillsides that lead down to the lake at Kashmir. There, gathered around Their own Gurus, They have magnetized the Twin Flame of Illumination and Constancy which is so much needed by the mankind of Earth today, particularly by those of you who are in cosmic service. Illumination so that you may know what you are doing and why you are doing it - Constancy so that you may follow through to the end.

The illumination of the outer consciousness; the awareness that comes to the mind of the purpose behind all rituals, all decrees; all activity that takes place enables the individual as well as the collective groups to happily join in the ceremonial required to magnetize the Gifts of the Godhead.

Where there is not illumination there is reluctant energy; there is duty service; there is service that comes through fear and superstition. THIS SHALL NO LONGER BE! In the New Age and Era, under the direction of the Ascended Master, Saint Germain, it is the fiat of the Cosmic Law that man shall know why he must purify his physical, mental, emotional and etheric bodies, and to what purpose he must remain harmonious. Then there will be loving cooperation on the part of the aspirant. It is through the activity of our Beloved Morya that We are endeavoring to give the why of this Endeavor to the outer consciousness of mankind.

While this Transmission Flame Ceremony is in progress, the great Causal Body of the Lord Buddha covers the entire continent of Asia like a magnificent rainbow. Within its center is the luminous Presence of the Buddha Himself, seated in the Indian posture. Around the entire continent also, just a little below the seated figure of the great Master, the Builders of Form have created a most magnificent amphitheatre in topaz.

The Beloved Archangel Jophiel and His Divine Complement, the beautiful Archaii, Constance, standing under the luminous Presence of the Lord Buddha, are drawing the magnetizing currents of the Golden Flame and Ray as the Devas and Builders of Form create a Golden Cosmic Lotus. Into the heart of this magnificent lotus I shall step at the moment the Transmission of the Flame begins and We shall direct the Flame from Kashmir into the Heart of Shamballa, on to Peiping and then onward on the track that you have traced.

Beloved ones, in this great topaz amphitheatre are seated the inner bodies of all those who are seeking the light. You have no concept in the outer mind of the millions who are seeking illumination. Every individual belonging to this evolution, whether in the flesh or out og it, is seeking illumination on some particular point, each one on some subject pertaining to the Ray under which he is evolving. I do not believe there will be one individual belonging to the planet, embodied or disembodied, who will now be drawn to this amphitheatre to receive illumination on some problem, whether it be personal, national, international or planetary during this thirty-day period.

When they come to receive illumination, they will take back with them the quality of Constancy so that the enlightenment received may be held constant until it is fully manifested.

Beloved ones, I want you to visualize and feel the Flame of Illumination and Constancy in the form of a Golden Lotus, and when you inbreathe this Flame here tonight, and during the coming thirty days, will you please insist upon the cooperation of your mind to think on what you are doing - drawing into your world Divine Illumination and Constancy. Allow this Flame to fill every cell and atom of your being. Why do we concentrate upon the form of a Golden Lotus? Because it is the focus of the Flame of Illumination and Constancy.

Some of you desire illumination as to how to set your financial affairs in order; some of you require it to help you decide wisely upon your life-work; some of you require it to help you regulate conditions in your bodies that are in distress; some of you require it in order to be more efficacious in this activity. All of you require illumination on something because your worlds are not yet full of light.

Now may the blessings of the Brothers of the Golden Robe rest upon you. May this Golden Lotus of Illumination and Constancy be an everlasting remembrance of a gift given. Accept it and use it! As I enter into the heart of that Lotus Flame, the Beloved Lord Maitreya standing with Me, We shall see that the world is illumined and made constant in God's Name.

God bless you all,

KUTHUMI

Beloved Ones:

I give you herewith one of the Beloved Lord Maitreya's rare addresses as given to the outer minds of men. His instruction is usually directed toward those who have already attained their freedom. Therefore, We were singularly blessed at the last Transmission Ceremony when He chose to speak to the assembled multitude. His words, being part of the energy of His own life, bore the same radiation as if He spoke to each of His hearers individually and literally bathed them in the Twin Flame of Illumination and Constancy, qualities which are essential to the evolving consciousness.

Blessings and Love,

MAHA CHOHAN

ADDRESS BY THE BELOVED LORD MAITREYA:

Beloved Children of the One Eternal God:

I come, this night, to bring to you My Love. You do not know; you cannot, in the outer consciousness, conceive of the love of the Ascended Host for those strong and stalwart souls who volunteer at inner levels to form the foundation of a New World Order which will sustain the mass consciousness of mankind for a two thousand year

cycle. You cannot fully understand the tenderness, the solicitude, the individual interest that We have in each such an one, particularly when We have seen you at inner levels (before the inception of a new age and era) standing in the freedom of your etheric bodies, with love in your precious hearts, with zeal in your souls, but yet with a portion of your individual karma unpaid, and with certain traits, tendencies and habits of human consciousness not yet sublimated.

We know, when We grant you the opportunity of becoming part of the heart-center of a New Movement, far more than you do, what you will be called upon to experience during the fulfillment of your service. We know how the pressure and tides of the Earth plane, as well as the emotions and thoughts of your own vehicles, coupled with the heaviness of flesh, will burden you in time to come. We know, after you have left the Presence of the Karmic Board; when you have passed through the Gates of Birth; when you have assimilated through family and national life something of the nature of the mankind among whom you dwell; how much more difficult it will be to retain your vision, to sustain the constancy of your spirit and to have that faith, that endurance which should sustain you to the very end.

Therefore, for every individual, from the highest Master (like Jesus) to the very least developed consciousness who has volunteered and been accepted as a part of the initial impulse of a World Movement, for each such one there is a special place in My heart and in the hearts of those who serve with Me to bless the race through you.

Beloved and precious friends, the Office of World Teacher gives the Individual holding that Office opportunities of various kinds.

Since the coming of the laggards from the other systems into the evolution of the Earth and the ensuing maya which formed the cloud between the Holy Christ Self and the soul, the World Teacher has not only had the responsibility of designing the particular religion which would best benefit the souls of men in a given age, but He has had the obligation, as well as opportunity, to concentrate the cosmic pressure of cosmic love in, through and around the life-streams who were to form, magnetize, sustain and radiate the power of the religion; building it so that the succeeding generations might find it firm enough and efficacious enough to utilize in nourishing their own soul growth.

So to you, blessed souls in the Diamond Heart of Saint Germain's New Endeavor, I bring all of that pressure of love which is Mine to give. I bring it to you individually and I hope that deep, deep, deep within the secret recesses of your hearts, your souls, your minds, your feelings and your flesh you will accept that love which is an actual substance that helps to melt away from you that effluvia of discord. It will help dissolve the resentments, rebellions and hates which form the etheric records of those discordant vibratory actions that have been set up through past association one with another when you have suffered individual rebuff, disappointment and disapproval.

Since the close of the September Class, your bodies are so much more free from the pressure

of the accumulations of the ages that We are endeavoring to build in the vibratory action of the constructive radiation which is Ours. My gift to you is Love; that Love which I want you to feel. I personally, as an individual intelligence, entirely apart from My official status, send you, daily, My love to warm your heart and soul, and that love from Me to you is your eternal friend. Accept it now and use it.

You are never alone, beloved ones. Wherever your feet take you upon the path of Earth you are the earnest students of this great Endeavor. Wherever your life plan takes you there flows a concentrated, consecrated beam of My love into, through and around you for having the courage to stand before the Karmic Board and before the Master Saint Germain and volunteer to come into embodiment, hampered, as you were, with limitations, and promise to do your best to assist Him in His efforts to lift mankind.

Every one of you has done - and is doing - your very best. There are no half-way measures in your service. There is no likewarm religion in your hearts. You have given to the utmost of the capacities of your energies according to your present development, and no Master, no Angel - no, not even God Himself could ask more. When a man gives his best - though that best may seem poor to another - to God and to the God-free that service radiates the perfume of sincerity both of purpose and design. To the soul that gives its best, that very endeavor forms the wings that raise and sublimate that soul into the Christ Self.

We do not ask of every man the same measure of perfection. We do not ask of every man the same maximum of endeavor. We accept what each one chooses to give, and you have given your best - the best that is in you, of your love and your light. I give to you, in return, My love and My light to sustain you through these days when each of you (working in the orbit of your own world) is making effort to transmute the many returning currents of energy seeking redemption that seem to press with almost frightening rapidity into the appearance world. I give you an anchorage of the Flame of My Love to sustain you in your vow to God, to Saint Germain and to the Hierarchy to do your part to bring in the New Age which shall manifest and express upon this Earth and live long after your flesh garments have released you and you stand again in My Presence as God-free Beings of Power.

BELOVED LORD MAITREYA'S ADDRESS - continued

Beloved friends, think you that any religion, since those early eras when Angels and Masters walked and talked with men, has been founded with ease? Ah, no! Every religion has been founded by simple and humble folk; by life-streams strong in spirit whose Causal Bodies had a magnificent accumulation of good back of them and who were inwardly dedicated and consecrated to the advancement of mankind. Those who serve Us are not always the most highly developed according to the Earthly viewpoint. Oh, no, but those who choose, in selfless service, to offer their light to Us. They are the ones who become the heartbeat of the new religions as they come forth from time to time.

Because the humble people, the individuals

with karma yet to be redeemed, form that nucleus and have done so for many ages, We have had to provide from Cosmic levels a certain pressure of love to enfold and sustain the unit made up of the component parts, lest the riptides of thought and feeling and the tendencies of the life-streams who form the heart center would destroy the nucleus of the new religion before the anchorage of the magnetic power from the great Beings who are focusing Their Love through it could be manifested and sustained upon this Earth.

You have heard a little about the Beloved Cherubim, Lovelee. I would like to elaborate upon Her service for a moment for your illumination and understanding. Ever since the World Teacher (whether Myself or the Being holding the same Office in eras preceding this) found it necessary to form a nucleus of a Religious Order to cover a two thousand year cycle, He has had to have the assistance of some Deva, Seraphim or Cherubim whose consciously protective radiation formed a canopy in, through and around, not only the individual who formed the conscious contact with the Masters and the Godhead, but around the entire group who magnetized and held the protection, the faith and the love for such an one. These Beings, of tremendous size and power, form a huge canopy of blazing light around the new activity, and from Their bodies pass individual Rays that anchor into the substance of the Earth and deflect from the world without the disintegrating vibratory actions of thought and feeling which have been described to you frequently and which run like riptides through the consciousness of mankind.

These individual Beings, holding that cosmic protection, tie into the Cosmic Christ of the current era (Myself in this instance) and continue to draw in, through and around the magnetic center, the receiving center, and all who represent the heart center of the movement, that Cosmic Christ Love that sustains it and sustains the unity among its members to a point where the release of instruction and the release of radiation may continue.

The Lord Buddha has such a Cosmic Guard; and so did Moses. Do you think that the group of undisciplined people who, responding to the call of Moses, left Egypt, would have been sustained through their crossing of the Red Sea and through their years of journeying in the desert without some pressure of cosmic love greater than that which they had drawn forth - greater than that which Moses and Aaron and Miriam possessed?

Think you that even the Beloved Holy Family, the Blessed Jesus, Holy Mary and the Beloved Joseph, as well as that simple band of Christian disciples, could have sustained Their radiation without the assistance of a Cosmic Guard and the radiation and the love of the Cosmic Christ? Oh, no, lovely ones!

The magnificent Beings who have come and guarded and sustained these activities deserve your recognition, your honor and your love. They came, like yourselves, voluntarily, and They have chosen to remain - sustaining the activities which They have volunteered to guard as long as the Beloved Beings (the Master Saint Germain, the Master Jesus or whichever Being it is who represents a facet of a World Religion)

choose to sustain that religious activity. Therefore, you have in the atmosphere of Earth a Guardian Presence for the Buddhists, for the Mohammedans, for the Jews, for the Christians, and for Saint Germain's people, and those Beings, through the radiation of cosmic love, hold them, as well as you, together.

I want you to know that the pressure of love which I am directing toward you is the substance of My life. Take it into your feelings, minds, hearts and souls. Let it be for you the cohesive power to hold your groups together - that love which is more powerful than any disintegrating external or internal force of the outside world.

LORD MAITREYA

Note: The Cherubim, Lovelee, to whom Lord Maitreya refers, is the Guardian Cherubim of the Bridge to Freedom Activity. An adoration to this magnificent Cherubic Being is found in our Song Lyrics No. 24.

Beloved Children of the One God:

The Christmas Spirit begins to flow around the planet Earth toward the end of November (Thanksgiving Day) and carries through for seven weeks until the 12th or 14th of January.

The Christmas Spirit is an outpouring of love carrying the perfect qualities from the Masters, Angels, and all the inhabitants of the Kingdom of Heaven. It pours over the Earth like a golden rain composed of beautiful particles of Light; each particle of which is like a nine-pointed star, and the entire lower atmosphere of Earth as well as all the bodies of the people living thereon are enveloped in it. It increases in power until Christmas Eve, when Its potent Presence is most palpably felt, even by the most dense of the outer minds.

To the outpouring of the Celestial Beings is added a tremendous radiation from the inner Retreats and Sanctuaries throughout the planet under the direct guidance and guardianship of the members of the Great White Brotherhood who serve in these holy places. Through the outer sanctuaries and churches throughout the world, We are endeavoring to send forth Our quota of God-consciousness to add to the universal light of Christmas, and through the bodies of the conscious chelas and students We have conductors through whom We may pour God's Peace on Earth and Good Will to all men everywhere.

Will you remember now, beloved ones, that

through the coming weeks, from now until Christmas (at least) I shall expect you to express the Spirit of the Holy Season and be Myself in action, as much as you can, in order that the outpouring will be worthy to carry the Name, the Benediction, and the love of the Holy Spirit. When you, each one, have become the Spirit of Christmas in outer manifestation for that period, it should then be a comparatively easy matter to preserve that radiation permanently.

At Shamballa; at Luxor; ar Darjeeling; at Lake Titicaca; at the Cities of Saint John; and every Retreat and Sanctuary throughout the world where the Great White Brotherhood serve mankind, the Christmas Wreath, representative of the universal Spirit of Christmas, is already manifest in the upper atmosphere. These exquisite manifestations are focuses of a constant outpouring of a ring of Flame, qualified with the radiation of Peace and Goodwill to all life on this planet.

These inner Retreats present a beautiful sight at this time of the year when seen with the inner eye, and there is no part of life on the planet Earth, from a lump of coal to a singing sparrow, that does not receive a Christmas gift of Grace from each one of these Holy Places which becomes a permanent part of the progress of that particular evolution.

Be sure now, beloved ones, that all of the God-life everywhere receives your personal gift of Holy Christ Love to add to the Cosmic radiation at this Blessed Season.

Blessings and Love,

MAHA CHOHAN

Beloved Children of Light:

It is My joy to offer for your comfort this week the consciously directed Gift of Happiness from One Who is known in the Higher Octaves as the God of Happiness. You have been made cognizant of the fact that all of the Great Virtues are ensouled by Beings Who have qualified Themselves through the ages to become Radiating Centers of the great God-Qualities; and the Virtue of Happiness is one of these.

Let Me gently remind you, dear ones, that each of you is also the Guardian of a temple in which the Most High Living God dwells and that you, too, were endowed with a special virtue when you came forth from God's Heart which you are obliged to nourish and radiate forth for the blessing of your fellowman. Ask your Holy Christ Self to reveal to you the particular Virtue which it is your responsibility to radiate, for 'this was the reason you were born, and for this came you into the world of form' that you should be 'about your Father's business' now and fulfill your Divine Plan.

Blessings and Love,

MAHA CHOHAN

Excerpt from an address by the Beloved Lord Ling, known to the world of form as Ananda, Beloved Disciple of the Lord Buddha, and prior to that embodiment, as Moses of the Jewish Dispensation.

Beloved Ladies and Gentlemen:

You who have sought happiness for many ages, and you, who in this Western World have been ensured the right to 'pursue happiness' through your law, it is My pleasure to inform you that now I have become the Pursuer and you are the pursued.

I shall endeavor, in this capacity, to draw into the atmosphere of Earth the vibrant joy and happiness which is the natural atmosphere of the Ascended Masters' Octave and shall use your inner bodies and physical vehicles to direct the pressure and power of Happiness into mankind at large and into every manifestation of life where there are shadows.

Beloved ones, Happiness is a most positive quality. It is a vibratory action that must be cultivated by the outer self. Happiness does not just happen; it must be cultivated through control of the thought processes; through control of the feelings; through the control of the process of memory; and through the control of the physical vehicle as well.

It is time now that the student body came into the vibratory action which alone can bring individual, world and universal peace. It is time now for you to accept within the cells of your inner vehicles that vibration of happiness which it is My joy and honor to offer you.

I represent the Guardian Power of all the happiness that has been drawn forth and radiated upon this Earth as well as in the Angelic Kingdom and the Ascended Master Octave. Every being, above and below, who radiates the power and pressure of happiness adds to the sum total of the full-gathered momentum of that quality which it is My responsibility to direct back into the composite soul of the planet, as well as into the souls of those evolving upon it. Will you not help Me now, beloved ones, by tuning up your mental and emotional bodies to the receptivity of the idea that serving God and your fellowman can be a joyous experience - a way and means by which you can balance your karmic debts to the universe, as well as lightening the load of your fellowman?

Will you not 'let go', in your etheric bodies, of the accumulations of the ages which you have drawn around yourselves? Let go in mind, feeling and memory of those vibrations which keep you in unnecessary limitation. Open yourselves to that pressure of happiness that the Masters bring, and let go of that feeling of resistance which makes a wall between you and Ourselves. Because you do not see the Masters with the physical sight, the outer self is inclined to take rather a lethargic view of the 'communion of Saints'. In this condition, the shell around the outer personality is such that very little of the gifts which are proffered can penetrate through the free-will barrier. Yet that human resistance is not a conscious activity; it is more of an unconscious acceptance of things as they are; an unconscious acceptance of memories of past disappointments and failures that are held within the etheric body until the soul has become 'bogged down' by the acceptance of the idea that life for the most

part will proceed on an even tenor with no great rapidity to freedom.

Now let us change all this, beloved ones. You are in the process of leading men and women from the darkness and bondage of ignorant thinking into the Promised Land of Freedom and Light. I know that position well! That experience is written into My Heart, and because of that experience, I have asked that I might come and give you encouragement; and with the wish that you may complete in happiness and love, that which perhaps you now may be doing for duty's sake. My own experience in the embodiment of Moses was not particularly a happy one, and My association with the Beloved Lord Buddha in a later incarnation gave Me an opportunity to develop the love which I had before sacrificed to duty.

It is, therefore, My great honor and privilege, whenever given the opportunity, to direct to the founders and students of Religious Orders of every kind the feeling of that happy, joyous energy which is essential for salvation because, beloved ones, even though one's mission may be accomplished and the work well done, if the cores of unhappiness within one's own vehicles are not transmuted and raised, somewhere, someday, sometime, at inner levels or on the Earth-plane, one must learn the lesson that service (to comply with the Laws of the Kingdom) must be rendered in grace and happiness and love alone.

Keeping happy, beloved ones, is not just a foolish idea. It is a discipline, through the observance of which you will be amazed at the lazity with which your consciousness has dealt with your lower bodies and the tremendous tenacity

that those lower bodies manifest in pursuing a course independent of your self-conscious direction. Watch the processes of your thought and feeling bodies, and you will see if I am not right. If you can keep your mind free of one particular thought that causes you distress or worry or makes you doubtful or critical for even one hour, you can do it for a day; and if you can do it for a day, you can do it for seven days. If you can do it for seven days, you are free of it forever.

Watch your feeling world when you come in contact with people and observe how it reacts when it is 'crossed'. If you can keep your feelings happy for even five minutes, whether thay have their own way or not, you can do it for seven days; and if you can do it for seven days, you will never go back to a state of allowing your feelings to become turbulent because of any outer appearance. Keep the mind from turning back toward the etheric memories of past injustices. This is something that the students do not indulge in because they are too busy, but individuals who have a great deal of spare time on their hands allow the mind to dwell on past distresses which add so much to the unhappiness of today.

In, through and around mental institutions and homes for the aged you would be amazed to see the effluvia woven out of the memories of the etheric bodies. If it were not for the Devas in charge of those places, the people who dwell therein would actually smother themselves by that radiation.

Call, beloved ones, to the Temple of Happiness and let Its radiation fill your world with joy and peace, then consciously project it forth to

bless your fellowmen and all manifest life everywhere.

Now, in the Name of the Most High Living God, I CHARGE, CHARGE, CHARGE your mental, emotional, etheric and physical bodies with the Cosmic Flame of Cosmic Happiness. Accept it and be FREE.

God bless you.

Children of My Heart:

Once again it is My privilege and honor to offer you My Beloved Kuthumi's report on the Transmission Flame Activities held, as you are aware, this month, at Sanat Kumara's Retreat in Shamballa. During the course of the evening, the Beloved Lord of the World Himself addressed the Assemblage, and His most precious words will go to you in an early Bulletin.

May I be allowed to remind you, dear ones, that these weekly releases represent Our very life energy, for which both you and We are held responsible by Cosmic Law - you for the use you make of them, and We for the release of cosmic energy without, perhaps, an adequate return to life for its expenditure.

The laws governing life are much the same - above and below. For instance, at the end of a school year in your octave, a teacher is held responsible by the governing body of his institution for the result of his uear's endeavors with his class. We in the Higher Octaves are also called to account before the Karmic Board if Our chelas and students do not show improvement in spiritual understanding and application of the instruction We have placed before them.

I am happy to tell you, beloved ones, that the result of this year's harvest (comprising all Our endeavors both above and below) drew

forth the joyfully received words of commendation: "Well done!" from the Lord of the World.

Blessings and Love,

MAHA CHOHAN

BELOVED KUTHUMI'S REPORT:

Beloved ladies and gentlemen, friends of light and love and freedom, I greet you again on this wonderful evening when all of the Spiritual Hierarchy, having completed yet another year's service in the great Cause of which We are all a part, return once more to the mystic, magic Shamballa, bringing with Them Their individual and collective 'sheaves' - the harvest of the year's endeavor.

Ah, it is truly a festive place this night, as the laughter of the Gods, the songs of the Angels and the Music of the Spheres mingle with the perfume radiating from God-free Beings Who are released for a short period of time from Their individual responsibilities and obligations to mankind and have come to be recharged, repolarized and refreshed at the Throne of the Great Lord of the World.

In elemental, human, Angel and Master there is always the rhythm of giving and receiving. There is always the rhythm of entering into the Heart of Contemplation for the renewal of spirit and consciousness at the Cosmic Fount and then drawing that service through the energies of the consciousness to bless and benefit the evolution

or the activity to which that expression of life belongs. When the rhythm of the lower octaves is broken, there is a depletion in the case of unascended beings or elemental life. It is to restore that Cosmic Rhythm (which We in the Heavenly Realm observe) that We are bringing to your attention again and again the necessity, the absolute positive requirement of undisturbed adoration and contemplation of your Source in order to draw those vital fires from your own Electronic Presence to revivify and re-energize your emotional worlds, your mental and etheric worlds and your physical forms. You are able to move forward then in greater service because of this contact with your Source.

Even the elemental life that makes up the substance of your household furniture or that of any so-called 'inanimate' form which you use, when disintegration takes place, returns to the Sun for repolarization. The elements that compose the physical body in which a soul is encased, as soon as the magnetic pull of the centripetal force is removed, are drawn back to the Sun for repolarization by the great Angels and magnetic Powers in charge of that activity. So, too, does the soul (now that the veil of maya has made the creations of the outer world difficult to handle) through the mercy of so-called death receive respite in the inner realms in the fuller freedom of the etheric body and is re-polarized, re-energized and prepared again for a new Earth life.

Likewise, in Our Kingdom, every twelve months We are allowed the great privilege and honor of walking over that magnificent Bridge of Light into the Heart of Shamballa, bringing with Us,

not only the results of Our individual service through the year, but Our energies and consciousness, and in the radiant effulgence of the Lord of the World, We, too, are re-polarized, revitalized and refreshed by proximity to His Magnificent and Radiant Presence.

Here, in Council, one with another, We discuss Our service of the past year. We bring Our harvest, even as you are bringing yours, before the Lord of the World, and that harvest determines the amount of service that We are called upon to render for the coming twelve months. What We have done with the Light given; what We have done with opportunities offered; what We have done with the consciousness and capacities that We have had at hand will be a determining factor in Our assignment for the coming year.

Therefore, in Shamballa tonight you will find the lovely Ladies (of the Brotherhood) with flowers woven into beautiful crowns on Their heads or entwined in Their long hair, and handsome Gentlemen in Their glorious raiment, wearing beautiful jewels of Light upon Their hands and person. You will find there all the joy of reunion which perhaps you can slightly grasp in the reunion that you have with those you love at a holiday season.

As the great Three-fold Flame at Shamballa receives within Itself the harvest of each one of Us, from the smallest elemental that made the tiniest apple blossom to the greatest Archangel who rendered service in dissolving the compound, It grows and grows and grows until It becomes a tremendous witness to that which every lifestream has accomplished through constructive

energy within the year.

Beloved friends of light and love, you have done much - very much within the course of this year. Most of it you have not seen with the outer sight and therefore it is not fully recorded within the energies of your etheric bodies nor fully accepted within your emotional worlds. Nevertheless, you have done much to stir the energies of the Sleepers' Realm; you have done much to free lifestreams who have been impounded for ages; and you have done much - oh, so much, to dissolve and consume at inner levels (before they could take form) creations that would have burst upon the screen of life as catastrophies of many, many kinds.

Beloved Kuthumi's Report is continued in Bulletin No. 36

Beloved Children:

We devote the Bulletin, this week, to a continuation of My Beloved Kuthumi's Report of the activities in Shamballa during this Holy Season and ask that you take His words and counsel into the secret place in your haerts and there allow them to fecundate and grow until they blossom forth as the flowers and perfume of your soul's growth. Beloved ones, any Master of Wisdom may sow spiritual seeds in your soul, but you alone are responsible for the nourishment and bringing forth of the harvest.

Blessings and Love,

MAHA CHOHAN

BELOVED KUTHUMI'S REPORT - continued

Beloved ones, some of the individuals who were present when Sanat Kumara, at Cosmic Council, told the people of Venus of His decision to help the Earth, offered to leave the vibratory action of a Star where only happiness, harmony and perfection were expressed, incarnate through human bodies, and grow up in the atmosphere, climate, environment and radiation of a humanity which had sunk so low that the Cosmic Law considered it no longer wise to sustain the planet itself in the solar system.

Think you of that sacrifice! From the planet Venus it was easy to look upon this shadow star, but being willing to take embodiment upon her and become part of her evolution, so to speak, was quite another matter. Yet these people were willing to make that sacrifice so that there might be a fitting place for their Beloved Lord to dwell on the Earth when He should come.

Now remember, the original Shamballa was established on Venus - magnificent beyond all words to describe. In it dwelt the beautiful Lady Venus, Beloved Sanat Kumara, Beloved Meta and the other Kumaras. From here They directed the government and religious activities of Their Star. The people about to incarnate upon Earth had to imprint upon their consciousnesses and etheric bodies a picture of Shamballa as it was on Venus. Then, coming through the gross bodies of the people of Earth, they awoke to infant form. Having taken on the certain heritage of race and national karma, and having voluntarily accepted the 'bonds of forgetfulness' which are part of the heritage of this race, they had to grow to maturity and begin to draw from their intuitive memories the picture and design of the City they had left.

Drawn together by the bonds of interest in one cause, these people began the work of finding the right location for the beautiful City which was to be the home of their Lord. Their next task was to find the material of which it was to be built, and by the labor of their own hands design from the marble and stone the vision which they held within their minds.

It was not very different from that which

you are doing today. There were no clouds of celestial glory. There were no coming and going of visible Angelic Beings. There was only the vision held within the minds of about one hundred people. You must remember too that they were not all born within the vicinity of the Gobi Sea. Some of them, even as you, crossed great seas and continents, drawn by the magnetic pull of what they thought perhaps was a dream, hoping to find others of like mind and heart. They came together as strangers, of different families, of different races, but became bound one to another by this ephemeral dream. Then, joining their energies and believing in their vision, they commenced their colossal task.

More than once during that period, beloved ones, (you have worked about eighteen years - they worked over nine hundred) after they had built strong foundations for their temples, laid with care the wide streets and planted the small saplings that were to grow into magnificent trees - more than once, when they had it all set out, great hordes of untrained and savage members of the human race descended from the hills and wiped out every living soul and all their work. When they came again into embodiment, they found only the ruins of their dream and pattern left, and they stooped and brushed away the rubble and started again. Then one day, working against time, mind, for there was a cosmic moment beyond which the great Cosmic Law would not allow the Earth any more energy and Sanat Kumara would have to come whether they were ready or not - the City was completed.

Finally, as you have heard, the great Star stood in Its perfect place, which was a signal

to them of The Coming, and from Venus the Beloved Sanat Kumara, having bade 'adieu' to His Beloved Complement and all of His people, descended into a Temple so magnificent that the like of it has never been seen on the Earth either before or since.

There, in the presence of that humble few who had constancy enough to live, and die, and live again, and never give up a vision - there He manifested the Immortal Threefold Flame of God which you honor this night, and there began the reign of the Lord of the World. There began the great nucleus of the White Brotherhood which has been the salvation of the race. There was established the magnetic force that drew from the millions of sleeping souls of mankind even a few who, in their turn, became the Elder Brothers and Sisters who were drawn into Shamballa and sent forth again at various periods by the Lord of the World to give the people of Earth the assistance they required in order to sustain them upon their upward progress even unto this present day.

You think sometimes, Beloved ones, (for We see clearly with the inner sight) that a comparatively few undeveloped lifestreams can scarcely be the foundation of a World Order. Yet it has always been thus (the humble, it seems, are always the believing) it is always the constant few who do establish and do sustain those activities which are of benefit and blessing to the masses.

Tonight, looking upon Shamballa blazing in the ethers surrounded by a glorious sapphire sea, it would look to you like a glorious sun

surrounded by iridescent colors like mother of pearl that blend at their outer edges into the natural blue of the horizon. As you stand on the etheric mainland waiting for the procession to begin over the etheric replica of that marble bridge which was once a visible, tangible, physical reality, you will see the great beautiful minarets and the golden domes of the temples of the City. As you look upon that bridge and see its intricate carving and the lovely colored banners that are waving from the statuary upon the top of it, think for a moment of how many holy and blessed and sacred feet have crossed that bridge to the Sacred Island.

The procession is starting now on the mainland and will proceed in order of cosmic rank, we will say, toward the Temple of Sanat Kumara Himself in the Heart of Shamballa.

All of the laughing gathered throng have removed themselves now in silence from the heart of the City and are waiting for the presentation of the 'sheaves of accomplishment'.

Those individual 'sheaves' stand within the Causal Body of every lifestream, as I have said before, from the greatest Elohim and Archangel to the very smallest elemental in the procession.

Beloved Kuthumi's description of the Procession and Ceremony at Shamballa is concluded in Bulletin No. 37.

Beloved Children of the One Father:

You have been told that where your attention rests there you are regardless of where your physical body may be. It is Our pleasure, therefore, to welcome you into Our midst by means of your projected consciousness, furnished through the Beloved Kuthumi's report of the Transmission Flame Activities held this current month at the Beloved Sanat Kumara's Retreat at Shamballa.

For long ages, beloved ones, before the advent on this Earth of Our Beloved Jesus on His Christly Mission, the Feast of the Christ Victory was celebrated in the Higher Octaves by other Sons and Daughters of God Who had attained to Their Christly Estate by individual effort. It was the radiation of Their rejoicings that was communicated to the shepherds by the Angelic Choir as They sang Their glad Hosannas of "Peace on Earth, Good-will to men" on that first Christmas eve so long ago. As men open their hearts more and more to the spiritual significance of Christmas, then will the consciousness of their own oneness with God the Father be made manifest in each one's experience.

Blessings and Love,

Beloved Kuthumi's Report on the Transmission Flame Ceremony of November 17, 1955 - concluded

Sanat Kumara Himself waits within the heart of His Temple for the coming of the Harvest Bearers. His Successor, the Lord Gautama Buddha, has taken His place at the head of the procession. The Buddha wears, tonight, a magnificent robe of lilac-colored silk; golden sandals adorn His blessed feet; and around His neck He wears a golden chain with the Star of Sanat Kumara resting in His breast. His hair, brushed back plainly as usual, falls to a little above the shoulders. His serene countenance is lighted by just the trace of an inner smile.

Behind the Lord Buddha walks Lord Maitreya, Who will be the officiating Priest at tonight's ceremonies. Lord Maitreya, of the golden hair and violet eyes, robed in snow white (symbolic of the Cosmic Christ) with a deep band of embroidered royal purple at the hem and sleeves.

Behind Lord Maitreya walks your great Friend and My Beloved Guru, the Lord Maha Chohan in His usual Indian garments, a large amethyst fastening His white turban. Walking by His side, Her hand lightly touching His arm, is the beautiful Pallas Athene. She wears deep royal purple tonight and wears Her crown as member of the Karmic Board.

Next in order of procession come the Beloved Chohans of the Rays - a Master representing Me as Chohan of the Second Ray.

Beloved Morya, in a gorgeous white Indian costume, walks first. He wears a deep royal blue

cape thrown up over the left shoulder, showing a lining of some white, glistening silk material which matches His turban - magnificent, as usual.

Behind the Beloved Morya walks My Representative in a robe of golden yellow. Then comes the Beloved Venetian in a robe of soft pink, the color of His Ray. The Beloved Serapis comes next in pure white wearing an Egyptian head-dress of white. Behind Serapis walks the Beloved Hilarion also in a robe of white, but with a deep band of green at the hem and bottom of the sleeves, shading from the very deep green at the bottom to the very light grass green at the top.

Next in line comes the Beloved Jesus in a robe of deep ruby pink, accompanied by the Beloved Mother Mary in soft azure blue, wearing a veil of the same celestial color over Her long hair and falling almost to the hem of Her robe.

Next in line comes the Beloved Saint Germain in deep royal purple, looking a very Prince of Princes. Beside Him walks the beautiful Goddess of Justice in a lighter shade of the royal color; on Her head the seven-pointed crown worn only by members of the Karmic Board, of which, as you know, She is Spokesman. They present a truly magnificent appearance.

The Great Elohim now enter the procession. Tonight, They have chosen to occupy a different placing for some specific reason. Here They come; Mighty Hercules robed in electric blue; the great Cassiopea in Buddhic gold; the Beloved Orion in soft pink; the Elohim of Purity in snow white; the Beloved Cyclopea (Vista) in Nile green; the Beloved Elohim of Peace in ruby pink similar to

that worn by the Master Jesus; and the Beloved Arcturus in the deep royal purple of Saint Germain.

The Elohim each carry in one hand a globe, symbolic of the receptive consciousness, and in the other a sceptre, symbolic of the power of invocation.

Following these Mighty Ones come the Angelic Host. Preceding the Archangels tonight are the Seraphim - beautiful of face and form. As They walk, They scatter multi-colored Flame Flowers, which not only cover the entire bridge with their radiance and perfume, but flow down into the sapphire sea substance beneath.

At the head of the Archangels walks the Lord Michael bearing His banner on which is embroidered a great golden Sun surrounded by embossed figures of the seven Archangels in exquisite colors.

Lord Michael is garmented tonight in a long white robe with a band of deep blue sapphire at the hem. A great sapphire fastens His girdle and the golden band which He wears around His head. His shining golden hair falls to the shoulders.

After Him come the other six Archangels with Their Archaii, two by two, each pair dressed in the magnificent colors of Their Rays. (The Angels as you know, represent the feeling nature of the Godhead.

Next come the various members of the Angelic Host in Their radiant garments of varied and

exquisite shades of color.

Following the Angelic Host walk members of the Great White Brotherhood from the various Retreats throughout the world Who have foresworn Nirvana in order to serve mankind, and many Initiates in Their inner bodies who have refused Their Ascension in order that They might yet serve men in flesh bodies.

Now, if you will join your consciousness with Mine, We, too, shall walk over the bridge into the Sacred City. As We approach the Temple, the sound of the great Hosannas and magnificent Oratorios resound through the air and are wafted by the forces of Nature over the entire planet, steeping into men's consciousness, drawn in by the breath.

As we reach the great doors of the Temple, We may see Sanat Kumara standing by the side of the great Altar, gently and lovingly acknowledging the 'Sheaves of Harvest' as they are placed in the great crucible by Great and small alike.

The Beloved Lord Maitreya, as Celibrant, stands in front of the Altar. He raises the censer in homage to the Most High Living God and in loving recognition of the services each member of the Assembly has rendered through the year. Now, as the Breathing Exercises are about to commence, We must, each one, go to Our respective places. God bless you.

Beloved Children:

During the Transmission Flame Ceremonies at Shamballa recently, We had the rare privilege of hearing from the blessed lips of the Beloved Sanat Kumara Himself an Invocation to the Supreme Being to All Life, followed by a brief address to the pilgrims on the path, which I offer you now for your spiritual edification and comfort.

It is Our endeavor, through the repetition of these addresses delivered by the God-free at inner levels, to connect your outer minds, beloved ones, with the scenes and activities you enjoy while functioning in your etheric bodies. We are aware of the fact that it is very often the cause for distress and self-depreciation on the part of many of the students that they do not always bring back the memory of people, places and events they have contacted while the physical body slept, but for your comfort let Me inform you that this apparent disconnection in the memory faculty is not necessarily the result of spiritual unworthiness on the part of the individual, but rather is it caused by the density of the psychic and astral substance which forms the atmosphere of Earth.

As this human effluvia is purified and transmuted into its own natural light element by the Sacred Love of the Sacred Fire magnetized and drawn into the physical atmosphere of Earth by the conscious and persistent calls of the awak-

ened members of the race, the pressure on the mental and emotional bodies of the people will be removed; the veil that now exists between the higher and the lower octaves will be dissolved; communion with the Heavenly Host will be re-established, and Angels, men and elementals will walk hand in hand again as they did 'in the beginning', fulfilling their individual divine destinies through combined cooperation and harmony. It is to hasten this happy event on the planet Earth, beloved ones, that certain members of the Ascended Host have chosen to devote all Their time and energies to freeing the God-Life evolving on this erstwhile 'dark star'.

Blessings and Love,

MAHA CHOHAN

INVOCATION BY THE BELOVED SANAT KUMARA.....

Beloved Infinite Presence of God, by Whose Life I have Being, I honor Thee this night as I stand within the atmosphere of the planet Earth.

I honor Thee for giving Me the opportunity of sustaining this planet in Our solar system.

This night, as the harvest of the year's energies are offered in Thy Name at the Altar of this Holy Temple, I am Thy least and most humble Servant; for it is Thou Who hast given Me opportunity to use Thy Life, Thy Intelligence, and all the Gifts and Powers of Thy Being.

Let not Thy children honor Me, O Lord, for I,

of Myself, am nothing. Without Thy Light, Thy Intelligence, Thy direction and Thy Sustaining Energy, I should be but unformed, elemental substance.

It is Thou, Great Infinite Source of all Good, Who hast endowed Me with Self-conscious Intelligence. It is Thou to Whom Honor and Glory and Gratitude belong.

May the mankind of Earth come to know that Service is Opportunity to use Thy Great Light in whatever sphere Life has placed them.

To Thee, O Great Star Venus, do I send My Love and Gratitude for all the energies You have given to sustain My activities during My exile here.

To You, O Beloved and Glorious Powers of Light, I AM so grateful!

To you, unascended beings, everyone, everywhere, who have taken interest in My Service, let Me say - I AM SO GRATEFUL! SO GRATEFUL! SO GRATEFUL!

****

SANAT KUMARA speaks to the unascended multitude:

Beloved Friends:

Tonight it is My opportunity and joy - My privilege and honor to project into your consciousness the quality of energy which is within My Flame.

What is Flame? And why does mankind shy from that word?

Flame is but a concentrate of life energy which has been qualified by some Intelligence to act in a specific manner; a concentrate of energy qualified by the feeling world of some self-conscious Intelligence to act in a specific manner. As that energy, magnetized, drawn and concentrated, is CHARGED and CHARGED with a specific feeling, it becomes a FLAME which can and will enter into the energies and world of anyone who chooses to use it.

Now, the quality which I offer, tonight, to mankind, to elemental life, to imprisoned angels and to the planet itself is PATIENCE - the COSMIC FLAME OF COSMIC PATIENCE. Can you accept It in Its fullness? Think it through!

What is Patience, beloved ones? It is merely control of the energy of the inner and the physical bodies. It is the capacity, when treating any expression of life needing assistance, to hold your energy in perfect harmony and then project it forth according to the direction of your Christ Self for the accomplishment of some good purpose.

You have been given an assignment on Happiness! Now, in preparation for the Holy Season, I give you an assignment - and that is to become patient men and women!

Let Me differentiate, for your enlightenment, between the quality of patience and that of lethargy or indifference. The patient man is not the indifferent or the lethargic man. The patient

man is positive, poised, powerful. He does not allow his energy to go from him, either in thought, feeling, gesture or word, until the God-Self has qualified it with Its Nature, and then only does it go forth in blessing.

All over this known world tonight, the waking and the sleeping, those who are aware of Our Activities and those who are not, as the Transmission Flame encircles the Earth, will be aware of the Patient Feeling which it has been My joy to develop; which has sustained Me through the ages, and which has brought Me to this day. May My love and gratitude NOW enfold the beloved planet Earth and its evolutions.

****

Children of God:

The Beloved Sanat Kumara, in His address to the pilgrims at Shamballa recently, answered the oft-repeated query: "What is the Flame?"

The Flame of God, beloved ones, has many aspects and many uses. It is the sacred privilege of any child of God, anytime, anywhere, to focus his or her attention on any Quality of the Godhead, and, through the power of concentrated love, draw that Virtue into manifest form where it assumes the appearance of a Flame, with color and substance, radiating the quality of the Virtue it represents out into the world to bless life.

The Being who draws that Virtue forth from the Heart of God becomes a 'Lord of the Flame' and is responsible for its sustenance in the world of form. If He should allow His attention to wander from its adoration and contemplation into some other activity, the Flame which He has drawn forth will gradually recede until it is finally drawn back again into the Heart of God, the magnetizing power of the individual responsible for its appearance having been withdrawn from its contemplation.

It often happens that one or more lifestreams, even unascended beings, are drawn, through affinity, to adoration of that Flame, and these add to Its size, power and efficacy just as the

mighty rivers which water the Earth owe their power and might to the thousands of small rivulets that flow into them. Many times, as you are aware, beloved ones, several of these great rivers will join their forces and become mighty waterways which bear great ships upon their bosoms.

The Violet Transmuting Flame - the Forgiving and Raising Power of God - likewise has a small beginning in the gentle heart of a soul dedicated to Love and Mercy many long ages ago when it became evident that man was headed toward the downward path. Since that time, beloved ones, many great souls, realizing Its need, have poured their life energies into the Flame of Mercy until now It has assumed cosmic proportions and the knowledge of Its presence has seeped into the outer consciousness of mankind through myth and legend in such representations as the River Styx and other 'fires of punishment' at the other side of the veil.

This Sacred Fire of Purification is a very real and tangible manifestation of God's Love and Mercy. It is a gentle though powerful application of God's Grace, administered without agony or suffering, which accounts for the feeling of Goodwill and Happiness that pervades the world around the Christmas Season. It is also responsible for the desire on the part of humankind to make 'Good Resolutions' around the first of the year, many of which, alas, so soon abandoned in a return to the old ways of the flesh.

In the Beloved Kuthumi's Report of the Transmission Flame Activities at the Royal Teton, He gives a vivid description of this 'mass baptism'

administered to all of mankind at the end of each year, which I think you will enjoy, and in order that you may avail yourselves of the opportunity offered, it is Our desire that this portion of His Report be placed in your hands as soon as possible. You may go in consciousness, beloved ones, and standing in spirit beside that cosmic Baptismal Font while the Angels of Mercy submerge the multitude of unawakened mankind, call for mercy and illumination that, through God's Grace, they may not don soon again the soiled garments of the human consciousness.

Blessings and Love,

MAHA CHOHAN

Excerpt from Beloved Kuthumi's Report of the Transmission Flame Ceremonies held at the Royal Teton on December 17, 1955.

Beloved Ones:

You might like to witness an activity that is taking place in the atmosphere above the Royal Teton this evening - that of the annual submergence of the multitude in the lake of Violet Fire drawn here for this purpose - which is part of the mercy of the Cosmic Law. As you have been told, at the end of each twelve-month period, We come to a time when the Violet Fire, in overwhelming cosmic action, is allowed to dissolve and transmute in, through and around the lifestreams of Earth all the accumulation of discord that has been created during the course of that year without vicious intent -

without malice - and through ignorance. For that purpose, at the end of each year, there is created by the Builders of Form what you would describe as a lake, about a thousand feet in diameter, circular in shape, and filled with deep, Violet Fire. Into that lake of Violet Fire every soul belonging to this planet steps before the end of the year, and each one is literally baptized, one might say, in Its purifying essence.

Now this activity, for this current year, has been taking place for some time. The beloved friends that have been released from the Compound through your calls have already passed through it; and those who have been awakened from the Sleepers' Realm and the last of the Earthbound - all of whom are now ready for a higher training.

If you will watch with Me for a moment, you will see the white-robed figures of the Angels of Mercy, wearing deep bands of purple on the sleeves of Their garments, standing all around the edge of this circular sea of Violet Fire. They are in groups of seven - each group divided by a space in which is a contrivance like a small dock that runs down to the edge of the lake. Now, from the background, you will see the souls of men approaching, most of them in a somnambulent state, completely unconscious of their surroundings, but all drawn hither in their etheric bodies by the magnetizing power of Divine Love and Mercy. As these figures step upon the dock, each soul is approached by two of the Angelic Figures who, walking at its side, lead it into the Violet Fire and bathe it carefully in the Flame - even to the head. This sub-

mergence of the entire body is performed very gently, three times, and then they are led out and given into the charge of the Angels of Protection who return the soul to the body; staying with it until there comes a certain sense of relief and release from the pressures of the past year. This baptism is not a 'one by one' performance; many souls being submerged at the same time.

When you come to the conscious chelas, however, you have, of course, the cooperation of the mental and emotional bodies and these souls enter the Sacred Fire with a realization of what It can do. I am telling you this tonight so that you may, while this activity of mercy goes on, bathe within this Purifying Flame - not once, but often. The Angelic Host will welcome you back as often as you care to come. There is no such thing in the Ascended Masters' Realm as weariness, exhaustion, or depletion in service. Every time you come for a blessing, They are more happy than before, so just utilize the opportunity, beloved ones, with all the power at your command, and remember that the Violet Fire is there through the life energy of the Beloved Kwan Yin, Saint Germain, Beloved Zadkiel and Beloved Holy Amethyst. Have you any idea of the energy it takes to make a mighty cauldron of Flame a thousand by a thousand feet? It takes an almost limitless amount of concentrated power and attention to keep that Violet Fire at such a vibratory rate that no matter what energy is passed into it, it never sinks below Its purifying, sublimating state. One of these great Beings is in constant attendance to render that service and assistance. That, beloved ones, is the activity of submergence and of purification

and spiritual baptism that takes place at inner levels, of which Earthly Baptismal Rite is but a faint reflection.

Beloved Children:

These are busy days (and nights), not only for the children of Earth, but for the members of the Celestial Host who have dedicated Their free energies to the redemption of a planet and its people.

It is My pleasure to offer you a summary of the events that took place on the evening of the Transmission Flame Activities of the Beloved Lanto's Retreat, December 17, 1955.

I would like you to feel, beloved ones, as you read Our Beloved Kuthumi's Report, that you are not merely witnesses of these activities, but that you are vitally interested as partakers, because if you were not, the Cosmic Law would not have allowed you the privilege of even enjoying them intellectually through the written word.

Join us here, therefore, as often as you can release yourselves from your Earthly pursuits, dear ones, and let us proceed joyously and jointly with the very important business at hand, which is the illumination of the outer minds of the mankind of Earth, freeing them from the slavery imposed upon them by the human consciousness, and raising them, through Christly thinking, into the freedom which is their Divine heritage.

Beloved Kuthumi's Report of the Transmission Ceremonies of December 17, 1955 - continued

Beloved ladies and gentlemen, I bring to you, from the Members of the Great White Brotherhood assembled this evening at the Royal Teton, the Blessing and Benediction of this Most Holy Season.

I have been asked by Our Beloved Maha Chohan to remind you of the tremendous acceleration of your four lower bodies through the actual conveyance of your consciousness to the Ascended Masters' Retreats during the thirty day period while they are particularly active. If you can understand this and each one avail himself or herself daily of a trip in consciousness to the Heart of the current Retreat and stand within the concentrate of Flame, you may have, during that entire period, tremendous assistance in the purification of your lower vehicles, with the renewal of their energy to a point where each one remains under the harmonious control of your indwelling Christ.

Now look you, beloved ones, a few years back; while those of you who were interested in metaphysical and occult studies might have been cognizant of the existence of the Retreats throughout the world where members of the Great White Brotherhood and the Angelic Kingdom are active during certain periods, yet when you laid your sweet bodies down to rest at night and entered some of these Retreats (as many of you doubtlessly did) you brought back little to serve the energies of your inner or outer bodies. Many of your experiences were in the Holy Christ Self, and a few of you, with more acceleration

of the vibratory action of your soul-light, had the experience in your other etheric garments.

But what happens now when we go together in full projected consciousness into those Retreats? Your outer mind, your mental body and your emotional world enter into the vibratory action and Presence of not only the Master in charge of the visitation, but of the radiation and aura of the entire Celestial Hierarchy assembled there, and you bring back that Grace with you into the orbit of your daily living.

Since the Beloved Morya parted the veil of maya sufficiently to allow you to be taken to the Retreats during the great festive occasions when they are most active, you have been privileged in body, soul and spirit, to witness activities that previously were known only to the very few initiates who had attained conscious control over the outer selves to a point where they might come and go from the body at will. Now, in a certain degree of comfort, while still retaining your outer consciousness as well as control of your physical vehicles, without the necessity of trance or sleep, you are transported into the sacred precincts of those God-vested Halls and Homes where the Perfected Beings have drawn and radiated only perfection for centuries.

Beloved ones, can you for a moment imagine what it means to bring a group of untrained lifestreams, yet unascended, into such sanctified and purified radiation? Can you realize how much extra application is required on behalf of the Brotherhood in order to make possible even the transference of your consciousness? I think not.

Yet, you are much more free than you were a few years back. You have stood on the marble Bridge at Shamballa. You have stood in the Halls of Luxor. You have enjoyed the beauty of the Transylvania Retreat and the various other foci upon the face of the Earth. You have seen, with the inner eye, the Masters at work. You have even cooperated with Their current endeavors through visualization, decrees and song. Therefore, you are, by far, more true children of Freedom now than you were when you only hoped that some sweet day you would have the privilege of consciously joining the Masters' Service while it was still being enacted, rather than hearing about it long after it was over and written into the pages of past history.

Our Beloved Maha Chohan has asked Me to remind you of that freedom; because it is evident that some of you, in certain confines of returning karma, feel that you are still bound, and have not progressed far in the course of a few years. Yet, you have progressed, beloved ones, for you have been invited, conducted to, and entertained in the Retreats which have been closed to the outer consciousness of mankind for long ages. That is a gift of Freedom - of that Great Being Whom you profess to honor and love, and Who brings these gifts to you for your enjoyment and illumination.

I will have to retrogress a little in My description of this evening's activities in order to bring beauty and continuity to the story, and so We will return to the fourteenth of December when the closing of the celebrations at Shamballa took place.

At Shamballa, you remember, the activity of joy and release and the bringing in of the harvest was the source of all the rejoicing of the multitude assembled there. In every Retreat throughout the world the Brotherhood took turns in serving so that every member of this vast Organization of Servers had at least one or two days in that glorious Retreat where they could enjoy the vibrant Presence of the Beloved Sanat Kumara, and repolarize and revitalize Their energies in His Magnificent Aura.

As the Harvest, made up of all the energies expended in service, prayers, benedictions and good works of every kind, was builded into the Glorious, Immortal Three-fold Flame of Life, it was enclosed in a magnificent tabernacle of light and sealed by the Archangel Uriel, later to be transferred to the Royal Teton where the festivities are already well under way. While this Ceremony was being enacted by the Beloved Uriel and His Angelic Helpers, Sanat Kumara was giving His Benediction to the Elohim, the Archangels, the Seraphim and Cherubim, the great Chohans, the Initiates, the conscious chelas and to every expression of life who had contributed some service (no matter how small) to the forward progress of mankind. During this benediction He expressed such magnificent love and kindness that each member of the vast congregation received His concentrated attention and the warmth of His loving smile while He blessed them.

Beloved Children of the One Father:

As We have remarked before, these are busy days, nott only for the mankind of Earth who are occupied taking stock and inventory of their material affairs for the past year, but more particularly for the members of the Heavenly Host who are devoting Their hard won freed energies to the welfare of mankind, not only those who are working out their salvation on this Earth plane, but the discarnate members of the race in the psychic and astral realms.

Due to the importance of the activities which took place on the Eve of the New Year at the Royal Teton, We have thought it wise to acquaint you as soon as possible with the Thought Form for the coming year as well as the names of the Spiritual Sponsors for the same period.

I have pleasure, therefore, in offering you excerpts from Our Beloved Morya's Report on the events which took place on the evening of December 31st, 1955. The balance of Beloved Kuthumi's Report on the Transmission Flame Ceremonies will go to you in a later Bulletin.

In the meantime, beloved ones, let Me urge you, with all the love and power at My command, to devote every moment you can spare from your material affairs, to the invocation of your own Christly Nature which if the only Door to your eternal freedom.

BELOVED MORYA'S ADDRESS OF DECEMBER 31, 1955

Beloved Friends:

The entire assembly of the Great White Brotherhood, drawn to the Royal Teton for this great occasion, is gathered together in the large Audience Chamber; all deeply intent on the activities about to take place, which include, among many others, the appointment of the Spiritual Sponsors for the Year 1956 and the reception and precipitation of the Thought Form for the New Year, first by Our Beloved Sanat Kumara and then by the entire Assemblage.

The great altar (which occupies the center of the vast audience chamber) rests upon a massive white marble base. Upon this base They have placed a magnificent cross of sparkling yellow diamonds similar to those which adorn the ceiling of the central hall of the Teton and which make up the planets and the various Zodiacal Signs portrayed there. This beautiful diamond cross presents the same appearance on all sides so that its beauty may be enjoyed from every part of the room.

On this altar now blazes the Precipitation Flame (in green and gold) of the Beloved Lanto, Gracious Master of the Royal Teton Retreat.

As you have been told by Our Beloved Kuthumi, the base of the altar is square; four steps leading to the top on all four sides, so that there may be four Celibrants at one and the same time. Two officiated on the evening of the Transmission Flame Ceremonies - the Beloved Portia and Saint Germain - but this evening there will

be four, as the Sponsors for the Year 1956 bring in the Pink Flame and Ray, under which They all serve. This will be of tremendous assistance in the melting of discordant conditions in the inner bodies of the mankind of Earth. There have been four Spiritual Sponsors appointed for the coming year instead of the usual two. They are the Beloved Archangel Chamuel with His Beautiful Archaii, the Beloved Charity; the Beloved Chohan, Paul the Venetian and the Beautiful Lady Master, Nada. All serve, as you are aware, under the Pink Ray of Divine Love, and this fact in itself, aside from the increase in numbers, should portend well for the New Year that is at hand.

The ceremony of the coronation of the Sponsors for the New Year is now about to commence. Saint Germain, as Officiating Celebrant, stands in His magnificent robes of state before the Flame at the center of the high altar, and the Beloved Portia has taken Her place in the atmosphere directly above the Flame. Saint Germain is now rising to take His place by Her side. Both of these beautiful Beings are bearing in Their hands two crowns - one in each hand. These crowns are somewhat similar to that of the British Commonwealth, except that the centers are a delicate pink. Magnificent jewels adorn the bands.

The Beloved Chamuel and Charity have ascended now and stand before Saint Germain. They are in a prayerful attitude with hands crossed on the breast. They wear garments, of course, indicative of Their rank, of an exquisite pink shade. The Beloved Paul and Nada are ascending slowly. They also are robed in the delicate pink of Their Ray.

Now, as the entire Assembly chants a magnificent Song of Praise to the accompaniment of the music of the Angelic Host, the Beloved Portia places the crowns She holds upon the heads of the Archangel and His Archaii, both of Whom remain in a standing position. These Great Ones now move slowly to either side and Saint Germain places the crowns of sponsorship upon the heads of the Beloved Nada and Paul Who assume a kneeling position. Now the four stand and clasp hands across the Flame on the center of the altar while the Great Elohim Orion, from a position above Their heads, projects mighty vibrations of the Pink Ray out over the vast Assembly and thence over the entire planet. The entire universe seems to be all bathed in delicate pink this evening.

In the meantime, the petitions to the Karmic Board from ascended and unascended Beings (which have been placed in a gigantic brazier) have been brought in. These form a blazing pyre now which will continue to burn long, long after your service here in the Western Hemisphere is closed for the evening. The essence that emanates from that brazier is a perfume resembling jasmine. It represents the holiness of the raised energies of mankind offered in loving service to their brothers.

Sanat Kumara, Lord of the World, Guardian of the planet Earth, now enters. He, Who has sustained this planet in its system, comes again tonight, in humility and grace, to receive the Thought Form for the Year 1956. He comes forward slowly and majestically. First, He bows low before the Flame on the altar. Then He touches the head of each of the four Sponsors with His hand

and steps into the Heart of the Flame. The Beloved Silent Watcher may now be seen high in the atmosphere. She holds the Thought Form for the year in Her Heart. Sanat Kumara, in an attitude of adoration, raises His consciousness to receive it. Then, as the entire Assembly watches, He projects It forth and the Assembly breathes It in. They then project it forth, in turn, for the blessing of the Earth and its people.

The Thought Form for this year of 1956, beloved ones, is a Heart of Pink Flame, from the top of which blazes the Immortal Three-fold Flame of Life (pink and gold and blue) symbolic of the Love and Balance of Life.

May I wish you all a Happy New Year.

Beloved Children:

This week we will turn our attention to Kuthumi's Report of the Transmission Flame Ceremonies of December 17, 1955 which We interrupted in order to give you the Thought Form for the New Year and the names of the Spiritual Sponsors as recorded by Our Beloved Morya on New Year's Eve, December 31, 1955.

In offering you these detailed descriptions of places and events at inner levels, beloved ones, it is to give you the feeling that the events in which you are taking part spiritually are real, and that the Great White Brotherhood, an inner organization of which you have read and heard so much, is made up of intelligent, living Beings who have made the sacrifice of postponing Their own spiritual evolution to remain in the atmosphere of Earth ministering to a mankind that is not even interested in an endeavor whereby they might attain their own eternal freedom.

It was at the suggestion of the Beloved Lord Maitreya that several of these God-free Beings, in Their addresses, made you acquainted with certain episodes in Their own lives as They walked the pathway of Earth. These pictures, while perhaps not very important in themselves, were intended to show you that these Beings lived and passed through experiences similar to those that many of you may be passing through

today, and yet raised Themselves, through personal endeavor and application, into the Ascended Master state which They now enjoy. This should be a tremendous incentive to individual endeavor on the part of the students, for that which one determined man or woman can do to earn his or her eternal freedom, anyone else may do likewise.

As We contemplate the Precipitation Flame, beloved ones, which has been blazing this current month on the great altar of the Royal Teton, and into which you have been invited to take your consciousness, I would like to remind you that every outward manifestation of life (and that includes the higher octaves) is an activity of the Precipitating Flame of God, wielded by some expression of Divinity, whether it be Master, Angel, Deva or man. The God-free Beings in the Higher Octaves, of course, produce this phenomena consciously, while in the lower octaves it is done, for the most part, unconsciously. Even while the body sleeps at night, the human consciousness is perpetually weaving the life force into fantastic forms and shapes which it interprets as 'dreams', and yet, perhaps, would be surprised to learn that he is held responsible by Cosmic Law for the expenditure of this energy, the valueless nature of which only adds it to the volume of effluvia that makes up the psychic and astral realms in which man abides.

The life energy is never still for a moment, beloved ones, It is always vibrating in response to the thoughts and feelings held in the consciousness of the individual who has taken the responsibility of becoming a magnetizing center and radiating dispenser of the God-life. It very often happens that lifestreams become enamoured

of the pictures thrown upon the screen of maya, either by themselves or others, not being aware that these are frequently emanations rising from the loosening bonds of awakening etheric bodies and have no spiritual value for the progress of the soul. They have rather the opposite effect in that they tend to inflate the ego and stultify the mental and emotional intelligence. Life is like a great river - forever flowing onward; past scenes and past events have been gathered into the womb of time. Try not to draw them forth again and revivify them, beloved ones, as this practice only brings unhappy results in its wake. Consign the past to the care of the Angels of Mercy and go forward joyously to meet the events of the glorious New Day that is ahead.

Blessings and Love,

Beloved Kuthumi's Report of the Transmission Flame Ceremony of December 17, 1955 - cont'd:

Let us now turn our attention westward to the magnificent Royal Teton Range which many of you have been privileged to see with the physical sight and which has the appearance tonight of a blazing and beautiful cathedral of Light, of which Our Beloved Brother Lanto is the great Hierarch.

The Hierarchs of the various Retreats on the Earth's surface, or Their Representatives, have been arriving here since December 15th. As They enter, They immediately enroll with the Brother

who is called the Keeper of Scrolls. He is a beautiful Being with gentle face and long golden hair something like the Master Jesus. He wears a long white robe heavily banded on the sleeves with gold. He sits at a magnificent golden desk furnished at the sides with cylindrical pockets into which scrolls may be placed. On these various scrolls are written the petitions of the combined Brotherhood of a particular Retreat, or they may hold the individual petitions of ascended or unascended beings. All scrolls are presented to this Brother who scans them carefully. Sometimes He makes a correction or perhaps a deletion before He returns it to the Petitioner.

After the scroll has been presented and accepted, the Brother then assigns the visiting Hierarchs or Their Representatives to the rooms set apart for Their use. A white and gold bulletin board hangs at the side of each door, and on this the Visitor attaches His petition. As the seven great council chambers fill, the numbers of petitions on the boards increase, each Petitioner being eager to get supporters for His project. It is all very interesting and inspiring - the great corridor being crowded with Masters, Angels, Devas and chelas (the latter in their inner bodies) reading the various petitions, making notes of their contents and deciding which ones will have their support.

You will remember that, owing to the increased numbers of people attending this Retreat, seven additional chambers have been hewn out of the rock. These surround the great central audience chamber, giving the effect of a gigantic lotus flower with outstretched petals. Exquisite gold

curtains hang at the entrance to each room and on each one is depicted an Archangel with His Archaii in the glorious colors of Their Rays. These curtains are divided in the center, and when closed they look like beautiful panels. Tonight they are drawn back and have the effect of an angel guarding each side of the wide doorways to the seven council chambers.

Beloved Morya has described for you the beautiful altar with its base of white marble and glittering cross of sparkling yellow diamonds adorning the top. Around the base of the altar tonight the Brothers have placed an arrangement of beautiful yellow jonquils - hundreds and hundreds of them. These flowers grow only in China. They have very short stems and large trumpets. They make a beautiful picture of green and gold.

You will remember having described to you the beautiful friezes that adorn the base of the altar, showing the descent of the Manu and Lord Michael with members of the first, second and third root races. You may recall that there were three vacant spaces left for future delineations. These have been filled in during the year. One depicts the Angel Gabriel awakening the Sleepers in the realm devoted to them. It shows the Archangel with upraised hand in which He holds a trumpet, and the Sleepers in a seated position on their couches, with heads raised in a listening attitude. The next frieze shows the Archangel Michael standing with upraised Sword at the door of the Compound, and on the faces of the outcoming occupants is a look of almost joyous unbelief. The third one represents the removal of the last discarnates from the Earth.

It shows a being seeming to clutch the Earth with one hand, while the other clasps that of the Archangel Zadkiel. All these events are made possible by your calls, and I know you are happy to learn that your harvest has become a permanent part of the oldest Retreat on Earth - the Great Royal Teton.

God bless you.

Beloved Children of the Spirit:

It is My pleasure to offer, for your enjoyment and contemplation, more of the details of scenes and events in which you, yourselves, have taken an interested and active part while your bodies slept.

Man does not realize, for the most part, that he is spirit by nature and that this indwelling occupant is definitely interested in and attracted to activities that pertain to its own existence. This particularly refers to those who are awakening from the drowse of the senses. The soul is stirring in its sleep - is beginning to hear the still small voice of the spirit and feel the urge that at last it must be 'about its Father's business'.

As your outer consciousness is made aware of activities at inner levels through these reports, beloved ones, the vibrations of your outer minds are rasied and they become more sensitive and gently receptive to spiritual instruction, activities and events that hitherto seemed beyond the scope of human reason or understanding.

It is a matter, then, for great rejoicing on the part of the Celestial Hierarchy that out of the billions of beings steeped in the slough of the senses on this planet, there are a comparatively few individuals willing to brave the ridicule and scepticism of the mass mind to

listen to Our words of instruction which will lead to their eternal freedom.

Allow Me to commend you on your spiritual courage, beloved ones, and to repeat for your encouragement the words of Our Beloved Jesus: "Blessed are the pure in heart, for they shall see God!"

Blessings and Love,

Excerpts from the report of Beloved Morya on the New Year Activities - 1955:1956.

Beloved Friends:

Even to the outer sight of man tonight, the Royal Teton presents the appearance of a glorious natural cathedral, with the blazing light from within playing upon the snow at its cap. As We stand for a moment contemplating the beauty of this great mountain range, let Us consider how wonderful nature is to create those magnificent spires pointing heavenward to remind even the most mundane among mankind of the Divine Principle behind all manifest life.

Tonight, the Teton is filled with activity. The Members of the Karmic Board have already taken Their places on the magnificent thrones of Chinese jade and emeralds created for Their use in love and gratitude by the Brothers of the Retreat. Petitions are going up to Them continually from Masters, Angels, Devas and chelas -

all eager to present their ideas for the comfort and enlightenment of the evolutions of Earth.

Around these thrones, a vast amphitheatre in circular form has been erected by the Builders of Form, with seven great tiers of seats in the various colors of the Rays - blue, gold, pink, white, green, ruby and violet. In them are being seated the individuals among mankind who have been brought, in their inner bodies, by Angelic Beings. As they enter, the color of the Ray to which they belong is clearly distinguishable emanating from their etheric bodies, so that it is an easy matter to direct them to the tier of seats reserved for their use. Now this projection of color is a very significant thing from the inner standpoint because the etheric body of the mass of mankind is, for the most part, heavy and gray, and not at all translucent. Yet, tonight, even the most mundane among them are radiating the colors of their Rays, which shows the magnificent purification that is taking place through the inner bodies of the entire human race - set into action by the four Great Beings (the Directors of the Forces of the Elements) in the Autumn Class and continued by your daily service.

The Members of the Karmic Board are robed in varying shades of the gentle color pink again this evening; the Beloved Portia wearing a deep rose tint. As Spokesman for the Board, She is seated in the center, Her throne being raised somewhat above the others. Her magnificent robe is banded with a crystalline substance, the long train sweeping around and arranged in graceful folds in front. Upon Her head She wears the seven-pointed crown, adorned in front with a

massive pink diamond which is fully two and one-half inches in height; the other six stones adorning the band being smaller. The other Members of the Board wear similar crowns, the only point of differentiation being the size of the central jewel.

These Great Beings now have the great obligation of giving to the Great White Brotherhood, the various Retreats, as well as the mankind of Earth that portion of Life's energies which, according to Their great Wisdom, can be used to help the evolutions of Earth to greater freedom in the year 1956.

All during this busy evening the various activities and ceremonies attendant upon the termination of the 'Old' year and the beginning of the 'New' year (as described to you by the Beloved Kuthumi and Myself) have been taking place. And now, beloved ones, how shall I put into words the JOYFUL NEWS that it is My pleasure, privilege and honor to impart to you?

SANAT KUMARA HAS BEEN RELEASED FROM HIS EXILE OF THE AGES!

This decision by the Cosmic Law came as a complete surprise to all but a very few of the Celestial Hierarchy, and it was My sweet privilege and honor to be invited to present the Scroll announcing His Cosmic Freedom to Him as He stood rapt in deep meditation within the Flame upon the altar. After its reception, He remained for a long while gazing in profound contemplation at the gift of Freedom within His hands, while the expression of joy and gratitude on the faces of the entire multitude, as they

were made aware of its contents through My words of presentation, was beautiful to behold.

The Lord Buddha, Who has been preparing Himself through long ages for this hour, now advanced slowly toward the Flame, and Sanat Kumara, from His position within It, removed the crown from His head and placed it gently upon the head of the Lord Gautama, Who knelt to receive it with hands reverently crossed upon His breast in an attitude of humility and grace.

Sanat Kumara then stepped forth from the Flame, and standing by the side of Lord Gautama blessed and thanked the multitude present and all life for His release, and expressed the desire to remain in Shamballa as Regent until the expiration of the time set by the Cosmic Law for His stay on Earth a few years ago. The Lord Gautama will rule as Lord of the World from this night forth.

It was a tremendous and surprising climax to a most eventful evening, beloved ones, and I am sure that every lifestream in that vast assembly was grateful to God for the privilege of witnessing amcosmic event unparalleled in all evolutional history.

God bless you, each one.

Beloved Children:

Events and activities relating to the planet Earth's evolution are moving forward so rapidly in the etheric realms at this time that they seem to exceed the time and space that your limited consciousness allows to narrate them.

The Beloved Morya and Kuthumi have endeavored to keep you acquainted with the scenes and events leading up to the dramatic climax of Beloved Sanat Kumara's Freedom, which was made possible at this time through Lord Gautama Buddha's preparation and attainment of the spiritual heights necessary to fill the Office of Lord of the World in Sanat Kumara's place.

It is now My pleasure to offer you the Archangel Michael's account of the cosmic events which took place in His Retreat in the Canadian Rockies on the evening of the Transmission Flame Ceremony, January 21, 1956. This Sanctuary has not been open to the outer consciousness of man for many, many ages, but was chosen now by Cosmic Law as a fitting theatre to stage events unequaled in all evolutional history.

Blessings and Love,

MAHA CHOHAN

Excerpts from an address by the Archangel Michael on the occasion of the re-opening of His Retreat at Banff, in the Canadian Rockies, January 21, 1956.

Welcome into the Heart and Spirit of Faith tonight, beloved friends; you who have guarded, guided and protected the faith of mankind life after life for many aeons of time.

It is My great honor and privilege to re-open the doors of My Retreat here in the Western Hemisphere tonight - and for what purpose?

For the great and magnificent purpose of forming the platform - forming the impetus - forming the actual momentum of energy upon which the Lord of the World Himself shall ascend, in majestic glory and dignity, to His Home!

So do I now offer My gratitude to you for your participation in these scenes beyond the veil of maya, relying wholly upon the instincts of your hearts, the promptings of your spirits, and the radiation which We endeavor to pour through the veil of maya into your worlds, particularly into your emotional bodies.

It is a rather marvelous activity when you think that through the human veil Ascended Beings can contact and commune with unascended beings in a sufficient pressure of conviction that a handful of such unascended beings are willing to stand within their faith in God and those of Us Who are His Messengers and use voluntarily - without pressure of superstition and fear and doubt - their vital energies mentally, emotionally, etherially and physically, to further the

evolution of the recalcitrant planet and its people.

The activity begins tonight at Shamballa. You are, of course, all acquainted with Shamballa - the marble Bridge - the beautiful Temples representing the Seven Great Rays - the great central pool in which play the magnificent flame fountains - and the beautiful Temple of Sanat Kumara overlooking the whole.

From within this Temple, Sanat Kumara has reigned since His coming to Earth many millions of years ago. From within this Temple He has sent forth every Messenger of Light who has ever carried the Message of God and the Example of the Nature of God to man. This Temple is filled with memories for each of you and for each of Us as We look upon it tonight.

Over this Temple has always flown the Crest, the Banner, and the Standard of Sanat Kumara which is, of course, the planet Venus surrounded with the laurel wreath on a deep purple field. Tonight, when the Standard is lowered for the first time since His coming, the Standard of the Lord Gautama will be raised - the two activities taking place almost simultaneously. When the purple Banner of Sanat Kumara comes down, the golden Banner of the Lord Gautama will be run up (the planet Earth surrounded with the colors of the Causal Body - on a gold field).

You will remember that the Beloved Sanat Kumara removed His crown from His own head on New Year's Eve and placed it upon that of the Buddha, which signified the transference of His powers, partially, to Lord Gautama. However, Sanat Kumara will remain in the atmosphere of Earth as Regent

until the time allotted to Him by Cosmic Law expires, with the exception of visits to Venus, which will be governed by the amount of release and relief the people of Earth accord to Him. He will be a 'commuter', you might say, between the two stars. This very activity should create a tremendous affinity between the Earth and Venus, because every time He returns Home, part of the radiation of Earth will go with Him, and when He comes back, He will bring the radiation of Venus in His wake and in His train. In this way, We will have a weaving and a meshing of the vibratory action of the two planets, which is essential, really, for the ascension of Earth into the orbit of Venus in the short period that remains.

Every Hierarch and every Ascended Being, as well as every Retreat, has a Banner, a Standard or a Flag. You know Mine - the blue field with the golden sun and the embossed figures of the Seven Archangels. Each Hierarch and each Retreat and Sanctuary of the Brotherhood is represented in Shamballa tonight with a Standard representative of Their focus and activity of Light. They are lined up on either side of the central pool where the flame fountains play - almost a hundred deep - those magnificent flags! That walk is very, very long, and the full length of it, from the foot of Sanat Kumara's Temple to the end of the bridge across the sapphire sea, is massed with Beings - members of the Elohimic Court, Cosmic Beings, Angels, Devas and Masters. All bear Their individual Standards, and as Sanat Kumara's Flag is lowered, all of the Standards are dipped, somewhat similar to your activity of honor when a great personage passes, only, of course, this is not a sad moment - it is rather

a cosmic moment of rejoicing.

****

Let us go back for a moment now and see the activity as it took place. The Standard of Sanat Kumara is still waving over the Temple. Its purple field is plainly visible with the beautiful Star, Venus, and the lovely laurel wreath upon it. Now, as all eyes are focused upon it, it comes slowly down, and as it does so, every Standard is dipped in recognition, love and gratitude for the service it represents. Then, almost with the same action, the gold Standard of the Lord Gautama ascends where it now waves, in undulating folds of bright color, upon the soft breeze.

The Beloved Sanat Kumara is in a pure, unadorned white robe tonight - no vestments of any kind, while the Beloved Lord Gautama wears the royal purple robe and the Crown and Sceptre. By His side stands the Lord Maitreya - also in the royal purple robes of authority - with mitre and staff.

For the present, it has been arranged that the activity of the previous Buddha (Lord Gautama) and the new Buddha (Lord Maitreya) will be combined, because the service of the Lord of the World is to generate enough Light to keep the planet in the solar system, and Lord Maitreya's gift is to take the activity of the Ceremony wherever possible because, as you know, the Lord Gautama is not inclined that way. It will be a three-fold activity which will be magnificent - Gautama holding the Light, the Peace and the Illumination; Sanat Kumara as Counsellor and

Regent; and Lord Maitreya as the Head and Heart of the Brotherhood in practically all ceremonial service. Tonight, Gautama has, for the occasion, adorned Himself with Crown and Cape and Sceptre.

Beloved Children of God:

As you can readily understand, there has been a tremendous increase in the vibratory action of the planet Venus since the return of Its Lord within Its aura.

As many of you have felt, there is a noticeable advance in the vibration of this planet also since Lord Gautama's assumption of the Office of Lord of the World in Sanat Kumara's place.

This may be explained by the fact that Lord Gautama's evolutionary victory was accomplished entirely on this planet, whereas the Beloved Sanat Kumara was a Lord of the Flame in Its entirety at the time He came to Shamballa to take up His residence there as Lord of the World.

All life is one, beloved ones. There is a distinct interchange of consciousness between the mental, emotional, etheric and physical bodies of mankind; it exists in the animal and nature kingdoms also, graded, of course, according to the life expressions. It is understandable, therefore, that as the Lord Gautama attained His final Victory, the vibration should be felt by sensitive individuals tuned in to the spiritual consciousness.

This inter-relationship of consciousness, beloved ones, makes every man 'his brother's

keeper', as Our Beloved Paul, the Venetian, expresses it. This Truth was also voiced by the Beloved Jesus in His statement: "If I am lifted up, I will draw all men upward!" Therefore when a man gains a victory over some human tendency or weakness in himself, he unconsciously pours strength and encouragement into the lives of his fellowmen. Likewise, if a man persists in indulging his human passions, he weakens the morale of the race proportionately and is not held guiltless for this in the eyes of the Cosmic Law.

It has not yet been revealed how long the Cosmic Law will accept the sacrifice of Lord Gautama's willingness to carry the responsibility of holding the Light single-handedly, as it were, for a recalcitrant race of people, the majority of whom are not even aware of His existence, and it would be wise, beloved ones, that you not only step-up your own understanding by consciously tuning in to the higher vibrations of the Ascended Host, but also intensify your calls for the mass illumination of the race.

Blessings and Love,

MAHA CHOHAN

Lord Michael's address of January 21, 1956 - continued.

Sanat Kumara, Lord Gautama and Lord Maitreya now appear at the door of the great Temple and slowly descend the long flight of steps. As They reach the foot, They turn and look upward where Sanat Kumara's Standard still waves in the breeze.

Now, at a given signal, the purple Banner is drawn Earthward and the golden Standard of Lord Gautama is run up. During the slow descent of Sanat Kumara's Banner, the flags of the entire Assembly are dipped. It is a most solemn moment; in a way, a nostalgic moment, for it portends change, not only for the Celestial Hierarchy dedicated to the welfare of the planet, but for the people evolving upon it as well.

All flags are lifted now in tribute to the Lord Gautama, and one of the Angelic Beings, carefully folding the purple banner, lays it gently over the arm of Sanat Kumara. The three great Hierarchs are now walking along the wide avenue toward the bridge, smiling and bowing to the assembled Brotherhood, while every banner is dipped in acknowledgement of Their Presence as They pass.

When They reach the entrance to the bridge, They pause and turn around, seemingly to implant the scenes They have just passed through in Their memories forever. Now the Beloved Sanat Kumara stoops and kisses the grassy sward at His feet, while the vast assembly, Who have not moved, gaze upon these great Masters of Love with unutterable love and tenderness expressed in Their countenances and bearing.

Lord Gautama, Sanat Kumara and Lord Maitreya stand there for a moment, then raising Their hands and touching Their hearts and heads in a gesture of adieu, They turn and walk over the bridge and disappear in a blaze of light. The next moment, They are standing at the great doors of My Retreat in the Western Hemisphere, situated at a place now called Banff in the Rocky

Mountains of Canada on the North American continent.

The final ceremony of the transition of power from Sanat Kumara to Lord Gautama, as well as Sanat Kumara's departure for Venus, takes place at My Retreat in the Western Hemisphere, which, We think, has a real significance in itself. Those of Us who are privileged to witness it will never forget the solemnity of this great occasion.

The two great Hierarchs approach each other from either side of the great altar, ascend the steps together, and stand facing each other, Their Causal Bodies blazing out like great fans (identical in size) in all the glorious colors of the Rays. Now They approach each other until They meet within the Flame on the altar where They become One, at which moment there is a tremendous flash of light, followed by an expansion of the Flame which passes through the entire atmosphere of Earth.

At that precise moment, the Causal Body of Sanat Kumara is withdrawn from the body of Earth, while that of Lord Gautama enfolds it in Its embrace. The Causal Body of Sanat Kumara becomes the aureole encompassing Him and His entourage on the journey to Venus.

I will now ask you to sing the song to Sanat Kumara, beloved ones, so that it might be said that His return to Venus was accomplished on the energies of the Earth people. (audience sings as requested).

The transition to His own beloved Star and

Those who accompanied Him was accomplished by Sanat Kumara in a beautiful chariot fashioned out of etheric substance by the visualizing process of chelas on the Earth plane who were aware that this transition would take place within a specified period of time. The actual journey was accomplished, of course, with the speed of light and almost immediately They had arrived within the orbit of Venus. In the meantime, the Lady Venus, with Her retinue, had come out to meet Her Lord. As the two companies approached each other, Sanat Kumara descended from His chariot and, in the simple white robe He had donned when He transferred the robes of State to Lord Gautama, He went forward alone to meet His Queen. The Lady Venus also came forward unaccompanied and as these two Great Beings greeted each other with outstretched hands, the Light of Their Causal Bodies encompassed Them and They were lost to the sight of the watching multitudes for a moment.

Now the music and song of the Angelic Choir fills the atmosphere and the voices of the people of Venus can be heard as they sing the Song of Welcome to their Beloved King - the same song they sang as He departed from them so many aeons ago, but now rendered in the joyous tones of happiness.

Sanat Kumara and His Beloved Venus now repair to the great Temple where, with all Their people, They give praise and thanks for His joyful and victorious return, and for the successful accomplishment of His Mission of Love.

Beloved Children:

It is with pleasure that I present for your enjoyment the words of love and instruction embodied in the address of our Beloved Archangel Michael to the unascended portion of mankind, both in and out of physical bodies, at His Retreat at Banff recently which, if sincerely meditated upon, should be a tremendous stimulus to the spiritual understanding.

We cannot lay too much stress on the point that the mental and feeling bodies must be brought into a state of perfect alignment one with the other if one is to attain any spiritual progress. The evolving ego must see to it that perfect harmony exists between these two bodies. If one inadvertently slips, it must be immediately restored to its proper position by the watching intelligence, for only in this way can peace and harmony be maintained.

In the meantime, the alert ego should take full advantage of the Sacred Fire of Purification in order to transmute cause, effect, record and memory of old hatreds, old resentments, old frustrations and other discordant karmic links that lie, for the most part, dormant in the etheric body, but which flare into resuscitated life and action when the lifestreams connected with them meet.

As certain tests in the physical world are

required to determine an individual's fitness for a particular position, so do initiations on the spiritual path determine whether a lifestream has risen above reactions to conditions, proneness to which may prove to be a stumbling block to his spiritual progress in ages yet to come.

May I say for your comfort, dear ones, that these initiations are continually taking place on the pathway of life, and more especially in the experience of those under direct instruction of the Ascended Masters. As most of the experiences of life are of this karmic nature, calling on the Law of Forgiveness and the use of the Violet Fire will remove them from your paths.

Blessings and Love,

MAHA CHOHAN

Excerpts from Archangel Michael's address at Banff on January 21, 1956 - continued.

It is not difficult, beloved ones, when you have passed through the veil of so-called death, when your inner sight is cleared and you can look with unscaled eyes upon the creations of the psychic and astral realms that bind souls 'round in darkness, to be fired with enthusiasm and, in the fuller freedom of your etheric vehicles, go into action to set souls free. But when you must rely upon Our words and upon Our honor, and upon your own faith in tasks undertaken and accomplished by yourselves, then great indeed is the benefaction to the soul who does so stand and, boldly facing the unseen, utilizing both the powers of invocation and visualization, set into motion cosmic activities of mercy and purification which have, in a short span of time,

freed souls who have been impounded for long ages, slept through aeons of time, or had been Earthbound, and by this very self-imprisonment had not been willing or able to find out the Will of their own "I AM" Presence, or even if they knew that Will, could not fulfill it and complete their destiny.

Beloved friends, sometime, someplace, somewhere, either on this or some other planet of the system or any of the inner spheres, each created intelligence must come to a point where there is a surrender of the intellect, of the feelings, and of the senses, to the God-Self.

Beloved friends, it is the service of Those who serve with Me - the Defenders of the Faith - to keep alive the Faith of God within the hearts and souls of men; the Faith in their own Divine destiny, which knowledge should raise them above the limitations in which they are now submerged. It is to intensify and expand that Faith that the Legions of My Kingdom constantly breathe upon the soul-light of men and in that breathing give something of Ourselves, something of Our Nature, which service enables men to 'keep on keeping on'.

This beautiful Sanctuary at Banff was prepared for Our use by the Beloved Builders of Form, assisted by members of the Angelic Host, at the time of the descent of the First Root Race, accompanied by the Lord Manu and Myself. It was hewn out of the rocks with the most exquisite diamonds and sapphires drawn from the heart of the mountains with the cooperation of the Beloved Virgo. I remember the occasion of My first visit here, and the feeling of love - the deep love - that surged through Me for the dear planet and the blessed Beings who, in loving harmony and

beauty, fashioned such a magnificent, such a holy and completely beautiful gift for Our visitation and Our use.

All during the first Golden Ages this Temple was used. From all over the landed surface of the Earth where the race had spread, people who wished to be revitalized came. In the Flame on the altar they found nourishment for the particular project or idea they wished to externalize. Those standing within It found the primal seed of their idea growing and developing in a magic, mystic way, and very often, before they had descended the steps of the Temple, the ephemeral concept of the picture they had in mind had been clothed in a clear, concise mental image in the feelings, and often precipitated, if it were a small object, in their hands.

This is the activity of Faith, beloved ones. It is giving life and substance to that which is ephemeral - to that which lives in the realm of ideation - and which dies so often for the lack of clothing it in the substance of the feeling world through Faith before it is lowered into the more dense substance of the physical world.

After the Fall of Man, when he had withdrawn his attention from his Presence and became absorbed in the creations of the outer world, this Temple was closed to the material mind and has remained vibrating in the etheric realm during the long centuries in between to the present day.

Many of the Temples used on Atlantis and Lemuria have been raised into the etheric realms. Some day they will be lowered again when man is spiritually ready to receive them. It has happened that one or more of the precious stones used in the construction of these Temples have been put

in the hands of a High Priest or the Head of a Spiritual Order where they form a connection with the Celestial Hierarchy. There are several dozens of the stones from My own Temple in the possession of individuals at various points on the Earth's surface today, Lifestreams in whose possession they happen to be are not always aware of their origin or from whence they came, but they do sense the mystic quality that radiates from them and treasure them accordingly.

Do you know, beloved ones, that the very substance of your own homes, the furniture within them, and all your personal possessions are charged with the vibratory action of your own lifestreams, and everything that you think and feel and speak is registered within them at all times?

The Temples that were drawn forth in the early days were all protected by the Priests and Priestesses and guarded so that no discord could charge into their substance. Therefore, when lifestreams came for help and assistance, there was a consciousness and a quality within them which was absorbed by the suppliant and applicant for grace. This I know you are endeavoring to do today through your blessings to the Spirits of the homes and to your Sanctuaries and Foci where the various Flames are located. Where you have a concentrate of the Sacred Fire there is an essential requirement of remembrance for protection and for the maintenance of harmonious energies in order to hold It in the physical world.

Beloved Ones of the Light:

What a marvelous feeling is pure Divine Love; and how I love you, each one! What a comforting feeling it is to be able to commune with each other heart to heart, and how My Beloved and I enjoy your sweet love-letters - for that is indeed what they are in substance! Thank you, beloved ones, for your love and faith in Us.

Many, many ages have passed into the womb of time since there has been such a mass conscious communication between evolvingmankind and free Beings in the Higher Octaves. At last we have the living manifestation of the declarations of faith expressed in the Great Christian Credo: 'The Communion of Saints'; 'The Forgiveness of Sins'; 'The Resurrection of the Consciousness'; and the now almost universally accepted belief of 'Life Everlasting'.

The majority of your communications carry the query: "How can I help Lord Gautama in His Cosmic endeavor to hold our planet in its rightful place?" Some ask: "What is the nature of the Light He emanates; and how may I release it?" Beloved ones, these questions show a great desire and willingness on your part to help. Light is Love, and anyone, by honestly taking note of the feelings that emanate from him in the course of a single day's living, may judge for himself how much he is helping or retarding the planet and the Great One Who is holding it on its course in the solar system by His individual radiation.

Man experiences a definite feeling of relief in giving unrestrained expression to the human feelings which often rush forth from him on the slightest provocation. The mature individual, however, is one who has his feelings under conscious control at all times through an understanding of the value of the life energy entrusted to his keeping and his responsibility, under Cosmic Law, for its use. The discordantly qualified substance spewed forth by the careless lifestream adds to the already heavy weight on Lord Gautama's shoulders; the harmoniously qualified energy, on the other hand, lightens His burden.

The feeling of gratitude and happiness rising from your hearts has ascended on its own vibratory wave to the very heart of Venus itself and touched the Heart of its Lord and King with its gentle radiation of Love Divine, making His already full cup of happiness at His return flow over. For this spontaneous outpouring of love and appreciation on your part We are immensely grateful.

Blessings and Love,

MAHA CHOHAN

Conclusion of Beloved Archangel Michael's address of January 21, 1956.

Beloved friends, I must speak to you for a moment about the people of Venus. They have been millions of years without their Lord. He is now returning to His Star on a thirty-day visit, and from this time on, He will never be very far from it. He will come and go at intervals as occasion

demands, and as you of Earth purify the remaining cores of distress and allow Him to do so.

The Beloved Lady Master, Venus, and all Her people have prepared, for His reception, the magnificent original Temple of Shamballa which was duplicated here on Earth for Him. The Great Kumaras, the Angelic Host, the Priests and Priestesses, and the people themselves are all in a festive mood and in a state of great spiritual expectancy for His coming.

It will be an event of exact Cosmic Moment and He will appear before them as He disappeared so many aeons ago.

His great Star now shines forth brilliantly, and clad in a beautiful white robe, He and His Beloved Queen stand for a moment in full view of the entire populace, smiling and bowing Their acknowledgement of the love and gratitude expressed by Their people at His return. The radiation of love and happiness pulsating from the Star, Venus, is indescribable.

Before leaving My Retreat, He spoke to the Great White Brotherhood and to the conscious initiates and chelas as follows:

ADDRESS OF BELOVED SANAT KUMARA

"Beloved and Blessed Spiritual Hierarchy, You Who have answered My heart call and formed the Great White Brotherhood; You Who have lived and died and lived again, age after age and era after era, in order to forward the Cause of God upon the planet Earth; to You, tonight, I give My Heart and My Hand. As there is no separation in love, I shall be as close to You as You desire

to have Me.

"I would no more think of permanently leaving you - the Elohim, the Archangels, the Brotherhood, and the sweet struggling chelas without the comfort and solace of My Presence, My Strength and My Momentum, than I would think of leaving My God.

"We are as much ONE in this present Cosmic transition as We have ever been!

"To You, Beloved Gautama, Whose great Light and expansion of consciousness have made it possible for Me to again become part of the evolution of Venus - to You, My Brother, I give My heart's Love.

"To each and every One who has answered the call of the Beloved Morya; who has believed that there was the capacity and the ability within the human heart to cooperate with God-free Beings in removing the shackles of limitation and the shadows that have enshrouded the souls of men - to you I give My Love.

"To the Beloved Chelas, I say: Think you that I could forget the dear Earth when so much of My life, so much of My very Self is woven into the substance of her people, her elementals, her oceans and her continents? Ah, no! Glad "I AM" to have Her purified form ever before My sight.

"I accept with pleasure the gifts you so kindly offer Me - the rings and crowns for Myself and My Beloved - which have been woven out of your own thought substance. This night, as I enter into the orbit of My own Star and speak to

My people face to face for the first time since My departure, I shall tell them of a race brave beyond words to describe; of a race which has believed in God despite every kind of mental, emotional and physical agony, and My people shall be richer by reason of the example of a handful of brave chelas scattered over the face of the Earth; of that of its yet unawakened humanity as a whole, and the other striving evolutions upon it.

"So - Sweet Earth, Sweet Virgo, Beloved Neptune, Beloved Aries, Beloved Amaryllis - all that is within the planet and upon it - thank you for the opportunity of serving!

"There is no Time in loving service. Thank you, beloved Earth, for your hospitality, and for the privilege of holding you within My bosom! Thank you for permitting Me to share in your redemption! Thank you for letting Me share your Victory! Thank you for being such a marvelous Hostess, not only to Myself, but to My Kumaras and the other evolutions who came here from Venus! Thank you for attempting to understand My Presence and for accepting the Patience which is My Gift to give! Thank you, Beloved Michael, for having preserved the Flame of Faith upon which Earth's Freedom is assured! God be with you all until I return!"

****

I, too, will say 'Goodnight', beloved ones. God bless you, each one.

Beloved Children:

It is My pleasure to offer you for your encouragement and instruction, this week, part of an address delivered by Our Beloved El Morya on the evening of the Transmission Flame Ceremony at the Beloved Himalaya's Retreat February 18th, 1956.

ADDRESS BY BELOVED EL MORYA

Beloved Friends:

Tonight We acknowledge the Great Himalaya. He is known by many names; but to you as Himalaya, the great Manu of the Fourth Root Race, many members of which still walk the Earth. Tonight We have the great honor of visiting His Retreat, the Blue Lotus, high up in the white Himalayas.

I wonder if you have given a thought to the thousands of pilgrims who, even as I speak, are toiling up the sides of these mountains from the hot plains of India, from China, and from the Malay Peninsula - all searching for this Focus of Peace - many of them with rags wound around their feet in lieu of the proper footwear, and

clothed in the light garments of the low countries which are inadequate to keep out the bitter cold of the heights. They have been toiling toward this Focus for many weeks, and some for months, searching among the passes and crevasses for that which their hearts told them was an answer to their secret calls for Light and Truth. This cosmic search, even as carried on before the Wesak Festival each year, could be pathetic if one did not see with the inner eye that, in the search itself, there was power builded into the Causal Bodies, strengths built emotionally, concentration built mentally, and stamina built physically, so that those who seek and do not find in one life, by the very fact of their pilgrimage and search, will surely find it in another, because the Law is unerring.

Yet, through a dispensation of the Cosmic Law, beloved ones, you have not had to sail in a boat to India, or fly by plane to the foot of the great Himalayas. You have not had to invest either money, energy or time in coming to the heart of this Retreat; but rather you have been given, through the freedom of consciousness, access to a Holy Place - so holy that only Beings like the Lord Buddha, Ananda, Lord Maitreya and Kuthumi have entered here up until these recent years.

In this Retreat parchments of the writings of all the ancient sages are preserved and carefully guarded, and will be released to the East and to the West only when greed, selfishness and separateness among the peoples of the Earth are no more. Think you of what would happen to these priceless treasures if they were to be released prematurely! Those with the means would seize upon them, and they would become but relics for

the proud. They are retained here within the heart of the Himalayas waiting for the day when they will be an appreciated gift to the people of the future. The people of today could not take the time to read or understand them, so busy are they in the search for food, for raiment, and for pleasure; spiritual wealth being to them, even as to the rich, of very little value.

Tonight, in your beautiful Forcefields, you come with Me to the foot of the great Himalayas where We shall stop and gaze for a moment at those magnificent spires that look like gigantic fingers pointing Heavenward, calling man's attention to God.

As We ascend to the Retreat and see the great wall roll back before Our eyes, We catch a glimpse of the Beloved Himalaya as He stands in the inner Sanctuary graciously greeting His many guests with a beneficent smile and a silent inclination of the head.

He has many illustrious Guests this evening; among Whom is the returning Sanat Kumara; also the Lord Gautama, new Lord of the World; the Lord Maha Chohan and Lord Maitreya; as well as distinguished Visitors from other stars and planets.

Let Us stand for a moment and silently acknowledge the Presence of this Great Lord of Peace. Tonight, His beautiful form is clothed in a magnificent golden robe with the words: 'Om Mani Padme Hum' encrusted in Chinese blue around the hem; His lovely slender hands folded over the other within the long sleeves. Like Kwan Yin, the only indication of His Chinese background is in the high cheek bones. His skin is light and clear,

radiating the inner Light, and His beautiful eyes are large and luminous. He truly is a Master of Peace and Tranquility.

We turn now and enter the outer chamber, in the center of which is a magnificent Blue Lotus afloat within a pool of electronic light - the magic, mystic Lotus Flower that has within itself the power to connect with the jewel in the heart of your own Lotus Flame, or the Three-fold Flame of Life within your heart, and confer upon each one of you tonight the privilege of having one special desire fulfilled. As We have remarked before, the desires We entertain in the valley are not the ones We hold upon the heights.

As We silently contemplate this exquisite Blue Lotus Flower and absorb the radiation of Peace from Our Gracious Host, I ask you to prayerfully commune with your own Inner Presence and sincerely ask that the petition you make be as selfless and, for the sake of the humanity of Earth, as world-engulfing as possible.

As We stand thus meditating upon Our secret desires, the Beloved Himalaya, Who has approached silently, beckons Us to bend over and kiss the petals of the Lotus Flower. We do so, and the fragrance of It fills Our nostrils and flows through Our whole beings, filling Us with Celestial Peace. You may return in consciousness to this moment as often as you like, beloved ones, and feel the radiation of the Blue Lotus flow into your physical forms as well.

Now We can hear the voices of the successful pilgrims as they arrive, chanting their 'Om Mani Padme Hum'. They, however, do not enter the sacred

precincts of the Sanctuary, but have set up their yakskin tents all around in the snow; yet you, beloved ones, are within this hallowed place. Your feet rest upon the spot where the blessed feet of the Lord Buddha, Ananda, Lord Maitreya and Kuthumi have stood. Once, in the long ago, these Beings also had a desire that They wished to have fulfilled and They, too, bent and kissed the Lotus Flower after which They received a deeper instruction in the Law, even as it is in your experience today.

Owing to the larger number of lifestreams who are drawn to these Retreats, they have all been enlarged, and this Sanctuary is no exception. This year the central focus is in the shape of a great pyramid with the Blue Lotus Flame blazing on top. The seats are arranged amphitheatre fashion around the base, the more advanced Beings on the higher seats, the lesser ones lower down toward the base; the chelas are taking their seats according to their individual development, and it is interesting to note that all do not sit on the same level. However, beloved ones, (and this is amazing) you are all within the golden curtain and in the company of the tremendous Beings of Light Who have come to pay homage to the Blue Lotus Flame.

Beloved Children:

This week I give you the balance of Our Beloved Morya's address of February 17, 1956 from the Beloved Himalaya's Retreat. The fact that We are able to acquaint you with scenes and events taking place at inner levels, as well as your own participation in these occurrences through your projected consciousness, is a tremendous step forward in the awakening of the entire race, because your faith and your constancy flowing through the mental and emotional bodies of your fellowmen will eventually convince them of Our Reality and Presence and Our good intentions toward them. One man in a dark place holding his light aloft can guide the footsteps of many.

ADDRESS BY THE BELOVED EL MORYA - Concluded

Friends of My Heart:

To you - who have made it possible for Me to prove to the Karmic Board that unascended beings made cognizant of a need can cooperate consciously and release the energies required to fulfill that need - to you I AM deeply grateful.

In the radiation of this gratitude, I have requested the Maha Chohan the opportunity and privilege of addressing you this evening to give you once more the spur of My energy and the power of My faith to hold you constant on the Path until your final Victory.

Long has the planet Earth been the 'problem child' of the universe, and for many ages those of Us Who belong to the Brotherhood have considered the ways and means by which She might be moved forward and the inertia of soul within the consciousness of the discarnate sleepers at inner levels be removed. We have tried many ways to get the embodied lifestreams to throw off the human lethargy which seemed to engulf them, and tried to persuade the 'impounded' to take an interest in the fulfillment of their Divine Plan.

Through many great Beings incarnating upon the Earth We have endeavored to stir the reluctant energy of mankind to a point where We could get them interested in the sublimation of the personal self, and the spiritual history of the planet records with some degree of accuracy that We were successful in a few cases at least - but this was not enough. It was not enough when you think of the millions of lifestreams who, for so many aeons of time, through the use of free-will, refused to be a part of their own or the planet's evolution, and through the various avenues of escape of the human senses, closed their consciousnesses against the Divine Plan - finally entering the 'realm of the sleepers' at the other side of the veil where they lay inert for many ages.

It was not enough when you think of the vast

numbers of people who deliberately misused the life energy, consciously defied the Divine Plan of Life, and by the conscious misuse of thought and feeling, became part of the 'black brotherhood'. These rebellious souls had to be finally impounded and guarded by a Great Being of Light in a place where they could not corrupt other evolving lifestreams. Here they remained apart, refusing to enter the Halls of Karma, or to accept the wisdom or justice of the Karmic Board. They also refuse to enter the schoolrooms provided at inner levels for souls who desired to prepare for a better incarnation in the next Earth life - remaining attached in consciousness to people, places and conditions they either loved or hated in their past Earth lives.

Now, through a double activity all this has been changed. How? Firstly, through the persuasion of the Karmic Board by the Beloved Saint Germain and Myself that if lifestreams on Earth knew of these conditions they would help through their own individual application to change them. Secondly, having secured permission from the Karmic Board to prove Our assertion, Our next step was to secure the attention of a handful of chelas who had to rely upon their hearts rather than their sight in recognizing Our Presence and Reality. After this was accomplished, We had to draw them together and prod them onward, sometimes by praise and sometimes by the spur, to a point where We could, by the use of their own projected consciousness, make them acquainted with the needs of the moment; and then HOPE that through their intelligent grasp of the situation, they would make calls for its accomplishment, thus fulfilling, on their part, the Cosmic Law governing the evolution of the mankind of Earth.

We cannot praise God enough, beloved ones, that the second part of the activity has also been accomplished, and through your faith in Us, our mutual trust, our mutual friendship, our mutual agreement, a true 'Communion of Saints' now exists between Our Realm and yours.

Due to this mutual agreement, which might widen the eyes and raise the eyebrows of the so-called 'intellectuals', the Great Sanat Kumara has been released from His exile; the 'sleepers' have been awakened; the Earth-bound have been released; the 'impounded' have been given an opportunity to proceed with their interrupted evolution; and the discarnate entities have been removed from the planet and placed in schoolrooms at inner levels. Think, beloved ones, of what association between Ascended Beings and faithful, conscientious, pliable chelas can accomplish!

I have worked with the mankind of Earth for a long time; with their idiosyncrasies, their strengths, and their weaknesses. I know them well; and yet, withal, I hoped to try to bring this era of cosmic invocation into being on the wave of the Beloved Saint Germain's Endeavor. I have tried to hold those already trained in the use of the Violet Fire and the Powers of Invocation from sinking back into the inertia of the outer mass mind which is like quicksand, and which, at the slightest doubt, absorbs even the most zealous into its maw. Seeing all this, and seeing that great quicksand of doubt and fear and lethargy waiting to suck the aspiring, but disappointed souls back into itself, I asked the Karmic Board for the opportunity of inspiring them to new endeavors.

In the East, beloved friends, this would be

a comparatively easy task, for the natural activity of the Eastern Hemisphere is conducive to peace and spiritual receptivity, but in the strong and vibrant West, where the energies and vitalities are so powerful, to find selfless individuals strong enough to hold the cable is not easy. Yet it has been done, beloved ones, through your gracious selves, and for this I AM so grateful.

All during this current month, a Brother or Sister of Peace from the Beloved Himalaya's Retreat will come at your call and stay with you as long as you desire, returning to the Retreat after His or Her service to you is accomplished. Feel Their Presence, beloved ones, and listen to the instruction given you in the Silence.

Let us remember that the Flame of Peace which We honor tonight is living essence; it is light qualified, and every member of the Brotherhood Who has come from Venus, from Uranus and other stars and planets - everyone increases the intensity of that Flame through Their own light, through Their attention, through Their breath, so that the Blue Lotus of Beloved Himalaya enfolds the entire continent of Asia in Its radiant Presence, and later, when the entire Company joins in the activity of the Holy Breath, Its light will encompass the planet.

The unascended brothers who have come from Llhasa and the great monasteries around that area have been admitted to the outer chamber. Everyone, both inside and outside the Retreat, are focusing their attention of the 'Jewel in the Heart of the Lotus' as they repeat the great mantra. The pilgrims on the mountainside feel

the radiation and are prostrating themselves on the ground giving praise and thanks to Almighty God for the privilege of being present. You see, beloved ones, in the East radiation alone is so sacred,, that to receive it from a Master, even though not a word may be spoken, is worth the endeavor of a lifetime. Sometimes these blessed souls serve for an entire embodiment - receiving perhaps but a nod of the head from a Master (thus are they trained in patience and constancy).

Here in the West you have received so much! Goodnight and God bless you!

Beloved Children:

When the Beloved Jesus took a towel and washed the feet of His Disciples, He proved to them by precept and example that, in the great evolutionary scheme of life, the greater intelligence serves the lesser.

The people of Earth take more or less for granted the favors rendered them by the Great Intelligences Who serve them impersonally, directly or indirectly, in every phase of their everyday existence. For instance, how much thought, not to speak of gratitude, is given to the Beloved Helios and Vesta, the Radiation of Whose Presence furnishes the light and brilliance of the Sun itself by which all life on this planet is nourished and sustained? How much recognition or gratitude is given the Great Beings Who govern the forces of Nature, holding the millions and millions of intelligences that comprise the elements in check lest they rebel and destroy the mankind they are forced, by the law of their being, to serve?

You must know, beloved ones, that every cell and atom that make up the whole universe were drawn forth from the Body of God through intelligences on Whom He conferred His own spiritual nature, including the gift of creation itself, calling them 'His Beloved Sons'. As the spider draws the substance of the web from within its own body, so does every intelligence endowed with

the power of creation draw on the Body of God (whether he knows it or not) for the substance to fill every manifestation of life it wishes to express. This includes not only the great stars and planets and suns that swing around the Great Central Sun in interstellar space, as well as the mighty evolutions that dwell upon them, but your own bodies, the clothing that you wear, the substance of which your homes are built and the furniture within them. All things - from the smallest to the greatest - are part of the Body of God. How gracefully, then, should We comport ourselves and how gently should We walk through a universe into which We were sent by the Father that We might enjoy the happiness of His Presence and expand the glory of His Kingdom? Even now, beloved ones, are ye 'the Sons of God'.

In a great Cosmic Council of the Brotherhood dedicated to the spiritual advancement of the mankind of Earth, at which it was My privilege and prerogative, as Maha Chohan, to preside, it was shown that while thousands of individuals had become aware of the Great White Brotherhood and of the fact that there was a plan and design for the redemption of the race through Its intervention, yet the consciousness of the people had fallen so low that there was no point of contact between the Masters' Plan and the willing, but unconscious chela. There seemed to be no way or means provided whereby this hope and promise could be fed into the intellectual selves of those who were eager to cooperate, but unable to find the way. Along the Seven Rays the Chohans reported the same thing - good material, but no bridge. It was then that the Beloved El Morya presented the idea of forming an alliance or bridge by which the Brotherhood could reach the

people and allow the Karmic Board to determine by the result of such an action whether the investment of energy was worthy of the Grant.

The Beloved Helios and Vesta acquiesced to the experiment and I was delegated with the authority to give the Seven Chohans rein to connect the consciousness of Their people with the Will of the Father - if they (the people) could provide and sustain such a bridge.

The Lords of Karma passed on the proposal and the Christ Selves of the race eagerly began Their endeavors to create the individual bridges which are the natural connection between each outer self and his Higher Mind, and this whole New Endeavor is the result of such cooperative activity. Then, encouraged by the success of this experiment, the Beloved Morya requested My permission to approach the Karmic Lords again - this time with the idea that if the people of Earth could be apprised of Our activities on their behalf while these great Gatherings were in session, they would cooperate consciously, thus fulfilling, intelligently and speedily, the Cosmic Law governing the Earth's evolution. The Beloved Morya Himself has told you how this has been accomplished thanks to your faith in Our Presence and your willing cooperation in Our mutual endeavors.

Blessings and Love,

MAHA CHOHAN

Beloved Children seeking your way back into God's Living Presence:

The Activity of the Holy Spirit (Whose radiation I guard and direct as Maha Chohan) is to ACTIVATE all constructive endeavors which further the evolution of the race. For instance - through

The Patriot (First Ray) desiring to build up a state or nation in which Freedom may abide.

The Educator (Second Ray) endeavoring to develop the latent talents of his pupils.

The Humanitarian (Third Ray) desiring to promote true brotherly love.

The Artist, Musician, Sculptor (Fourth Ray) designing some inspirational expression toward Godly living.

The Scientist and Physician (Fifth Ray) endeavoring to alleviate human ills.

The Priest, Minister, Rabbi, Missionary (Sixth Ray) desiring to spread the Word of God.

The Devotee of the Divine Science of Invocation (Seventh Ray) - sublimation of error and the radiation of the Nature of God.

All serving under these headings receive of the spiritual blessing and benediction of the Holy Spirit according to the motive back of the service and the capacity to receive the grace through the development of soul and spirit.

As below - so above. Every Ascended Master, Deva and Angel endeavoring to assist mankind becomes the recipient of My benediction and assistance.

Of course, you will understand that in the Ascended Master state there is no such thing as 'Me or Mine - You or Yours'. We are all ONE in service and all the Brotherhood join lovingly in the activity that is the most urgent requirement of the moment, endeavoring, by united effort, to direct it unerringly toward its goal.

Thus, in the present crucial times, I have chosen to 'share' My Bulletin with My 'Seven Sons' (the Chohans of the Rays) as well as giving other Masters, Who have been given permission by the Karmic Board to address mankind, an opportunity to impart Their instruction through this medium of expression. To all these I pour My Love and Light.

If you will examine My 'banner' which shows the White Dove on the purple field, you will better understand what I mean. The Dove, representative of Myself as Representative of the Holy Spirit, is activating the VIOLET RAY and assisting the Master Saint Germain to make this Ray known to the mankind of Earth. It is thus, from time to time, according to the wisdom of My Holy Office, that I choose to present for your illumination excerpts from certain pertinent instruction brought forth by some Ascended Being, which when studied and meditated upon, will help the entire endeavor. This does not mean that I have 'receded' in favor of the Master to Whom I extend the privilege of using My precious Bulletin, but rather that you may be benefitted, beloved of My

Heart, by the FULL POWER of the Holy Spirit which energizes and activates the endeavors of My Beloved Brothers of Light and Love.

Pursuant to this policy, I offer for your instruction words of counsel from My Beloved Son, El Morya, which, if followed, should sharpen your discriminating faculties in detecting that which is of God and that which is of man. Lord Gautama, when He walked the Earth, taught His disciples the 'Middle Way' as being the only safe path for the feet of the evolving chela. It is upon this path (described as being as narrow as the razor's edge) that discrimination, wisdom, humility and discretion are so much needed by the earnest, but sometimes precariously balanced traveler. This is not the first time, beloved ones, that your spiritual aspirations have brought you to the same point on the path where you stand today. You have reached, and even gone beyond it many times in past embodiments, only to wander off again enticed by the blandishments of those of your fellow travelers who, becoming weary of the self-discipline and restraints exercised by the aspirants for freedom, invented an 'easier road' to the Kingdom and drew many of their too-credulous companions along with them.

Sincerity of purpose, beloved ones, coupled with a selfless desire for the welfare of the traveler on the perilous journey through the mazes of human creation, is the unmistakable mark of the radiation of an Ascended Master Friend. It is essential that you practise discrimination.

Blessings and Love,

MAHA CHOHAN

ADDRESS BY THE BELOVED EL MORYA

Friends of My Heart:

The Beloved Maha Chohan has requested that I speak to you on the subject of 'Spiritualism' - a word coined to cover the study of the psychic plane and its inhabitants. This is a subject which has engaged the mind of man for many long ages, having recurrent cycles of active interest one of which seems to be rampant at the moment, which makes Our reference to it at this time rather apropos.

Beloved friends, you must know that every being who ever incarnated on this planet did so of his own free will, having applied to the Godhead for permission to acquire mastery over the powers of creation in the world of form. This privilege having been lovingly conferred upon him, his next procedure was to apply to the Cosmic Law for sufficient life energy to complete his mission. This life essence, being an emanation from the Body of the Godhead, is held in such priceless esteem by the Cosmic Law that any lifestream applying for its use literally has to 'sign' for the amount released, and it is only given then on condition that it is returned within the time specified, with interest in the way of accomplishments. Everyone who breathes the breath of life, dear friends, no matter in which sphere he abides, has signed this document before the Cosmic Law at one time or another.

When man defaulted in his obligation to the Cosmic Law for the return of this energy - the period allowed for the attainment of his mastery being approximately fourteen thousand years under

the supervision of the Seven Chohans of the Rays - the whole course of Earth's evolution underwent a drastic change. The Holy Christ Self of every individual was put under obligation to take note of 'every jot and tittle' of energy used. This was entered in the 'Book of Life' and had to be accounted for by the lifestream. Halls of Judgment were set up; Judges were appointed; and the psychic realm (a place set apart in the atmosphere of Earth) was established. It was at this time that the Law of Compensation was put into effect in the belief that the recoil of the misqualified energy on the rebellious lifestream through suffering would discourage him in the misuse of the God-energy. It did not prove to be effective, however, and it was then that the span of existence on the Earth plane was shortened, the lifestream being withdrawn to the psychic plane for rest and refreshment, and returned, after a specified time, to the physical plane where he was required to resume his endeavor to attain the mastery he had come to attain, at the same time being given an opportunity to redeem the energy he had contracted for. Here it was that man's conception of so-called death entered the picture, the departure of the soul to the psychic realm being construed as the end of his sojourn on Earth forevermore.

You will understand then, beloved friends, that the inhabitants of the psychic plane are no farther advanced in spiritual knowledge than when they walked the way of Earth, although conditions there have improved lately in that we have established schoolrooms where they are taught the Law of Life, and Violet Flame Temples where they receive purification. However, every evolution in the entire universe is operated under a strict

tenet of wise Cosmic Law - not excluding man - and the embodied ego who, by means of the projected consciousness of himself or another, attempts to contact souls in the psychic realm for any reason whatsoever, subjects himself, as well as others he may influence in a like practice, to a severe karmic penalty. It brings great unhappiness to the souls abiding there - drawing them, by the magnetization of physical thought, toward that group of unhappy spirits known, until recently, as the 'Earthbound' - a state from which it is extremely difficult to extricate them. The only safe relationship between the Earth and the psychic plane should be prayers for the peace of the discarnate souls and the speedy transmutation of their karma through the Sacred Fires of Purification.

God bless you.

Children of My Heart:

As My Beloved Morya has said so often: "Oh, for more time, space and opportunity for the service We wish to render to the mankind of Earth!"

This week it is My pleasure to give you part of the report on this month's Transmission Flame Ceremonies as recorded by that same Beloved Son Who, I may safely say, never fails to take advantage of the time, place and opportunity to serve mankind when the time and circumstances permit.

May I wish you a Happy Eastertide, beloved children, and a speedy Resurrection into the consciousness of your own Beloved Christ Self.

Blessings and Love,

MAHA CHOHAN

Excerpts from the Beloved Morya's Report on the Transmission Flame Ceremonies held in the Resurrection Temple of the Beloved Jesus and Mary over the Holy Land, Saturday evening, March 17th, 1956.

Beloved Friends of Love and Light Eternal:

It is My joy, pleasure and honor to bring to you again the love and radiation of My own heart

and that of the entire Ascended Host, particularly on this day when the radiation, consciousness and outpouring of the Beloved Patrick is flowing so freely through the world of mankind.

Oh for enough time, beloved friends, to tell you all that We would! You see how necessary it is for you to gain your freedom over time, space and supply in this world of form. If you had complete freedom, We could get Our instruction to you quickly and promptly, and would not be compelled to crowd it into these short periods of time; but that will come as you endure, as your sincerity continues, and as you persevere with the purification activities both for yourselves and your planet.

Over the Holy Land, where the lives and experiences of the Master Jesus, the Holy Mother Mary and Our Beloved Saint Germain (as Saint Joseph) were enacted (as well as many of the apostles and disciples) there is situated the magnificent circular Resurrection Temple of which you have read in Our little journal (The Bridge to Freedom). This Temple is a focus of the power of resuscitation for the mankind of Earth as well as for the animal and nature kingdoms and all life expressions who care to magnetize it, apply to it, fly toward it, think about it and absorb it, by the power of thought, into their very selves.

The nature kingdom has used the power of resuscitation for many, many ages, and the Beloved Being, Hope, has used it to stir HOPE in the hearts of mankind in cooperation with the Beloved Maha Chohan and Amaryllis in the ushering in of Spring, that there is a Power of Resurrection as

demonstrated in the sublimation of the hulls of last year's growth.

Here within the Holy Land We have the Resurrection Flame. It is yours for the asking; it is Mine for the asking; it is for the slightest bird, the smallest violet and crocus breaking through the snow-covered Earth, as well as for the most earnest-hearted and sincere chela in the deepest recesses of the retreats of the world.

The beautiful Madonna is beautiful tonight in snow-white garments of shimmering, blazing light, banded around the skirt and full sleeves with a mother-of-pearl-like substance, and wearing the beautiful chiffon-like veil that She usually wears over Her golden hair. She has been moving through the various corridors giving acknowledgment, through the touch of the heart, head and hand, to the many great Masters, Devas and Angels who have gathered here for the ceremonies. She also pauses, when time and opportunity permit, to kiss the brow of a kneeling initiate or chela who is hopefully desiring the resurrection of the powers of his being, emotional stability, mental alertness, or perhaps health through the decadent flesh. Her ministration (when She turns Her attention toward anyone -- even the Masters) has that personal touch as if the one receiving Her attention were the only being in the universe as far as She is concerned. Her motherly embrace is one of Light.

While the Beloved Mary has been receiving, blessing and comforting Her many Guests, the Beloved Jesus, clad in shimmering white garments similar to those of the Beloved Mother, has been standing within the Resurrection Flame on the Altar, breathing it in, absorbing, expanding and

directing Its radiance for some time. The Madonna now joins Him in the center of the Flame, and Its radiation blazes forth, filling the seven circular chambers that surround the great central chamber with a brilliant opalescent-like substance something like the atmosphere which pervades the etheric realm.

Within each one of these concentric chambers (all of which contain groups of chelas and students) is a great Master Who is supervising the activity and watching the breathing process very carefully, making note of the individual who is intent on his own resurrection, but not projecting and directing the breath for the benefit of the masses. This grouping is separated one from the other at the end of the service; those who are willing to share the benefits received by close proximity to the Flame becoming active chelas of the Temple; the others, while receiving a certain happiness and freedom in their lives, do not have the joy of added service.

The Archangel Gabriel, also wearing pure, unrelieved white, stands in the atmosphere above the huge amphitheatre that has been erected by the Builders of Form to take care of the attending multitudes who have been drawn here, because almost every individual on the planet desires resurrection from something - fear, distress, sickness and limitation of one kind or another. The figure of the Archangel is cosmic in size; His radiation covering the entire Asiatic and European continents. It is considered very wise to have this focus in the Near East for many reasons. His radiance pours down over the massed multitudes in the amphitheatre with unsurpassed brilliance.

Your Cherubim, as well as other Guardian Cherubim and Seraphim, are enjoying a brief respite from Their activities in the physical world and are flying in and out and through the Resurrection Flame. They absorb Its radiance like a sponge absorbs water, and They retain it as long as Their evolution permits. They fly to the Flame daily and bring back Its radiance to you if you choose to ask Them. Unascended beings cannot enter the heart of the Sacred Chamber where the Flame is blazing, but the Cherubim can, and will bring back to you a feeling of buoyancy that will lift you above the cares and depressions of the physical world.

Beloved Hope, Amaryllis, and the Beloved Maha Chohan receive great enjoyment from the recurrent, rhythmic and systematic release of the Spirit of Spring, and are directing the Resurrection Flame into the Northern Hemisphere which will shortly manifest as plants and flowers. They often remain in the corridors during the service in the Resurrection Temple to give added impetus to Their activity in the kingdom of Nature.

Now, as We come close to the time of the actual ceremony, the Beloved Jesus and Mary are pouring Their combined radiance through the Resurrection Flame, while the assembled Brotherhood join in sending Their breath out over the whole Earth as ONE. The Beloved Gabriel is rendering the same service; the Maha Chohan and Beloved Hope are cooperating with the Nature Kingdom, and I am hoping that each student will feel, not only tonight, but during the entire month, the POWER OF THE RESURRECTION FLAME flowing through him.

I implore you, beloved friends, let us not

remain, month after month, in conditions of financial limitation, physical decay, emotional instability and etheric rebellions as if We had not come! Avail yourselves NOW of these powers! Come out into the Glory of the Light! Thank you and God bless you.
